Philanthropist Passes; Branford Pays Tribute To Mary Ann Freeman

Aged Woman Was Confined To Her Bed During Long Years of Illness—Found Pleasure In Kindly Deeds—Funeral Services Held Today.

The funeral of Miss Mary Ann Freeman was held this afternoon at 2 o'clock in Trinity Episcopal Church. Burial was in Northford Cemetery.

The Rev. Robert J. Plumb officiated and bearers were Andrew and Joseph Coreoran, Edwin Maddern, Frank Bradley, Frank Coyle and G. A. R. Hamre.

Miss Freeman the oldest colored resident of this town, passed away Monday night at 5:30 in the home of Mr. and Mrs. Andrew Coreoran of Palmer Heights, Indian Neck at the age of 87. Miss Freeman, who was taken ill the summer of 1934, at her home in Church street, was soon afterwards moved to the home of Mr. and Mrs. Coreoran where she had been tenderly and patiently cared for. During all her long illness she was confined to her bed.

She was born in Northford and had been a resident of Branford for the past 78 years. She was one of the town's greatest philanthropists and among her gifts to the town were the fountain on the green, benches which she has maintained for over 25 years and the planting of trees on the south-easterly corner of the green. Miss Freeman was the organizer of the Busy Bees, a group of young girls who did much charity work among the needy. Her money and time were always given freely to the worthy cause of assisting the more afflicted. Too numerous to mention were her acts of kindness to others.

A row of five red maples she had set out in memory of the late Clifford Morton. It was she who first had swings and benches put in Parker Memorial Park.

One friend said yesterday: "No printed word could cover the extent of her kindnesses."

Miss Freeman did not always have money for philanthropic work. Late hours she worked cleaning at the Atlantic Wire Mills. Late nights and hard days she put in working for the shore-folk. Working and saving were her two objectives until her retirement. Then, at an advanced age she found great pleasure in doing for others.

Her last act was to replace the plank-bench at the bus stop near the fountain.

No near relatives survive.

News Of General Interest To Women

Something New in Turnips

By DEULAH V. GILLASPIE Director, Sealtest Laboratory Kitchen

A few thoughts in time before the fall cleaning and redecoration begin will usually save considerably more than the usual number of nine so far as erupting tempers caused by indoor confusion are concerned.

There probably is no time of the year when it is so important to plan well in advance in order to keep the household running as neatly on an even keel as possible. With the youngsters starting back to school with the weather more apt than now to be uncertain and with club meetings being resumed even the cleverest of the budgeteers frequently finds herself bogged down.

A routine which a friend of ours has followed for several years and which works with increasing smoothness each succeeding year goes something like this: Turnips are cooked in the heavy turnip tin with club butter. Drain and brush with melted butter. While turnips are cooking, melt the 2 tablespoons butter in a double boiler, add the flour and mix well. Add the milk gradually and cook, stirring constantly until thickened. Add the ham and cooked turnip centers and reheat. Add salt and pepper to taste. Fill the turnip shells with this mixture and replace tops as illustrated. Serve six.

STUFFED TURNIPS 6 medium white 3 tablespoons turnip Melted butter 1 cup milk 2 tablespoons 1 1/2 cups ground butter Salt and pepper Peel or scrape the turnips and cut

BAKED BEAN CASSEOLE Cook two finely chopped onions and two finely chopped green peppers in two tablespoons butter until they are tender and golden brown in color. Add in a 25-ounce can of Heinz baked beans and mix thoroughly. Arrange the beans and three-fourths cup grated hard cheese in alternate layers in a buttered casserole, having beans on top. Mix one tablespoon melted butter with one-half cup fine bread crumbs and sprinkle over top. Bake in a moderate oven (375 degrees F) for a half hour.

FILLED ORANGES Cut good sized oranges in half and remove fruit, being careful not to break the shell. Now put together in the slices of bananas, oranges, diced pineapple and peaches (fresh) and some blueberries, and fill each basket. Serve on lettuce leaf with water thin cocktails.

MOCHA ICING 2 tablespoons Cocoa-mint 4 tablespoons butter 1 cup confectioners' sugar 1 tablespoon strong coffee 1/2 teaspoon vanilla Cream butter, add alternately sifted Cocoa-mint and confectioners' sugar with coffee and vanilla to the cream. Beat until thick and spread. Spread on a two layer cake and let it harden.

FRUIT COMPOTE 4 slices pineapple or pineapple tidbits 1 cup pineapple juice 2 cups chopped fresh fruit 1/2 cup sugar 1 pint ginger ale 1 tablespoon lemon juice If sliced pineapple is used, cut up into small pieces. Combine all ingredients and pour into a freezing tray. Serve, garnished with whipped cream, when frozen to a semi-solid mush.

FRUIT COCKTAIL Halves of chilled grapefruit Powdered sugar Sherry wine Lessen grapefruit pulp from the bowl with sharp knife, remove seeds, and cut out fibrous center. Before serving, sprinkle each half with powdered sugar and add a tablespoon of sherry to each half.

COFFEE PARFAIT 1 cup sugar 1 cup Maxwell House coffee 3 egg yolks 1 cup white cream 1 pint cream Cook one cup sugar and one cup Maxwell House coffee until it spins a thread. Then slowly beat it in the beaten yolks of three eggs, then stir in the whites of the eggs. When mixture is cold, add a pint of cream in tray of refrigerator. Freeze without stirring.

BANANA SHERBERT 2 cups mashed banana (5 or 6 bananas) 6 tablespoons lemon juice 1/2 cup sugar 1/2 cup white corn syrup 1/8 teaspoon salt 1 egg white 2 cups milk Mash bananas and mix the pulp

Little Suit Core Of Smart Fall Wardrobes

Those "little jacket" suits below are so essentially a part of the fall fashion panorama that even though you may have to wear half-soled shoes and last year's tail to include one in your clothes budget you'll find it worth the sacrifice.

Of course one has to admit that such suits are for the woman who also makes sacrifices at meal times in the cause of stenderness but given a figure that doesn't bulge in the wrong places the little suit probably will do more for you than any ensemble which you can think of.

One of the smartest versions of the suit with half length jacket of Persian lamb, flaring skirt of some wool in the center round the bottom with a band of the same or other type is the suit having a peplum jacket and skirt fullness at the waist. The band is made of lamb or sheared beaver and given the streamlined girl and the bell boy suit with Eton collar and a buttoned front. The band round the front is a good model for the size fourteen to sixteen.

The best idea is to drop in at your own favorite shop and try on a couple of different models to decide which is best for your figure.

When the brisk air of Fall blows at us these days we're mighty glad to get into warmer clothes, but on some days in our homes and when ever yipping jolt, meals to burst our shivering spirits. Realizing that every housewife already knows these facts and is probably wondering what to have for dinner anyway, we recommend—

Live Potatoes in Sour Cream 1 1/2 pounds liver, sliced Flour Salt and pepper Butter 1 1/2 cups thick sour cream Dip the liver in flour well seasoned with salt and pepper. Fry in butter until brown on both sides and place in a buttered baking dish. Mix the sour cream and 2 tablespoons of flour until smooth and season with salt. Pour over the liver and bake in a moderate oven (350 F) for 15 minutes. Uncover and bake for about 25 minutes longer.

Peppers Stuffed With Potatoes In Cheese Sauce 3 large green peppers 2 tablespoons butter 2 1/2 tablespoons flour 1 1/2 cups milk 3/4 cup diced cooked American cheese 3/4 cups diced cooked potatoes Wash peppers, cut in half lengthwise and remove seeds and white pith. Cook peppers in boiling salted water until tender. Drain. Melt the butter in a double boiler, add the flour and mix well. Add the milk gradually and cook, stirring constantly until thickened. Season with salt and pepper, add cheese and stir until the cheese is melted. Add the potatoes, reheat and pile in the pepper shells. Serve with the crisp broiled bacon. Serves six.

Great Ham Hash 1/2 cup butter 1/2 cup onion 1/2 cup celery 1/2 cup diced cooked potatoes 1/2 cups diced cooked ham 1/2 cup green peas 1/2 cup green beans 1/2 cup green corn 1/2 cup green peas 1/2 cup green beans 1/2 cup green corn 1/2 cup green peas 1/2 cup green beans 1/2 cup green corn

Shave Off Your Heels Keep your hair up but let your heels down is one of fashions newer edicts. While hair stays high on the sides and in curls suggestive of topknots in the front, heels are going down as their contribution to the unsophisticated look. Many of the smartest shoes have medium heels that are well shaped but definitely not spindly.

Practical Gift For Men There's a new shoe kit out which would make an excellent "little gift" for a school boy or even for dad or big brother. It's a shoe kit which contains everything you need to keep your shoes in the pink of condition.

A DOCTOR GALLUP

After all, the proof of the pudding is still in the eating. If you have a new article for the home, the best way to find out how housewives are going to like it is by letting some of them try it. A food, a time-and-labor saving gadget, a beverage, a household helper of any kind—what Mrs. Douglas tells Mrs. Hennessey over the back fence will undoubtedly be the verdict of America's housewife.

HE IS AN AMERICAN (From the New York Sun)

He is an American. He hears an airplane overhead, and if he looks up at all does so in curiosity, neither in fear nor in the hope of seeing a protection. His wife goes marketing, and her purchases are limited by her needs, her tastes, her budget, but not by decree.

WASHINGTON SNAPSHOTS

With Congress back in session, Washington seems like its real self again. All the expected worry and confusion that have attended the opening of the session have been cleared up. The country's lawmakers packed as much public opinion as they had been able to collect into their minds, and started off to Washington to consider the problems that were generated.

BITTER-SWEET

The vandals who go into the woods possibly to enjoy but certainly to destroy are with us in October as well as in June. The lovely moonish flower, according to the New England Wild Flower Preservation Committee is fast dying out.

He does not believe, if his part is out of power, that the only way in which it can come into power is through a bloody revolution. He converses with friends, even with chance acquaintances, expressing freely his opinion on any subject, without fear.

Research becomes progressively more powerful as an agent for human welfare because each new discovery may be useful not only by itself, but also in various combinations with all which have gone before. All logic and experience indicate that we are still only at the beginning of possibilities of using science to solve many of our pressing problems, and to achieve better living conditions for everyone.

"Is industry prepared for national defense?" The answer was amazing to some and comforting to all. For industry in this country has for a number of years now been pursuing a program which, in peace or war, is the best kind of preparation for sound national preparedness.

While all eyes on Capitol Hill were being turned on the industries scene to see what was taking place, the opportunity also arose to examine American industry's whole attitude towards war. If anyone mistook the fact that industry was not depending upon this national defense to mean that business men wanted war, they were last week quickly disabused of the

THE CONSUMER SPEAKS

I read of a wealthy New York businessman who ordered a special \$4,500 car. He thought that was carrying things too far. We still have millions of unemployed and a world threatened with Fascist aggression. It seems that \$300 might be put to more useful purposes in times like these.

Seymour Alumni Here Sunday For Battle With Laurels

Branford-Stratford Game Postponed To Nov. 3; Get Ready For Hamden Oct. 13

Branford High Mentor Puts His Charges Through Strenuous Work-Outs For Coming Battle With Strong Hamden High Eleven On October 13th. Stratford Contest Cancelled To November 3rd.

The inclement weather of the past three days worked havoc with the practice sessions of the Branford High School squad, so Coach Knecht was forced to work his charges at high speeds yesterday and today in preparation for their big, non-league game with Hamden, October 13. The game with Stratford set for tomorrow at the latter's home park was moved up to November 3rd according to reports from Coach John Knecht today, leaving the local high gridiron without a game for this week end.

Branford High Troupe Derby In League Fray

Coach Knecht's Branford high school eleven, led by plucky Captain, Walter Tamulevich, swept a strong Derby high team into a 14 to 0 defeat at Hammer Field last Saturday afternoon before a large and cheering crowd to chalk up their first Housatonic Valley League contest.

The first half of the game was scored late in the second quarter when Harold Damberg pulled down a neat pass over the goal-line tossed by Tamulevich from the 25 yard stripe and Jim Barba place kicked for the extra point as the first half ended.

In the final period, Tamulevich, considered one of the best ball carriers in high school football competition, ran 22 yards through the entire Derby team, only to be halted six inches short of the double-marker.

Green Bay, New York Seen Tops In Football Circuit Of Both Big Divisions

Chicago Bears Mentor Picks Them To Win Respective Divisions This Season - Brooklyn Dodgers And Washington Redskins Much Improved Clubs And Expect To Make Plenty Trouble

Chicago (NNS)—George Halas, the far-seeing gent who could see something to professional football when nobody else could see it with a telescope, rates the Brooklyn Dodgers as the most improved club in the National Professional Football League, but he doesn't see how the New York Giants can be beaten for the title in the Eastern division.

Washington feels they have an improved ball club, so how can you make the Dodgers any better than third in the division, Philadelphia will be greatly improved with Davey O'Brien chugging passes for them.

Mr. Halas was interrupted by a question as to what he thought of Davey O'Brien's chances to make good in professional football.

"I think he'll make good. Philadelphia will let him play in the way he likes to play and they'll give him all the protection they can. He's a great ball player and I think he'll prove himself."

Conn. University Eleven To Face Wesleyan Team Saturday Afternoon

Bob Donnelly, Of Branford Eleven To Face Wesleyan For Connecticut Eleven On 20-Yard Sensational Run

Starrs, Conn. (Special)—The University of Connecticut, started its 1939 football season in a rather impressive fashion when it defeated the Connecticut Wesleyan team by a score of 14-0. The Nutmeggers started right out in the first quarter and produced a touchdown within the first five minutes of play.

In all probability the starting line-up will be: Peterson, left end; Right tackle; Robinson, left halfback; Androsko, right halfback; Christie, right end; Roberts, quarterback; Donnelly, left half; Waltham, right half; and Mitchell, fullback.

The following new members were admitted to the club recently: Anthony Pepe, Robert LaCroix, Harold Barron, Matthew Belsnis, William Munger and John Ward.

Local Semi-Pro Eleven In Great Shape For Battle At Hammer Field

Coach Stu Clancy Puts Pressure On Laurel Team In Preparation For Game With Strong Combining Large Crowd Expected To Be On Hand For Contest—Kickoff Scheduled For 2:30 P. M.

Victors in their first game with the Blues Smokies last week end, the Branford Laurels will have to show more ability Sunday afternoon at Hammer Field if they want to knockoff the sturdy Seymour Alumni eleven of the Valley town. At 2:30 o'clock the big battle will begin with one of the largest crowds on hand this season.

Laurels Gain First Win By Downing Blues

Stuart Clancy's coached Branford Laurels got off to a great start last Sunday at the local ball park in their first game of the season before a fairly large crowd who faced a heavy downpour, when a plucky bunch of gritty warriors from New Haven, known as the Blues Smokies invaded the Laurel lair.

For much of the first half of the game the issue was in doubt, but when the whistle had shrieked for the half time mark, the Green Wave eleven was leading by a slim margin of a field goal when Pat Pessio's well trained boot from an awkward 25-yard angle yielded 3 points. But in the third quarter the Clancy coached machine determined not to be shunted from the main road of victories, started to roll and did not stop until "Kinky" Klarman had crashed over the double-stripe for a touchdown, and thus triumphed by a 9 to 0 score.

The new, young scrappy Branford Laurels showed that they have plenty of speed, power, fight and blitzy. Although they did not win by a decisive margin, they pushed the highly vaunted Smokies all over the muddy slippery field, outplaying them from start to finish in every department of the game, rolling up 17 first downs to the Blues score of 0.

For the Clancy coached combine, Klarman and Pessio proved to be outstanding backs, but as a whole, the entire Laurel team played good ball considering the conditions of the weather, with the exception of times when they played defense and punting. Every player ragged, due to the handling of the wet ball.

Following this fine record, they journeyed to Washington, D. C. to take part in the National tournament and gave a very good account of themselves. The team is composed of the following men: Captain Bob Linden, Eddie Kamb, Squint Kamb, Dick Rourke and Walter Paucker.

With a team like this whipping them down the hard wood alleys for the next thirty weeks means we are going to see some very fine bowling and a little turnout to cheer and encourage the boys, which would help a great deal in the old saying goes to "Bring Home The Bacon."

With Europe in the thick of another titanic war, "ALL QUIET ON THE WESTERN FRONT", recognized as the greatest war film ever made, has been released in its original uncensored version for the first time.

The history making film, winner of five international awards, is now at the Loew Poll College Theatre for one week only, with many dramatic scenes that could not be shown during its original release.

Even though opposed to weakening the dramatic appeal of their stories, the picture makers were nevertheless obedient to the foreign protests. But, today, recognized as an international medium for the spread of good will, the motion picture and particularly "ALL QUIET" is presented as is.

Restoration of the censored scenes, ample re-editing and modernization of the film, accomplished by Universal only last week, have resulted in the new production of a film which will strike as deeply into the hearts of men, women and children everywhere as did the original "ALL QUIET" almost a decade ago,

In the opinion of those who already have viewed the release.

Institute Wants 800 Book Lovers

The campaign of the Young Men's Institute of New Haven to add to its membership of nearly 800 lovers of good literature who are residents of greater Branford, notably those who visit New Haven and who have an hour or two on their hands which they might enjoy spending at the Institute reading room and library, has brought to notice of Shore Line towns an organized effort to give the best books and newspapers to the Connecticut public.

Organized 118 years ago, the Institute, which has been merely an institution founded to develop good reading and, in the early years, debating while cooperating with town and city libraries, is now energetically continuing its historic traditions.

Of late years it has set itself up as an opponent of a certain class of lending library books which it projects against as do the Catholic and Protestant clergy in many cities. The Institute underbids in membership fees the lending libraries.

As a cooperative adjunct to such libraries as The Blackstone Memorial Library, in its aim, scope and effort, it struggles with the home newspaper to cover the field of the very best reading.
