

Stone Church Baptises 13

Last Sunday Children's Day was held at the morning service of the Old Stone Church. Thirteen children were baptized by Dr. Edwin D. Harvey, interim pastor of the church, with the aid of Mr. E. A. Cooper, senior deacon.

The children baptised were as follows: Paula Gale Andrews, daughter of Mr. and Mrs. Paul Andrews; Jerry Gordon and Joyce Irma Olson, son and daughter of Mr. and Mrs. Henry John Martin Olson; Robert Christopher Wood, son of Mr. and Mrs. Cyril Wood; Carol Wilson and Audrey Jane Redfield, daughters of Mr. and Mrs. Leslie Redfield; Clifford Frederick, Marilyn Lois and Norma Miller De Wolf, son and daughters of Mr. and Mrs. C. H. De Wolf; Thomas George Bowden, son of Mr. and Mrs. Alfred Bowden; Douglas Bowden, son of Mr. and Mrs. Douglas Bowden; Dorothy Shaw Johnson, daughter of Mr. and Mrs. Milton Johnson, and Henry John Graver, son of Mr. and Mrs. Henry J. Graver.

Previous to the baptism, Mr. Wallace Coker, clerk of the church, read the letter of acceptance of the Rev. Wm. H. Nicolas, as pastor of the Old Stone Church.

S. P. Bradley Succumbs At 78

Col. Seymour P. Bradley, 78, member of an old East Haven family, died Monday in Middletown. The body is now at Beecher and Bennett's, awaiting arrangements for the funeral, which will not be held for five days after his death according to instructions given by him.

Colonel Bradley was the son of the late Charles William Bradley and the late Sarah L. Tyler Bradley. His father was a blacksmith in East Haven 60 years ago. The Bradley homestead was located on the northwest corner of the present Eastlawn Cemetery. Colonel Bradley's father held many offices of trust here such as postmaster, selectman, justice of the peace, member of the Board of Education, and chairman of the Democratic town committee.

Educated in East Haven schools and a graduate of Hillhouse High School, Colonel Bradley entered the Sheffield Scientific School in the class of 1883. He studied civil engineering but did not graduate. He later became a teacher in the U. S. Military Academy at West Point, New York and also taught in New York State.

He was a member of David Humphreys Branch No. 1, Sons of the American Revolution. He was the last surviving member of the family. A sister, Miss Antoinette Bradley, who resided with him at 32 Burwell Street, died several years ago.

His ancestry goes back to some of the earliest families of East Haven, Branford, and Saybrook. The Bradley family was for years connected with Christ Church. Colonel Bradley served for many years at Christ Church as a vestryman, and there is a window on the east side of the church which is a memorial to members of the Bradley family.

Pipe Line Crosses Desert

An oil pipe line 1,200 miles long, from Iraq (Mesopotamia) crosses the desert to feed Britain's navy on the Mediterranean.

PROMINENT IN FIRST GRADUATION OF E.H.H.S.

The above students took a prominent part in the Graduation and Class Day Exercises of the East Haven High School during the past week.

Reading left to right: Robert Johnson, Class president; Robert Hartman, vice-president; Sylvia Abrams, secretary; Alfred Dohna, treasurer; Merritt Thompson, chairman Class Day Committee; Harry Kiernan, chairman Class Dance Committee; Truman Surprenant, chairman Class Ring Committee; Ralph Flynn, chairman Class Motto Committee; Daphne Young, chairman Class Flower Committee; Elwood Scobie, chairman Class Gift Committee; Grace Rocco, Editor-in-Chief of Class Book; and Gordon Stevens, Business Manager of Class Book.

BREVITIES

The Harry R. Bartlett Post, 89, American Legion, will hold their annual outing on Sunday, August 8.

The Sunday School of the Old Stone Church will hold their annual picnic at Lighthouse Point Park on Saturday, June 19. Trolley cars will leave the Church corner at 9:30 a.m. and return at 5 p.m. The feature of the day will be a baseball game between the married and single men.

The choir of Christ Episcopal Church will sponsor a card party on Thursday, June 4, at the home of Miss Charlotte Sperry, of 202 Hemingway Avenue, at 8 p. m., the proceeds to be used toward repairs to the church organ. The committee is as follows: Mrs. George Evarts, Mrs. Harold Boyd and Miss Charlotte Sperry.

At the final meeting of the season of Momauguin Lodge, No. 138, A. F. & A. M., Monday evening, a Master Mason degree will be conferred, after which those present will repair to the Legion Building for a social.

The East Haven Business and Professional Men's Association will not

7 Local Students Graduate From N. H. High School

Seven East Haveners graduated from New Haven High School last evening, June 17, with a class of 1100, in the Arena. They are: Miss Lois Miller, of 63 Bradley Avenue; Miss Marjorie Burgess, of 18 Bartlett Road; Miss Jean Rowland, of 383 Thompson Avenue; Miss Evelyn Thompson, of 99 Frank Street; Mr. Allan Chisholm, of 64 Bradley Avenue; Mr. Jack Colburn, of 32 Cosey Beach Avenue, and Donald and Robert Peat, of South End Road. Congratulations.

meet during July and August, but will resume meetings in September.

There will be a meeting of the Library Board on Tuesday, June 22.

There will be a meeting of the Board of Selectmen and the Board of Finance this evening.

The children of High, Sanford and Sidney streets and Tuttle Place, will sponsor their third annual outdoor party on Friday, June 25, on the

Christ Church Presents Festival

Tomorrow, June 19, the Christ Episcopal Church will hold a Strawberry Festival and Food Sale in connection with the 148th Anniversary of the Church. It will be held on the grounds of the Rectory, 60 High Street, from 3:30 p. m. to 6 p. m. If it rains it will be held in the Rectory.

The combined organizations of the Church are sponsoring this affair together with the president of each association heading the committee. Everyone is welcome to come, so turn out one and all.

lawn of Doctor Brinley in High Street. Among the many interests will be a food sale, music, entertainment, refreshments and door prizes.

Mrs. Forrest E. White, of Kimberly Avenue, spent the past week in Boston, Mass., attending the reunion of her class of 1919 of the Boston City Hospital.

Prairie Plant Is Compass

If you are ever lost out on the prairies a compass plant will help you. In exposed places its base leaves stand upright with their edges pointed approximately north and south.

Local Post Passes Inspection Service

The National Headquarters of the American Legion has originated an inspection service to check the activities of all posts and ascertain whether or not they are on their toes. This inspection is divided into five main groups as follows:— Post Organization, 10 items; Membership, 5 items; Americanism, 3 items; Community Service, 12 items; and Miscellaneous, 9 items. In all there are 61 questions which must be answered and all these represent individual moves and activities for the benefit of the Post and the town at large.

The Harry Bartlett Post, No. 89, American Legion, of East Haven, passed the test with a score of practically 100 per cent, the only activities not scheduled being rated as not effecting the efficiency of the organization. The Post has no junior baseball team, no musical organization and does not have any special initiation for new members.

The Post is to be congratulated upon the excellent showing made.

S. A. L. Hold Convention At Hartford

(From The Hartford Courant)

The first separate convention of the Sons of the American Legion in the state of Connecticut will be held in Hartford, Saturday, June 19, with Detachment Commander E. Gilbert Martino in charge of arrangements.

The convention will open at 9 a. m. at the State Capitol, with John J. Baird in charge of registration. At 10 a. m. an inspection of the State Capitol will take place with a tour of the entire building. The convention will be called to order by Detachment Commander Martino in Hall of the House of Representatives at 11 a. m. and the boys will be addressed by Department Commander William J. Miller of the American Legion and other prominent citizens. A box lunch will be served by members of Rau-Locke Auxiliary at 12:30. The Squadrons, following luncheon, will form on the Capitol grounds for a parade which will be reviewed at the City Hall by Mayor Spellacy and other city officials. Following the parade exercises will be held at the Shell in Bushnell Park. They will include massing of colors, salute to the flag, and remarks from distinguished guests. After these exercises there will be a Drum Corps exhibition by Sons of the Legion Corps.

Prizes are to be awarded to the best appearing squadron in the line of march, for the best all-Legion junior drum corps, for the best Legion sponsored junior drum corps, the best drum major, to the best all-Legion junior drum corp in competition and the best Legion sponsored junior drum corps in competition. The same rules will apply as at the department convention.

Habits of Beavers

When beavers are two years old they are driven from the family territory. This forced emigration occurs in the spring, just previous to the birth of the young to the parents. As a consequence of this, a beaver colony is necessarily limited to a maximum of 14 animals, since litters of more than six young are rare.

A PROPOSED ATHLETIC FIELD

The question of a Town Athletic Field has been brought up several times, talked over, threshed out, and then dropped. It is about time it was brought to a head and something definite done to secure this much needed field for the young athletes of the Town.

It would seem that a proper parcel of ground in the outskirts could be found available and could be purchased from some land-owner with a public spirit, who is land poor and possibly back a few years on his taxes.

We have, of course, the High School Athletic Field, but we believe that this should be confined to school activities only, in any case, it is too small to be of general use.

Altitude of Tennessee
The surface of the state of Tennessee descends westward from a maximum elevation of 6,800 feet at Mount Le Conte, near the North Carolina border in Sevier county, to 182 feet on the Mississippi river in Shelby county. The mean elevation of the state is approximately 900 feet. The general slope is west by north.

International Peace Garden
The International Peace Garden is located on the boundary line between the United States and Canada. It contains 2,300 acres of rolling hills, fertile and wood-covered, and dotted with lakes. Part of it lies in North Dakota, part in Manitoba.

The Eiffel Tower
The Eiffel tower was built as one of the central attractions of the great Paris Exposition of 1889. Its designer was the French engineer, Alexandre Gustave Eiffel—hence its name. After the exposition the French government decided to preserve it, and while it stands chiefly as a monument to engineering skill and an attraction for sightseers, it is also an important government station with meteorological observations and wireless telegraphy. The height of the tower is 984 feet.

Area of Turkey
Turkey has a total area of 294,492 square miles of which 9,257 are in Europe and 285,235 are in Asia.

The seven deadly sins are pride, avarice, lust, anger, envy, gluttony and sloth. These are often personified in medieval literature.

FOR RESULTS ADVERTISE IN THE CITIZEN

OUR ORGANIZATIONS

Highland P. T. A.
This week the last of the grammar school Parents-Teacher Associations makes its debut in the Highland School P. T. A. It was organized in 1932, at which time Mrs. Edwin Priest was its first acting president. They meet on the first Tuesday of the month and boast a membership of 50. Miss Mary Cunningham is honorary president. The prevailing officers are as follows: Mrs. Theodore Peters, president; Mrs. Richard Casey, vice-president; Mrs. Robert Urquhart, secretary and Miss Anna Didow, treasurer.

MEETINGS THIS WEEK
Today
Ladies' Auxilliary, Harry R. Bartlett Post 89, American Legion, 6:30 p. m. Legion Building.
Old Stone Church Choir, 7:30 p. m., Church.
Christ Episcopal Church Junior Choir, 4 p. m., Church.
Christ Episcopal Church Adult Choir, 8 p. m., Church.

June 21, Momauguin Lodge, No. 138, A. F. & A. M., Olson Building.
June 21, Young Men's Service League, Christ Episcopal Church, 7 p. m., Rectory.
June 24, Harry R. Bartlett Post 89, American Legion, 8 p. m., Legion Building.

Linotype

A backwoods mountaineer one day found a mirror which a tourist had lost. "Well, if it ain't my old dad," he said as he looked in the mirror. "I never knewed he had his pitcher took." He carried the mirror home and being rather ashamed of his dad's picture, he stole into the attic and hid it. But his actions didn't escape his suspicious wife. That night while he slept, she slipped up to the attic and found the mirror. "Hum-um," she said looking into it, "so that's the old hag he's been chasin'."

The meaning of the word "collision" was being explained by the teacher to the class. "A collision," she said, "is when two things come together unexpectedly." Immediately a small boy jumped up and said: "Please, teacher, we've had a collision at our house." "Whatever do you mean?" "Well, mother just had twins."

A big buck Indian had just ordered a ham sandwich at a drug counter and was peering between the slices of bread when he turned and said to the waiter, "Ugh, you slice the ham?" The waiter replied, "Yes, I sliced the ham." "Ugh," grunted the Indian, "you darn near miss 'em."

Meaning of Letters & s. d.
The letters & s. d. stand for the Italian words lire (pounds), soldi (shillings), and denari (pence), derived from the Latin words libra, solidus, denarius. The terms, says Pearson's London Weekly, were introduced into England by the Lombard merchants. Lb. is short for libra, a pound, and the plural in English should really have no "s," being simply lb. the same as the singular.

The United Illuminating Co. will tell you about their electric range at any time.

Small House Economy (Continued)
The vacuum-vapor heating system is more flexible than other heating systems, and has many advantages over them, including economy of operation. The system operates on vapor which arises before the water reaches the boiling point at a pressure of 8 ounces or less, whereas a steam system operates on from one to 5 lbs. pressure.

From this it can readily be seen that heat is obtained quicker and at less expense for fuel than with steam where the water must be at 212 degrees or above. Vapor heat is not as hot at the radiator as steam and this difference is made up in the size of the radiators where the cost is somewhat higher. Pipe sizes are smaller and some saving is made on this item but this is eaten up by the cost of the special patented valves.

Radiator sizes for vacuum vapor are larger than for steam and smaller than for hot water. Heat may be regulated at the radiator and the regulating valves are at the top in lever form whereas in hot water and steam the valves are at the floor and difficult to reach. Steam is a dry heat, comes quickly and disappears just as fast, vapor heat is damp heat, comes very quickly and holds longer due to the vacuum which is created.

It is so delicate that it lends itself readily to the oil burning unit and the delicate controls so necessary to perfect and economical operation. Domestic hot water may be obtained through the medium of a Taco heater the same as with steam.

Radiators are usually bronzed as this is the easiest method and stands wear the best. It is now recognized that bronze, especially aluminum is an insulator and therefore a heat loss. This condition along with the idea of harmonizing the color of the radiator with the woodwork, is responsible for the trend toward painting radiators.

The Gyro Compass
The gyro compass that is used on the bridge of ocean liners is a wheel weighing 60 pounds and revolving at the rate of 6,000 revolutions a minute. Its principle was adopted from the gyro tops used by children. It always points to the true north.

E. H. H. S. Track Team Concludes Its First Season

Team To Return Next Year, Minus Stevens
Copperhite.

By Gordon Stevens, Sports Editor

The East Haven High School track team competing for the first time in the Housatonic Championships, defeated Branford, Milford, Seymour, and gained for itself an enviable reputation. In the trials for the one hundred yard dash both Bruce and Bahnsen gained first place without much effort. When they were summoned to the post for the finals they faced the best that Stratford, a class A school, Foley of Derby, the favorite, and two flashes from Seymour. In spite of the obvious insuperability of the odds, Bruce swept to victory, closely followed by Al Bahnsen. The time, 10.1, speaks volumes as regards the championship calibre displayed by the two East Haven runners.

This performance was duplicated in the 220, both Bruce and Bahnsen winning their heats without much effort. In the finals Bruce again mastered the situation with a 22.3, 220 yards. Bahnsen was pocketed but managed to get loose and place third.

Gordon Stevens, who is on his way to becoming one of the best 440 runners in the country, treated the crowd to another of his astonishing quarters; here as elsewhere he started out at a sprinting pace and did not diminish his speed until he had flashed across the line before the highly touted stars from Stratford, Derby and Branford.

A hastily formed relay team composed of Grasso, Buchele, Brown and Callahan garnered a third place for itself after a thrilling race in the 880.

Al Beebe was well on his way to a place in the mile when a stitch made it necessary to stop or suffer grave consequences. Captain Robert Copperhite in a mighty effort to score in the strenuous discus event, wrenched his side. Bill Thompson, competing for the first time, made the State's best weight men throw to new records before he was vanquished.

The High School track team has concluded its first year of existence with a record that very few schools with extended careers can claim. This is more remarkable when it is considered that the boys had no track upon which to practice. But patiently every day the boys appeared to, subject themselves to training under the coaching of Mr. Matthew Tierney, Dean of boys in the High School. The nucleus has been formed and next year should find East Haven carrying the championship career it initiated this year.

With the exception of Gordon Stevens and Robert Copperhite the team of Ed Bruce, Al Bahnsen, Rob Buchele, Ed Munson, Al Beebe, Geo. Mild, Gordon Brown, Frank Lecza, Geo Blanch will return next year.

East Haven was defeated in track 49-50 by Branford Wednesday. Copperhite lead with 11 points for East Haven and Bruce and Stevens were next with 10 points each.

A victory over Milford will throw the league into a three-way tie with Derby, East Haven and Seymour. Derby is leading the league.
Derby 8, East Haven 3
In a game that seemed to have a jinx for East Haven, saw the locals go down to defeat. Derby scored early in the game. Hanson went in and did a good job of relief work. Figie was injured stepping down to second, after hitting a two-bagger. Lizzie then went in at catch and did a very good job. East Haven did not seem to come out well in the pinches. They landed men on the bases but failed the punch to bring them across the home plate.
East Haven in 11th
Although they held the lead until the 7th inning, East Haven was playing slow ball. When Branford gained the lead in their half of the 7th they held it until the last of the 8th when East Haven tied the score. In the 11th inning, Branford's slugger lifted a high one over Thomson's head. He raced backward, shot his hand in the air and fell to the ground holding the ball that might have meant the game. In the last half East Haven pushed men on second and third and later scored on Naimos wild peg.
East Haven Takes Moodus 14-3
The East Haven town team won from Moodus last Sunday on Olson's field by the score of 14-3. King started for the locals but gave way to Moore in the second inning, Moore bearing down only in the pinches, hurled five hit balls, while the townies were able to get to Sawyer for 15 safe blows. The two DeFillippo boys did the heavy hitting for the townies, getting eight hits between them.

HIGH SCHOOL NOTES

Closing Day Exercises

The three eighth grades of the High School, Union, Tuttle and Gerrish will hold their graduation exercises in the high school auditorium this afternoon at 2:00 p. m. The exercises are as follows:
Group of songs by chorus—"Finlandia," Sibelius; "Southern Melody," "Swing Low, Sweet Chariot," "Go Down Moses."
Song, girls, "Trees," Rasbach.
Once act play, "The King's English." A phantasy by Herbert Bates. Scene: a tropical island in the South Seas. Time: the present.

Characters—Ripley O'Rannigan, king of the Western Shores, Mark Moore; Sokka Wagga, his attendant and messenger, Victor Morrone; Loola, his lovely daughter, Betty Miller; Kawa Koo, cannibal kind of Eastern Shores, Selman Leshline; Warra Koola, butler to O'Rannigan; John Olson, a guard, serving Kawa Koo, Donald Hennessey; Silas Q. Pudkins, a man who makes money, Henry Upson; Montgomery Van Renselar Smythe, the Marshall Arnold; hard-boiled Mike "of de Gas House Gang," James McCarter; Baxter B. Brashtey, champion salesman, Gerard Freer; Professor Carleton Purley Patterby, George Movak; Richard Willis, a chap of the right sort, Carleton Harrison.

Presentation of promotion certificates and awards, Mr. William E. Gillis.
Awards—Prize essay in Eighth Grade Contest on "The Value of Music in the Schools," Betty Miller. Certificates for test in music appreciation. Certificates for outstanding performance in physical education.

A large number of students are planning an outing to Rye Beach on Saturday, June 18. Mr. Albert Knox has made arrangements for transportation. Several of the Faculty will go.

The Sophomore Class recently conducted a roller skating tourney at Mansfield Grove. The class also arranged and enjoyed a social last Friday evening. Miss Daisy Geenty was in charge of both.

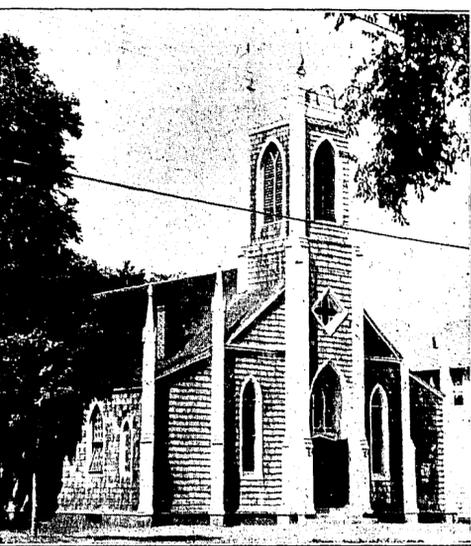

The members of the senior class assembled in the gym last Wednesday evening for a senior social party. Harry Kiernan was in charge. Music was furnished by Joe Tansey and his orchestra.

Biblical Land of Goshen
The location of the biblical land of Goshen cannot be positively identified, but it lay somewhere on the eastern border of Egypt. The Egypt on our maps, however, is not the Egypt of the Pharaohs. Ancient Egypt consisted only of the Nile valley, the Fayum and the Delta—a long narrow strip of land watered each year by the inundations of the Nile river. The land of Goshen was located somewhere between the Nile Delta and the Isthmus of Suez, not in ancient Egypt proper, though it was under the jurisdiction of the Pharaohs.

Curls on Head of Buddha
The Great Buddha at Kamakura, Japan, wears 830 curls upon its majestic head; these curls, according to legend, represent snails which once crawled upon the original deity to shelter his bald head from the sun.
Take advantage of the Fathers Day offers in this week's advertisements.

CHRIST CHURCH TO OBSERVE 148th ANNIV.

SOCIETY FORMED IN 1788

CHRIST EPISCOPAL CHURCH

By Mrs. Alfred Clark
The parish of Christ Church is commemorating its 148th anniversary on Sunday.
As early as 1788 an Episcopal Society was formed in East Haven, and a year later part of the present structure was built.

In 1810, Bishop Abraham Jarvis, the second Bishop of Connecticut, dedicated the Church, setting it apart as a place of worship. At two different periods additions were made to the original building. In 1845 the "Queen Anne" tower was added and in 1867 the church was completed to its present capacity. The Church stands a monument and witness to the sturdy untiring faith and loyalty of men and women who since its beginning have labored in loving sacrifice and devotion. In this Church today are used the same prayers and hymns, Litany and Chants which gave strength and courage to the first century Christians, the early Church Fathers and Martyrs, as well as to those whose memorials are visible in stained-glass, silver and brass and oak. Christ Church is a link in the great Episcopal chain encircling the world, which started in Jerusalem, entered Britain in the first century and crossed the Atlantic to establish a very vital devotional and spiritual part of the Christian life of America.

"Cootie" From "Ecoutee"
The word "cootie" of trench war days is said to have originated when a French soldier, holding one up to an American, began explaining it with "Ecoutee," meaning "Listen," but the American, not knowing French, thought he named the little pest, and a "cootie" it became.

Octopus Loves Freedom

The octopus may look like a tough customer, but it can't stand captivity. The curator of the Honolulu aquarium reports that while delicate sea creatures may live to be old and feeble, the octopus usually dies after a short time in captivity.

Golden Gate Fair Extends Welcome

Standing before a giant facsimile of the great seal of the state of California at Sacramento, Zoe Dell Lantis, pretty 1939 Golden Gate International exposition "pirate girl," extends an all-embracing gesture of welcome to California visitors and an invitation to walk the gang-plank leading to "Treasure Island," site of the exposition in San Francisco bay.

The Hat-Box

The Coronation Halo
Just now the "Coronation Halo" is very much in the lead and in great demand. They are shown in so many, many models and colors, that practically any age can find one suitable. Millinery made with headsized bands makes them fit perfectly.

The halo hats are made of tucked, ribbed, plaited and corded soft silk crepe and taffeta. They are so soft, that they are most pleasingly becoming. Some are trimmed with jewels and some with twisted ribbon.

Some of the better types have two or three fitted bands across the top from front to back, with openings to show the hair.

These little halos are nice for riding, boating and sporting in general, for they hold the hair securely in place. They are so popular, one might call them a fad.

The Tree Fish

Among the strange creatures in Australia is the mudskipper. It swims, walks on land—why it even climbs trees. The fish, found in rivers of Northern Queensland, are generally about 10 inches long. A real freak of nature, they have lungs in addition to gills. Their thick front fins are about the shape and size of frogs' legs. On these they walk. A mudskipper usually goes ashore pursued by a crab, its mortal enemy. To escape, it ascends the roots of a mangrove tree, many of which grow near the shore. Thus it gets another name, "mangrove fish."

Held Funerals for Cats
Among the Egyptians cats were embalmed, funerals were held for them, families went into mourning and there was a death penalty for any one who deliberately killed a cat.

Grandma's Cook Book

Most any kind of pie is popular among the men, and so this week we give you a very delicious pie recipe.

Cocoanut Caramel Pie

(All measurements are level)
Three-fourths cup sugar
Five tablespoons flour
One-fourth teaspoon salt
Two cups milk
Three egg yolks (slightly beaten)
One-third cup sugar caramelized
One tablespoon butter
One-half teaspoon vanilla
One baked 9-inch pie shell
One-half cup cream, whipped and sweetened
One-half cup cocoanut
Combine sugar, flour and salt in top of double-boiler. Add milk and egg yolks, mixing thoroughly. Place over rapidly boiling water and cook ten minutes, stirring constantly. Remove from fire, but allow to remain over hot water. Caramelize sugar by placing one-third cup sugar in iron skillet over medium flame, stirring constantly until melted and straw-colored. Add at once to thickened mixture, stirring until blended. Add butter and vanilla. Cool, turn into pie shell. Garnish with a ring of whipped cream and sprinkle with cocoanut.

Fred Astaire At Capitol

"Shall We Dance," with Fred Astaire and Ginger Rogers, the musical everyone has been waiting for, will play the Capitol Sunday, Monday and Tuesday of the coming week. The story concerns a young American dancer (Fred Astaire) in love with a Yankee revue favorite (Ginger Rogers). In one number Miss Rogers and Mr. Astaire present a novelty dance on roller skates. Edward Everett Horton and Eric Blore need no introduction as the supporting cast.

On the same program is "The Man Who Found Himself," with John Beal and Joan Fontaine. A single and newsreel round out the program.

Lake Magadi
Lake Magadi, situated near the extinct volcano Kilimanjaro in East Africa is thirty miles long and eight wide. It is fed by waters carrying the soda in solution. As soon as the water runs into the lake, the sun evaporates it, leaving a precipitate of soda, and the deposit accumulates faster than it can be removed.

Indians Used Perfumes
The Blackfeet Indians of olden days used a number of perfumes, sweet grass being the most popular among the women. They also used beaver musk, red cedar, punk from the cottonwood tree, buds from the balsam poplar and dried blossoms of dog fennel and meadow rue.
