### E.H.H.S. Basketball Season Closes

Bill Thompson High Scorer With 157 Points  
By Gordon Stevens, Sports Editor

The East Haven High Basketball Team ended their season by bowing to a fast moving Milford five. Now that the season is closed the records show that Bill Thompson, who played in every quarter of every game was high scorer with 157 points. He was followed by Jimmy Glynn who gathered 107 points.

Coach Maher seemed pleased with this first season, as it was the first time that the boys have had a chance to play Scholastic Basketball. The team has won seven games and lost thirteen. There were ten letter men and six will be back next year.

Sunday night saw "Red" Sheehan play his last game for the East Haven Jeffs. "Red" has gone to join the New York Giants at training camp. In his last game he was high scorer making sixteen points while his team-mates downed the Community Club in a lop-sided victory 50 to 20. The Jeff Girls, hard pressed, took their 17 in a row to remain undefeated taking the Shelton Olympics in to camp 29 to 23.

The high school gym was the setting of four of the qualifying teams for the Class A Scholastic Tournament last Wednesday. The teams that played were Greenwich-Commercial, Windham-Middletown, Bassick-Wilby and Crosby-Hartford.

The next Jeff Game will be played at the Community House where they will meet the Community Club in a return match. This will be a single game as the Jeff Girls are playing out of town on Saturday. The big Jeffs game is on Sunday.

The Baseball season is in the air and E. H. H. S. will get under way

in a few weeks. They have entered the Housatonic League. As their schedule has not been finished it is figured that about 14 games will be played.

Dominick Melillo's Stars played Sal's Professionals to a 32-32 tie in a fast and exciting game of basketball at Jeff Hall, Tuesday evening. Three overtime periods failed to break the tie. Manager Johnny Cooke of the Pros had seven men on the floor at the end in a vain effort to break the tie without avail as Melillo's Star staved off defeat.

Referee—J. Stempick  
Scorer—King Fitzgerald.  
Timekeeper—Harry Viola.

Mr. Joseph Kinnell, manager of the Atlantic & Pacific here, is convalescing from an apendicitis operation at Grace Hospital.

Mrs. B. Spencer is convalescing from an apendicitis operation at Grace Hospital.

Only a week old and the "CITIZEN" has already traveled far. Mr. Ernest F. Wilson of 104 Forbes Place, sent a copy of the local paper to San Bernardino, Calif. He sent another to Waterford, Conn. Still others have been sent to New York City and Hartford, Conn.

The Temple of Pythian Sisters will sponsor a St. Patrick's Day Banquet and Dance in the East Haven Town Hall on Wednesday, March 17, at 8:00 p. m. Music will be furnished by Albert Baur's Orchestra.

At a special meeting held in the Town Hall, Tuesday evening, March 2nd, the voters rescinded the motion to build a bridge over Farm River as passed favorably at a meeting held January 27th., by a vote of 152 to 132.

Mr. Henry Antz took the floor immediately the meeting opened to ask the chairman's opinion as to whether a motion to rescind the previous motion would be legal in the face of the call of the meeting which was worded "to reconsider."

Mr. William Geenty stated that in his opinion a rescinding motion properly worded would be construed as covering the point at issue but that he was not being paid for legal advice.

Mr. Charles Miller, Civil Engineer outlined the development proposed by the owners of the property so that voters would understand the details of the location.

The main oration of the evening was delivered by Rev. Mr. Carpenter whose remarks covering the pros and cons of the main points at issue were fair minded and showed that his interest was merely to seek what was best for the Town's interest.

Mr. James Hines stated as a member of the Finance Board that the Board had been approached for an opinion and that the Board as a whole was not in favor, however, Mr. Walter Bussell, also a member of the board stated that he personally was in favor and considered the project as asset.

A motion to vote by check list was made and although the vote was close enough to be questioned, Mr. Geenty very tactfully called for the check list vote much to the satisfaction of all concerned.

It is rumored that a new petition is in circulation calling for still another Town Meeting inasmuch as the vote taken called for a "yes" vote to rescind and a "no" vote in favor, which in general is confusing to the average voter.

THE FARM RIVER BRIDGE QUESTION

A new petition for another Town meeting on the bridge question is in the making. It seems reasonable to expect that this would be done inasmuch as the motion made was worded so as to cause confusion and uncertainty on the part of many voters as to whether they were voting according to their convictions.

A motion which calls for a "Yes I don't" or "No I do" vote is always confusing and it is doubtful whether all votes were cast in the way the voter intended.

A COMMUNITY FIELD

To have a permanent Community Field in East Haven would be a great advantage to the town. That is, a place where all forms of athletic events could be held. Of course, the town has had such fields, but in due time have been replaced by buildings. Of course, as in the case of the building of the East Haven High School, built on the site of the last field, there can be no objection made, as this project is beneficial to mankind as well as to the town.

In returning to the field, the town should have something permanent in this way. Many might say that the Green could be used for such a purpose, as it has at times, but I feel that the Green is a place that should be used for more solemn functions, such as the Memorial Day exercises. There are many fields in town that could be used for such a purpose, such as the two on Kimberly Avenue, or the two on Thompson Avenue. So let's think this over and possibly something could be worked out in the near future.

THE BOOK-CASE

MISS LOTTIE E. STREET
Librarian
Hagaman Memorial Library

Last week we listed books which were for grown-ups. Today we are going to tell the children what we have for them. A few of these are for the older ones—for those who can really read and understand—and the rest for the smaller children. A few are from the "case" the books which I put safely behind the glass doors where I hope the children will be very careful to touch with clean hands. Here is our list:

- Art for children. Child's history of art. Travelling with the birds. Conquest of the Atlantic. Before the dawn of history. Ching-Li and the dragon. Unrolling the map. New Literary Guild Books. Beyond sing the woods. Story-book of foods from the field. Wagons westward. Up creek and down creek. Umi. Beppo. Albania wonder tales. Diary of Selma Lagerlof. Book of living reptiles. These of course are mostly for the older children, children who can read and think. For the younger ones there are picture books and story-books. "Who hath a book Hath but to read, And he may be A King indeed. His kingdom is His inglenook All this is his Who hath a book."

A \$33,000,000,000 Millstone

By RAYMOND PITCAIRN
National Chairman
Sentinels of the Republic
If a farmer or a business man finds himself deep in debt his first aim is to find some method of reducing it. That goes for the housewife, too. All recognize a heavy burden of debt as a millstone around the neck of any individual, or firm, or family that is attempting to keep its affairs on a successful basis.

Moreover, they all know the effective method of solving their problem. It is Economy.

But the politicians, during recent years, seem to think they have found a happier solution. Instead of trying a reasonable economy, they have been turning to a program of increased expenditures, increased extravagance, deeper plunges into the spreading pool of red ink.

This is indicated by the way they have been boosting the Public Debt. It probably explains why the Federal Debt alone has risen steadily from approximately \$19,000,000,000 in 1932, to \$27,000,000,000 in 1934, and to an all-time high of more than \$33,000,000,000 for 1936.

It's an alluring method — to the politicians. But it's less attractive to the farmer and the housewife man and the housewife, who know that they must pay the debts which politicians create.

And it becomes still less attractive when they realize that public debt is actually an obscured method of adding to our taxes — with the bills marked for a later date — or of piling up a heritage of liens against the future earnings of our children.

But the mere realization of these facts on the part of the public isn't enough. If the farmer and the business man and the housewife want to stop the piling up of bills for them and their children to pay in added labor and added sacrifice and higher prices, they must make the politicians face the facts, too.

A \$33,000,000,000 millstone is a heavy handicap for the workers and earners and taxpayers of America to carry along the hard road to recovery.

OUR ORGANIZATIONS

This week we bring the Visiting Nurse Association to the foreground. The V. N. A. was organized on November 11, 1920, meeting on the first Wednesday of each month. Their work in the town includes the tending of sick school children, and social service work. The present officers are as follows: Mrs. George Wood, president; Mr. Joseph Adams, vice president; Mrs. Myron Grover, secretary; and Mr. Ellsworth Cowles, treasurer. Mrs. Alvin Sanford is the head of the Nurses Committee and Mrs. H. S. Johnson is publicity chairman. Mr. Joseph Adams is chairman of the Christmas Seal committee and is to be commended on his remarkable work.

EAST HAVEN HAS BUSY NURSING ASSOCIATION

To provide skilled nursing care for the sick in their homes, to promote the health of the individual, the family and the community, to prevent disease by teaching the principles of health, hygiene and sanitation are the main objectives of the East Haven Visiting Nurse Association whose nurse made a total of 2,598 visits to residents of that town during 1936.

Just how widespread the services of this association is was revealed by a review of the various types of illnesses encountered by the nurse on her daily round. Of the 2,598 visits made, 407 were to persons who were either suffering from tuberculosis or who had come in contact with it or had returned from sanatoria. One hundred and thirty-eight visits were made to maternity cases and 53 to homes where there was a new-born child. Health supervision was given 342 infants under one year of age, to 502 preschool children and to 32 adults.

In addition to its regular nursing program, the association held 11 child welfare conferences during the year with a total attendance of 361. The attendance at the summer-round-up held by the association was 70 while 64 children attended the vaccination clinic. In addition 285 visits were made by the nurse to the schools while 1,194 children were weighed and measured in the East Haven schools during the year.

**Naming the Cocker Spaniel**  
 The Cocker spaniel was highly prized as long ago as 1803, when popular books on dogs spoke of the breed as possessing "remarkable sagacity," "fidelity," "gratitude," etc. "Unwearied" as a shooting dog, this type was also extolled as the paragon of house dogs. The origin of his name is not difficult to trace. As the woodcock was commonly referred to as "cock" and the sport of shooting his bird was called "cocking," it is easy to see how the Cocker spaniel got its name, as the breed was extensively used in this form of hunting.

**Hand-Painted Playing Cards**  
 The early packs of cards were painted by hand and very expensive. The accounts of the French king, Charles VI, for the year 1392 show the payment to a painter of a sum equivalent to \$500 for three packs of cards in gold and various colors ornamented with various designs. Between 1420 and 1430 engraving was applied to the manufacture of cards.
