East Haven High To Face Housatonic Valley Reg. In CIAC Play-Down Mon.

East Haven High, boasting a rating of 1,100, occupies the top of the Class M qualification heap for the C.I.A.C. (Connecticut Interscholastic Athletic Conference) basketball tourney to open next week.

As such, the Eagles will be paired off against 13th ranking Housatonic Valley Regional High in a play-off next Monday night at 9:30 in the Payne-Whitney gym. After that, if the Crisafimen are not upset, they will move on to the quarter finals, the semi's, and the final game.

Couch Frank Crisafi will enter his winning combination headed by his prize forward and shooter, Tony Massari. Assisting will be Henry Hefferman; Paul Wisninski, center; "Red" O'Mara, who generally plays forward; Ted Sullivan, Tom Bowden, Hank Luzzl, Jim Narracl, Mike Paolillo and Bob Davidson. Also on the bench will be Richard Ezold, Ralph Castellon, Joel Gustafson, James Stretto and Joe Mellillo.

Here is how the contenders in this class stack up rating-wise.

Rank	Team	Rating
1.	East Haven (24-0)	1,100
2.	Enfield (11-2)	938
3.	Wilcox	847
4.	Gilbert (12-5)	839
5.	Plainville (13-4)	824
6.	Newington (13-6)	811
7.	Southington (14-5)	811
8.	Stonington (9-5)	767
9.	Darien (11-4)	767
10.	Killingly (13-7)	753
11.	Windsor (13-7)	710
12.	Wallingford (11-5)	686
13.	Housatonic Valley Regional (10-7)	638
14.	Goodwin Tech (7-6)	557
15.	Rockville (11-10)	558
16.	Derby (6-6)	520

Here is how the teams are paired off for the play-downs which will be held on Monday, Wednesday, Thursday and Friday of next week.

East Haven — Housatonic Valley
Enfield — Rockville
Wilcox — Wallingford
Gilbert — Killingly
Plainville — Darien
Newington — Derby
Southington — Wallingford
Stonington — Goodwin Tech.

John A. McLoughlin New President Of Glenmoor Assoc.

John A. McLoughlin, Jr. of 81 Glenmoor Dr., was installed as president of the Glenmoor Civic Association in ceremonies opening a new year of activities last Wednesday.

Representative Thomas O'Toole of Massachusetts, a cousin to the new president, was guest speaker at the installation held in the Rivoli House in New Haven. Rev. O'Toole praised the local group saying "such civic organizations as evidenced here are promoting good government and civic responsibility."

Other officers who were installed are Charles Fischer, vice president; William Withington, secretary; and Alfonso Carrano, treasurer. The new president was presented with a gavel by the outgoing president, Jerome H. Grady. Before the installation the outgoing officers, headed by Grady, were honored at a dinner. They include Rocco D'Eugenio, vice president, and Peter Crocco, treasurer. Larry Fusco and Thomas Patrick Henry acted as welcoming committee. Entertainment and refreshments followed the short installation meeting. Edward Brunell and Joseph Carton were in charge of the evening's social activities.

Driver Claims Fell Asleep In Accident On Main St. Fri.

A local driver, who told police he had fallen asleep at the wheel when the car he was driving struck the rear of a parked vehicle early Friday morning, was booked on charges of violation of motor vehicle laws.

The driver was Edward J. Simon, 32, of 63 River St. His car struck the rear of a car owned by Laura E. Onofro, which was parked on Main St. in front of Tommy's Furniture House. Estimated damage to Simon's car amounted to between \$600 and \$700 worth.

The accident was investigated at 2:25 a.m. by Police Officers Frank Konesky and Anthony Pascarella.

Firemen Here Have Highest Start-Pay Work Most Hours

East Haven firemen have the highest starting pay of men in this field in seven area towns, but at the same time, are the only ones to work a 63-hour week, according to a report by the Connecticut Public Expenditure Council.

The report revealed that only five of the seven towns had paid fire departments while all had paid police departments of varying size.

Police patrolmen in Hamden start at \$3100 and can advance in this field to \$3600. New Haven has the highest starting salary at \$3303 and Milford has the top maximum scale at \$3850. Hamden and Milford are the only area towns which pay the full cost of police uniforms while the City of New Haven also engages in this policy with other towns paying only a percentage of the cost.

Hamden's starting pay for firemen is \$3500 and the maximum is \$3900. East Haven has the top starting pay at \$3350 and Milford has the top maximum at \$3850. Milford pays the full cost of fire uniforms, Hamden pays 50% of the cost. New Haven pays 75%. West Haven pays \$100 and East Haven pays \$40. East Haven's Fire Department works 63 hours a week and all other four area fire departments work 56 hours a week. Hamden's annual vacation ranges from two to three weeks. West Haven, Milford and New Haven have two weeks vacation and East Haven has one week. New Haven has 15 days sick leave annually. Hamden has 12, Milford has unlimited sick leave and the other two towns have no set policy.

Police departments in Hamden, West Haven, Branford, Milford and New Haven work 40 hours a week and departments in North Haven and East Haven work 48 hours a week. Hamden, Milford, New Haven and West Haven have two week vacations. North Haven has 12 days, East Haven has one week and Branford has five days. (Editor's note: Since the Council made its survey the East Haven police have gone from a 48 to a 40-hour week.)

Hamden has 12 days sick leave annually, as does Milford, while New Haven has 15 days, West Haven and Branford 10 days and North Haven has unlimited sick leave while in East Haven, sick leave is at the discretion of the Board of Public Safety.

New Haven has the largest area police force with 397 men. West Haven is next with 55. Hamden has 53, Milford has 45, Branford has 34. East Haven has 13 and North Haven has 12. The 347-man New Haven Fire Department is also largest in the area followed by Hamden with 58, Milford with 51, West Haven center with 32 and East Haven with 14.

Library To House C D Medical Supplies

Use of the basement of the Haganum Memorial Library as a medical supplies center for Town Civil Defense was approved by the board of directors at a meeting this week.

Awarded Bronze Star

Lt. Col. Harold E. Burritt (right) of East Haven, is congratulated in Tokyo by Colonel Edward W. Sawyer, commander of the Japan Procurement Agency, after receiving the Bronze Star Medal for meritorious service. Burritt, whose wife, Florence, lives at 15 Tuttle Pl., East Haven, is the son of Mrs. W. R. Cornell, of Short Beach. Now chief of the agency's Tokyo district office, the colonel distinguished himself in Korea as commander of the 4180 Quartermaster Base Depot's reclamation and maintenance center from January to November 1953. In the Army since 1942, Colonel Burritt arrived overseas in January 1953. —(U. S. Army Photo)

Winning Smiles

These are genuine smiles decorating the faces of East Haven High Coach Frank Crisafi and his unbeaten basketball team. The Yellow Jackets won their 24th and final straight win Tuesday night and are now preparing for the C.I.A.C. tournament play-downs next week. Left to right are: (standing) Coach Crisafi, Michael Paolillo, Henry Luzzl, James Narracl, Thomas Bowden and Ted Sullivan; (kneeling) Henry Hefferman, Joseph "Red" O'Mara, Anthony Massari, Robert Davison and Paul Wisninski.

Mautte Favors Emergency Room

State Rep. Adelbert C. Mautte this week went on record as favoring the establishment of an "emergency room" within the Town limits for the purpose of providing treatment for persons injured in accidents, auto or other kinds.

Mautte said he was "convinced of the need of an emergency room to handle local injuries" — now totally dependent on outside agencies, and favored the securing of facilities for this purpose in the Town.

The Republican legislator said that he felt that facilities might be provided under some such arrangement as was suggested in an editorial which appeared in an issue of the NEWS last December 10. The editorial had suggested the possibility of the Town subsidizing the establishment of a medical aid room in one of the local convalescent hospitals. It reasoned that the Town could not afford to build its own facilities, and that such an arrangement might permit a 24-hour service for people in need of immediate medical attention.

The idea of an emergency room, since it was advanced, has brought comment only from a few locally. Bartel Klockers, and one or two other members of the Board of Public Safety, had expressed interest in the editorially advanced proposal. However, no action or discussion ever took place on the matter.

Mathew Anastasio, operator of the Linden Convalescent Hospital, reported after an inquiry over the feasibility of such a project that certain technical and legal requirements cast doubt upon it.

Plant To Convert Garbage Into Fertilizer Is Suggested

If East Haven is ever faced with the problem of disposing of its own garbage, it might consider settling up a chemical treatment plant. The suggestion was advanced this week by Selectman Frank A. Barker, who said that an estimated cost of such a plant was around \$50,000.

The Republican selectman told the NEWS that a chemical and heat treatment plant of this type would convert garbage into saleable fertilizer. The proceeds of which might offset partially the cost of operation.

In any event, he said, when the time comes for the Town to handle its own disposal problem, it is unlikely that East Haven can avoid increased costs in such disposal.

Barker, who, as former first selectman, once had to handle the ticklish problem now confronting the present Town administration, said he had obtained information on such a plant and its cost from a New Jersey firm. This was in the course of a study of the problem of garbage disposal.

The selectman said that he would defer any statement of opinion regarding the proposed repurposing of a garbage control ordinance until after a public hearing on the matter scheduled for Monday, March 9.

Sees Future Problem

If such an ordinance, prohibiting the bringing in of garbage from outside Town limits for disposal here, is enacted, he said, he had no doubt that it might eventually be followed by a situation in which East Haven, unable to rid itself of garbage by outside contractor, will have to arrange for its own disposal.

At present the Town is under a \$21,400 contract with Joseph Ruggiero, of North Haven, for removal of garbage and disposal of non-organic refuse which is disposed of at the Town dump. The contract ends next September 30. Because the contractor derives a by-product, that is the feeding of livestock which is later sold at market, Barker said, it is doubtful that the Town could do as cheaply in disposing of its own refuse. The proceeds from fertilizer sales might help to defray some of the cost of operating the suggested plant, he said.

The \$250,000 figure contrasts with a \$75,000 - \$100,000 (misprinted as \$75,000 - \$100,000 in last week's issue) figure advanced by the present administration as a possible cost of an incinerator.

It was under Barker's administration that a Town meeting passed an ordinance prohibiting the bringing in of garbage. The law was declared invalid by Court of Common Pleas because it was not passed by the Board of Selectmen in accordance with the general statutes. Foxon Park property owners who have been unremitting in their efforts to reduce what they term nuisances of the

Plant To Convert Garbage Into Fertilizer Is Suggested

operation of a pig farm by Pasquale Mellillo in that area, have demanded that the Board of Selectmen reenact the law to make it valid.

Elderly Woman In Good Condition After Fall Mon.

An elderly woman who was injured in a fall on the upper part of Bradley St. near the upper Laurel St. intersection is "recovering nicely" after emergency treatment at New Haven Hospital, neighbors report.

Mrs. Minnie Potvin, 76, of Viking St., received a severe cut over the right eye when she had an accidental fall on the pavement. The jar of the fall knocked her unconscious.

Neighbors who found her, called New Haven police, who then notified East Haven police at 1:44 p.m. Officers Walter Heck and William Mahoney were dispatched, and they helped neighbors make the woman comfortable until she could be moved by ambulance.

The Police officers reported that the woman had suffered from loss of blood.

Pupils Increased 50 P.C. In Ten Years, Report Shows

On October 9, last year, there was a total of 3,077 children in East Haven schools, according to the annual report of the Superintendent of Schools which was filed recently with the office of the Town Clerk for inclusion in the 1953 town report.

The report broke the figures down as follows in the elementary schools: Momauguin, 276; Gillis, 317; Tuttle, 322; Union, 281; Gerrish, 358; Laurel, 169; Highland, 322; Foxon, 139; South, 48; and Old Stone Church (rented by the Town), 95. The total is 2,317 children in grades kindergarten through seventh grade.

In the High School the grade-by-grade breakdown was: VIII, 176; IX, 153; X, 153; XI, 150; XII, 129 for a total of 760.

Listing enrollment totals for years 1944 through 1953 the report showed that in the ten-year period the number of children in the local schools rose from an 2,000 to its present figure or a net increase of 1,077 amounting to more than 50 per cent of the 1944 figure.

The report listed enumeration totals for the seven years 1946 through 1952 and showed for the latter year a total of 4,039 children between the ages of three and 17. In 1940 the figure was 2,742. Thus

Cites Auditor's Report To "Set Record Straight"

"Just to set the record straight" Republican Selectman Frank Barker this week turned to the recently completed auditor's report of Town finances to cite several figures to substantiate some claims he had made in his own defense last month.

The statements were made in answer to a "frenzied financing" charge leveled by First Selectman Frank S. Clancy. Barker asserted then that a claim by Clancy that "\$7,000 worth of checks bouncing around" was a "plain untruth."

"There was \$10,000 due the general fund in a savings bank," Barker said at that time, "and approximately \$25,000 in other funds that were temporarily transferable."

This week Barker pointed to the auditor's report. It showed, he said, exactly \$10,344.80 due the general fund and \$26,503.78 in the capital fund on deposit as of last September 30.

The same report showed, Barker said, a cash overdraft of \$2,993.44 in checks, in contrast to the \$7,000 claimed by Clancy. Accounts receivable, he had estimated to be around \$18,000, Barker said, whereas the auditor's report showed them to be \$19,996. Minus the \$2,993.44 overdraft it left a balance of \$17,002.56, he concluded.

The claims by either side were (Continued On Page Two)

Sign School Contracts Monday; Hope To Start Construction At Once

Non-Conformance May Jeopardize Redevelopment

Excessive grants of variances to the Town zoning codes to permit non-conforming usages of property may jeopardize plans for the future redevelopment of Bradford Cove. That "word of caution" was directed at the Zoning Board of Appeals this week by D. Charles Beausoleil, executive director of the local Redevelopment Agency.

Beausoleil stated that "the government has cautioned us that, if we don't uphold our zoning laws to the satisfaction of the director they might withhold funds for redevelopment." He told the NEWS he was referring in a letter from the national director of housing and home finance in the Slum Clearance and Urban Redevelopment division. The letter, he said, had been received about two weeks ago.

The local director said that he had become concerned over the number of variances which had been granted by the local Zoning Board of Appeals. Particularly, after last week when the board announced approval of all five petitions for non-conforming usages.

One of the petitions granted was that of James J. Cannan, of 255 Short, Beach Rd., to build a 68 by 28 foot cinder block garage to store construction machinery. At a prior hearing, Beausoleil, appearing as a private citizen and as a property owner, expressed his opposition to Cannan's petition. He stated that the Town had a zoning map to follow and that it ought to adhere to it. He pointed out that a new zoning map was being prepared, under behest of the Redevelopment Agency and that it was vitally important that zoning, present and future, be preserved for the general welfare of the Town.

Text Of Building Committee Report

"The elementary School Building Committee is happy to have come to a point in the East Haven School Building Program where it can ask the Townspeople to vote for the appropriations necessary to proceed with the construction of the new Gerrish and Foxon Schools and the Momauguin School additions as authorized by vote of the Town meeting of May 18, 1953.

"At that time the committee was instructed to plan for two eleven room schools, plus all purpose rooms for Gerrish and Foxon and a three-room addition and all-purpose room for the Momauguin school. Accordingly the committee accepted plans for these buildings as designed by the firm of Shilling & Goldbecker, architects. These plans were put out to bid in December and January. The bids for Gerrish and Foxon were opened and read at a public meeting on Dec. 29, 1953. The bids for Momauguin were opened and read at a public meeting on Jan. 19, 1954.

"After careful study of all bids, the lowest bids were reviewed for possible further reductions. All practicable adjustments were made and a report was then submitted to the Board of Finance for approval. Three joint meetings of the Elem. School Bldg. Committee and the Board of Finance were held and a mutual agreement on the adjusted costs of the schools was reached.

"The school construction costs, cost of equipment, contingency fund and the amount needed for the retiring of notes drawn for architect fees and purchasing of school land sites were incorporated in one budget for the proposed bond issue. The total proposed budget to be appropriated is as follows:

The report went on to list the cost figures for the several construction projects. Briefly they were:

\$814,528	for the Gerrish and Foxon Schools
\$176,655	for the addition to Momauguin school
\$3,000	fund for rock removal at the Foxon school site

(Continued On Page Two)

Plans For Schools Accepted By State

Application for grants-in-aid for two eleven-room elementary schools and an addition of three classrooms and an all-purpose room to the Momauguin School have been accepted by the State, it was reported today.

Next Monday, providing there are no hitched, and none are foreseen, the Elementary School Building Committee and Town officials headed by First Selectman Frank Clancy are scheduled to meet with the contractors to sign the final construction contracts.

George Letts, chairman of the Building committee, said he "hoped" that the contractors could begin work on the same day. He said it might be possible to give them notice to proceed immediately with the work.

On Wednesday Town Counsel Richard L. Reilly met with the architects, Shilling and Goldbecker, for the purpose of drawing up the final wording of the contracts which will be signed next week. Action followed approval of bonds in amount of \$1,100,000 at a special town meeting last Thursday evening.

Work will begin on the Foxon site, located off Route 80, the Gerrish site, located across from the present Gerrish Ave. School, and the Momauguin addition to be on the south side of the present school as soon as possible.

Despite a one-man attack of criticism of the elementary School Building Committee, appropriation of the sum of \$1,100,000 and authorization of a bond issue for that amount to finance construction of two 11 - room elementary schools and an addition were voted unanimously at a special Town meeting, approximately 100 persons last Thursday evening.

The hour - long meeting contrasted with other Town meetings in past months when the High School auditorium was fairly well filled with proponents and opponents, first of the original issue of 6-3-3 versus 8-4 systems, and later on confirming the present building program and turning aside demands for an alteration to provide more classrooms for Momauguin.

The attack was launched by Walter Kane of 12 Minor Rd., a long - standing foe of the School Committee. He heaped criticism upon the heads of the committee members, particularly with regard to a refusal of requests for additional rooms to those allotted for the Momauguin School addition.

Actually, refusal to change an authorization of three classrooms and an all-purpose room to the Momauguin School was the responsibility of the former Board of Education. Of the Building Committee, only Letts was a member of that board, which turned down a request for an enlargement of the addition.

Kane also criticized the committee on general grounds expressing his lack of trust in its ability and its integrity and called it "biased."

"Told You So"

At one point, Kane asserted that "I could have started out with 'I told you so' but I won't." He was possibly referring to his statement at the May 18 town meeting which authorized the planning for two 11 - room elementary schools and the Momauguin addition. "No \$390,000 will build an 11 - room school," he had said. Under the authorized appropriation the two schools will cost a total of \$814,528 compared with the \$760,000 authorized at the May meeting.

Letts, as spokesman for the Building Committee, then rose to read a report of the committee and to offer a resolution which confirmed the present membership of the body, which authorized it to spend the appropriated money for the new schools and addition, with the approval of the Board of Finance, and to enter into contracts for building and equipping these schools.

Withdraws "No"
When the resolution was put to a voice vote Kane shouted his "No!" In a single vote of opposition. At this point Richard Reilly, town counsel, rose to ask that a count of hands be taken. He said that the bonding attorneys generally required a count of those for and against a bonding issue when (Continued On Page Two)

Town Emergency Room? II

Some weeks ago these columns raised, under this same editorial title, questions regarding the possibility of setting up a Town emergency room to provide first aid for persons in need of medical attention. Many steps were probably taken care of on the spot and would not need additional attention.

It was also suggested that a working arrangement be obtained among the Town's several doctors to ensure the availability at all times of professional medical service. The editorial prompted some comment. One member of the Board of Public Safety recalled a prior attempt by that board to secure some kind of agreement among the Town doctors. Two or three other persons commented on the desirability and feasibility, but that was as far as it went.

That editorial pointed out that East Haven is still very much dependent upon New Haven facilities and its ambulance service in times of emergency. The Town once had its own ambulance, but it never turned out to be much of a convenience because, as reported, it was not possible to staff it with a trained attendant.

This suggestion was advanced: that the Danagun ambulance service or any others might set up a station for one ambulance which could serve, and would be quickly available in the area southeast of New Haven - the Annex, East Haven, Branford, etc.

Now it is possible that a local emergency room, ambulance station, or other local facility would involve too much expense and trouble. But it is a matter worth investigating as long as traveling into New Haven continues to be as time-consuming as it is now.

The Purge: American Style

The following editorial is reprinted from the Hamden Chronicle. The opinion is identical with our own. Ed.

First it was the scientists. When the infundation campaign against them had made suc-

Wins Legion Oration Contest

Scientist headway so that it discouraged the foremost men in the field from entering government service after the atom attack was forfeited to the educators. Then it was the State Department, and next anyone in government service.

In all instances the attack was on the same plane. Wild and reckless charges against a man's character, integrity and loyalty to his country, frequently based on nothing more than a personal dislike for him.

Victims of these character assassinations included General George Marshall, the entire Truman administration and Governor Earl Warren, to mention a few.

In each case the victim has been accused of traitorous conduct. He has been tried publicly without the benefit of our laws that are designed to protect the innocent. Accusations by anonymous persons are given the same credence as reports that are substantiated by facts. General Marshall is called a traitor. The previous administration is accused of seeking a defeat for our own armed forces in Korea.

Governor Warren is called a 100 per cent conformist of the Marxist line.

Now the United States Army is being purged. High ranking officers who fought valiantly in World War II are called a disgrace to the uniform, and the entire Army that was so recently engaged in a deadly conflict with the Reds in Korea is accused of colluding with the Communists.

Senator McCarthy has refined the purge technique used so successfully by the Communists. His tactics have more finesse than those used behind the iron curtain but the results are the same - fear and suspicion are now running rampant in our society.

These two diseases are the worst enemies of freedom. If allowed full reign they can bring about the downfall of our civilization faster than all of the atomic bombs put together.

The time has come when we have got to get on with this form of terrorism. The disease of McCarthyism is already spreading because of its desirability to appease it as we once appeased Nazism. Others are beginning to adopt the same technique because it has gone unopposed. Senator Langer of North Dakota made the charges against Governor Warren; Senator Jenner of Indiana the accusations against the Truman administration. Where do we go from here?

The Chronicle, to the best of our knowledge, was the only publication that enticed Truman to espouse the cause of civil rights and predicted that the former president could lose the votes of the southern States in 1948 and still win the election. He did.

We now urge President Eisenhower to take up the cause of internal freedom by declaring war on those who are creating fear of ourselves by unwarranted attacks on this country's patriots. Both small and large. General Eisenhower, in our opinion, should make his cause his own. He should denounce his actions in 1953. But we don't believe for a minute that it would.

Public opinion polls notwithstanding, we don't believe that the American people favor the type of subversion that Senator McCarthy and others are now sowing.

Injured Dog Bites Mistress, Driver In Accident Wed.

The intersection of Dodge Ave. and Tombs St. was the scene of a little tragedy about 10 o'clock Wednesday morning. That was after a car driven by Louis DeGrego, 40 Orange Ave., struck a dog belonging to Catherine Adonoff, 11, of 12 Waldo St.

Seriously injured and crazed by the pain, the dog bit Catherine as she attempted to hold her stricken pet. When the driver of the car ran to assist the girl, the dog bit him on both hands, he said.

The driver was taken to New Haven hospital by Officer Walter Heck who investigated the incident. The girl was taken for treatment to the hospital by her father, Maurice Adonoff.

The animal had to be dispatched at once. No arrest was made.

Miss Marion Vauiso, of 111 Henry St., was honored recently with a surprise shower of gifts by friends at a party given in the Branford Manor Hotel.

Miss Vauiso, who is the daughter of Mr. and Mrs. Louis Vauiso, of 111 Henry St., is engaged to Mr. Bill Lee Wilson, son of Mr. and Mrs. Roy L. Wilson, of North High St. They plan to be married on Saturday, March 13, at 11 a.m. in St. Clare's Church, Hamden.

Mr. Vauiso is presently stationed at Fort Dix, New Jersey.

Second Fiddle Tunes

The weaker sex means the whole of womankind; but I have yet to find a man who knows when it is weaker than.

The man who says that he can read a woman like a book is probably a mystery fan. Such incidents as the following are tantamount to a confession of weakness in the man who reads them.

We now urge President Eisenhower to take up the cause of internal freedom by declaring war on those who are creating fear of ourselves by unwarranted attacks on this country's patriots.

General Eisenhower, in our opinion, should make his cause his own. He should denounce his actions in 1953. But we don't believe for a minute that it would.

Public opinion polls notwithstanding, we don't believe that the American people favor the type of subversion that Senator McCarthy and others are now sowing.

Momaugun Town Topics

Spring weather in February makes us a little apprehensive! Get the feeling that it's being "transferred" out of the Spring or Summer "months" in some mysteriously shrewd action by the celestial "Board of Finance" and that it will all have to be paid back in the form of a very wintry blast in the middle of May or June.

To date, a total of seven persons have signed up for a watch once-a-month with the Air Spotter tower at Branford Point. It is hoped that it will be paid back in the form of a very wintry blast in the middle of May or June.

"Operation Sky-watch" works out this way for the individual spotter: He takes one watch per month. That watch is for two hours in most cases although there are two three-hour shifts from midnight to 3 a.m. Assignments may be obtained from the supervisor, Mrs. Joseph Arnold, of Pine Grove road, or the assistant supervisor, Miss Phyllis Batrow, of Branford.

Happy birthday to Richard Lotoski of Henry St., who celebrated his ninth birthday Saturday.

St. Mark's Mission will hold their monthly card party tomorrow evening in the firehouse.

The Branford Manor Hotel will hold its postponed meeting Monday evening.

Branford Manor Auxiliary will hold their monthly meeting Monday evening, March 1, at 8:30 p.m. in the firehouse. Mrs. Larry Freeman will be the guest speaker for the evening while by Edward Bart of the Bart Laboratories, who will give a lecture on the uses of the microscope for the evening will be Mrs. James Bishop, Mrs. Eugene C. Bishop, and Mrs. Clarence C. Bishop.

Alice De Palma Is Wed Sat. To Joseph E. Amento

The wedding of Miss Alice De Palma and Joseph E. Amento took place Saturday in a double-ring ceremony at Sacred Heart Church in New Haven. The bride is the daughter of Mr. and Mrs. Joseph Amento, 473 Strong St., New Haven. The groom is the son of Mr. and Mrs. Joseph Amento, 473 Strong St., New Haven.

The bride was escorted to the altar and given in marriage by the Rev. Father John O'Donnell. The bridesmaids included Mrs. Lucille Romano and Miss George J. Romano.

The regular monthly meeting of the Foxon Park Association will be held on Monday, March 1, at 8 p.m. at the Foxon Park Club.

Under such reasoning, designed to slow the rapid growth of housing developments in the Town to forestall acute financial problems in the future, the Board of Finance is considering action on a school zoning plan.

With a 35-7 lead at the end of the first period, the first team was sent off to the showers by Coach Frank Cissal who used a whole batch of substitutes in various combinations for the rest of the game.

The substitute continued the game started by the first team, striving to build up the score. By half-time they had moved to a 59-17 lead and then strove first to hit the 80 mark, then the 90, and finally when they hit 100 aimed for the school record of 106 set last year against Boardman Trade.

For the sophomore North Haveners it was another bitter defeat in a poor season.

When you rise in the morning, form a resolution to make a day a happy one to a fellow creature.

That Zampino, who has been all wrapped up in his duties as a dueler - director of the Exchange Club amateur show, claims he has been contacted with a number of demands for his talents. He is reported as stating that one reporter from MGM was especially tempting and made him consider giving up his part business for a more artistic career.

The newly married couple left for a wedding trip to the Poconos Mountains. The bride was, as a member of the National Social Welfare Agency, was on "Mat. ton, put us up to this one, Pat.)

Myron Cohen, director of music, is on hand to answer questions concerning the band. The concert will precede the meeting which will open at 8 p.m. The meeting will be conducted by the president of the P.T.A., Mrs. Anthony Panagrossi. Refreshments will be served.

The only way to make the mass of mankind see the beauty of Jesus Christ is by showing them, in pretty plain terms, the consequences of His justice.

Momaugun Town Topics

Many of our neighbors are enjoying the warm sunshine in Florida this month. Among them are Mr. and Mrs. Charles Martin of Catherine St.; Mr. and Mrs. George Pompano of Stevens St.; Mr. and Mrs. Thomas Caplan and son Thomas of Casey Beach Rd.; Mr. and Mrs. Henry Creamer of Case Ave.; Mr. George Adams of Mrs. William Masters of Henry St., who leave Saturday, and Mrs. Otto Bath of West Ave. Mr. and Mrs. Thomas Smith of George St.

Tentative plans are being made for a St. Patrick's Dance to be sponsored by the Branford Manor Drum Corps committee on Saturday, March 20, in the firehouse.

An enjoyable dessert and card party was held Monday afternoon in the firehouse. Treats were many door prizes awarded. This affair becoming an annual one, is sponsored by the Branford Manor Auxiliary, who include: Mrs. Otto Bath, Mrs. Flora Barney, Mrs. Henry Creamer, Mrs. Ann Conners, Mrs. Elizabeth Harter, Mrs. Matilda Kiselevich, Mrs. Mary Melillo, Mrs. Al. Nickle, and Mrs. Frank Reynolds.

Happy birthday to Richard Lotoski of Henry St., who celebrated his ninth birthday Saturday.

St. Mark's Mission will hold their monthly card party tomorrow evening in the firehouse.

The Branford Manor Hotel will hold its postponed meeting Monday evening.

Branford Manor Auxiliary will hold their monthly meeting Monday evening, March 1, at 8:30 p.m. in the firehouse. Mrs. Larry Freeman will be the guest speaker for the evening while by Edward Bart of the Bart Laboratories, who will give a lecture on the uses of the microscope for the evening will be Mrs. James Bishop, Mrs. Eugene C. Bishop, and Mrs. Clarence C. Bishop.

Foxon Park

A card party and cake sale sponsored by the Ladies Guild of Our Lady of Pompeii Church will be held at the church hall Sunday night at 8 p.m. Any parishioner who would like to donate a cake for the party should contact John O'Donnell, chairman, by calling HO 9-0473.

The regular monthly meeting of the Foxon Park Association will be held on Monday, March 1, at 8 p.m. at the Foxon Park Club.

Under such reasoning, designed to slow the rapid growth of housing developments in the Town to forestall acute financial problems in the future, the Board of Finance is considering action on a school zoning plan.

With a 35-7 lead at the end of the first period, the first team was sent off to the showers by Coach Frank Cissal who used a whole batch of substitutes in various combinations for the rest of the game.

The substitute continued the game started by the first team, striving to build up the score. By half-time they had moved to a 59-17 lead and then strove first to hit the 80 mark, then the 90, and finally when they hit 100 aimed for the school record of 106 set last year against Boardman Trade.

For the sophomore North Haveners it was another bitter defeat in a poor season.

When you rise in the morning, form a resolution to make a day a happy one to a fellow creature.

Opens Optometry Office Here

Dr. Edward L. Clouff, optometrist, this week announced the opening of his office for the examination of eyes in the Professional Building, 239 Main St.

Dr. Clouff is a native of New Haven and attended Commercial High School there. He received his law-otomety education at Winthrop College in South Carolina and at the University of Connecticut. He was awarded his doctor's degree at the Pennsylvania State College of Optometry and served his internship in the College Eye Clinic in Philadelphia.

While at college, Dr. Clouff was elected to the Honor Society. Upon graduation he received the New England Alumni Award. He was active also in the Omega Delta Fraternity, a national optometric association, the Newman Club and the New England Club.

A woman he served for three years with the U.S. Air Force as a flying officer during World War II.

The son of Mrs. and the late Mr. Ralph Clouff, of 246 Hallowell Ave., New Haven, he is married to the former Miss Ellen Parodi, of New Haven. They have no children.

The optometrist's office will be open daily from 9 to 12 a.m. and 1 to 6 p.m. Mondays through Friday. In addition on Wednesday and Friday evening the office will be open from 6 to 8 p.m., and from 1 to 3 p.m. on Saturday.

Easties Close Out Season With 104-32 Win Over No. Haven

East Haven High closed out a perfect season Tuesday night to secure its 24th victory over North Haven by a non-record score of 104-32.

With a 35-7 lead at the end of the first period, the first team was sent off to the showers by Coach Frank Cissal who used a whole batch of substitutes in various combinations for the rest of the game.

The substitute continued the game started by the first team, striving to build up the score. By half-time they had moved to a 59-17 lead and then strove first to hit the 80 mark, then the 90, and finally when they hit 100 aimed for the school record of 106 set last year against Boardman Trade.

For the sophomore North Haveners it was another bitter defeat in a poor season.

THE WAY TO PAY ANNOYING AND EMBARRASSING BILLS

A Simple, Efficient and Convenient Way to Pay Bills and how well we save, most of us accumulate bills. Coupled with current expenses, they can become annoying and embarrassing. There is a well-established way to handle such obligations. Do as business men do: Borrow to pay yourself on a liquid cash basis.

Make a list of the: Amount owed to each store, insurance premiums you have to meet, taxes you have to pay, balance owed on furniture, television set, radio and items bought on time, automobile repairs, tires, lottery, unpaid doctor, dentist and hospital bills, and any other bills.

Bring this list to our office. If a loan can be made, we'll find a way to make it. We'll put this loan on a monthly repayment basis you can meet conveniently out of your income.

Choose the payment that fits your pocket-book

Amount	12 MO.	18 MO.	24 MO.
\$ 50	\$ 5.00	\$ 5.28	\$ 6.72
