Chairman Sliney Advised Sugar Rationing Starts In Two Or Three Weeks

Meeting Friday Night With Selectman Rationing Board Chooses John B. Sliney For Chairman—Policy Not Clearly Determined by Government.

At a meeting of the Board of Selectmen held Friday night, John B. Sliney, was appointed chairman of the local rationing board. Other members of the board are William Spargo of Stony Creek and Clarence Johnson of Short Beach, with Carl Nygard and Mrs. Charles Goldsmith as alternates.

Mr. Sliney received a letter yesterday advising that rationing would commence in two or three weeks.

It is understood that the state rationing board has already received the town's estimate as compiled by Raymond Pinkham, superintendent of schools.

Pursuant to instructions from Chester Bowles, state rationing administrator, the local board which will serve without compensation, must include a member of the Board of Education, recognized representative of labor, local business man, representative of a retail establishment, and a citizen with knowledge of health and nutrition.

This board will not be expected to ration tires and like articles upon which restrictions have been placed but will confine itself to foodstuffs rationing as directed by Mr. Bowles.

Since the government policy in regard to sugar rationing has not yet been clearly determined, the local committee will take no action until orders are received from the district headquarters in New Haven.

Funeral Service Held On Tuesday For Harry Smith

The death of Harry Augustus Smith of 29 Averill Place occurred Sunday at 7.30 in his home following five months' illness. He was 60, and was born in North Branford, a son of Wentworth M. Smith and Susan Baldwin.

For over 45 years he had been employed by the Malleable Iron Fittings Co.

Mr. Smith is survived by his widow Bessie Flanders, one son, W. Flanders Smith of this place; one daughter, Mrs. John Lyons of Marblehead, Mass.; two grandchildren; and two sisters, the Misses Mabel and Elsie Smith, of this place.

The funeral was held Tuesday afternoon at 2 from the funeral home of Norman V. Lamb. Rev. Frederic R. Murray, rector of Trinity Church, officiated. Burial was in Center Cemetery.

Bearers were: George Agnew, Oswin Robinson, Walter Palmer, Frank Bradley, Gustaf Young and Frank Quinn.

Mr. Smith was a member of Trinity Church, clerk of the parish for 14 years and junior warden for 8. Because of ill health he declined re-election to both offices two years ago, and was then elected vestryman, which office he held at the time of his death.

ROTARY SYMPOSIUM CONDUCTED MONDAY

Through the program chairman, Rev. Frederic R. Murray, a symposium was arranged for the meeting of the Rotary Club Monday noon in commemoration of the 37th anniversary of Rotary. The general topic was "Youth in War Time and Peace Time". The speakers were William Sangster, "Youth Looks to Us as Employers"; S. A. Petrillo, "Youth Looks to Us as Friends"; William E. Hitchcock, "Youth Looks to Us as Fathers"; M. P. Kelly, "Youth Looks to Us as Leaders."

Offenders May Be Imprisoned For Violations

A Model Ordinance and Model Regulations which have been approved by the legal committee of the State Defense Council have been submitted for the guidance and assistance of the several towns in the state, requesting all towns to adopt the Model Ordinance in case they have not already adopted similar ordinances with substantially the same terms.

The following Model Ordinance has been adopted by the Board of Selectmen and Police Commissioners:

Section 1. In order to further National Defense and safeguard and protect life and property within the town of Branford, in case of enemy air raids or attacks or threatened air raids or attacks or for the purpose of trial blackouts or other trials or tests to prepare to meet such air raids or attacks, all persons within the town are required to comply with the rules, regulations and orders pertaining thereto promulgated by the Army, Navy or State Defense Council, or by any person or organization acting by lawful authority of them or any of them, provided, however, that warnings of the beginning and termination of the period of any such eventuality shall be given throughout the town by audible signals.

Section 2. All police and firemen and all members of the auxiliary police and fire forces of the town are hereby authorized and directed to enforce blackout plans and defense measures and the said rules, regulations and orders pertaining thereto during such periods and summarily to compel compliance therewith. In cases of immediate threat of enemy action, they may abate conditions dangerous to the public safety.

Section 3. The Board of Selectmen is authorized to establish, promulgate and enforce such local rules, regulations and orders with respect to such periods not inconsistent with the rules, regulations and orders referred to in Section 1 hereof, as they shall deem necessary or appropriate to effect the spirit and intent of this ordinance.

Section 4. Any person violating any of the provisions of this Ordinance or, during any period of blackout and defense, any of the said rules, regulations and orders pertaining thereto or who shall fail or refuse during any such period to comply with any instructions lawfully given by any police or fireman or any member of the auxiliary police or fire forces of the town, or who shall obstruct or interfere with any such officer in the performance of his duties, shall be fined not exceeding \$100.00 or imprisoned not more than six months, or both.

DANIEL H. HAVENS

The Rotary weekly news letter tells of the death of Daniel H. Havens on January 30 at his home in Pass-a-Grillo, Florida. He is survived by Mrs. Havens, a daughter and sons.

Mr. Havens was a summer visitor here for several years.

The St. Petersburg Rotary "Sunbeam" has this tribute to their member: "The fellows will miss Dan Havens' friendly smile and greeting. He had a cheery, although quiet word for everyone. Dan will be missed, not only by our own members but by scores of visitors who soon learned to know and like him."

MUSICAL AFTERNOON

Mrs. William L. Rice will be leader of a musical afternoon Friday when the Half Hour Reading Club meets with Mrs. Sidney V. Osborn. Mrs. Wilford T. Nott and her committee will serve refreshments.

More Blackouts Expected Soon

The following telegram has been received by the local defense council:

"Take steps at once to effect immediate blackout of all lighting not capable of extinguishment at a moment's notice. This is to include advertising signs, store window displays and other uncontrolled lighting which cannot be eliminated in event of an alert. Such blackout action will be in force until further notice."

The council has been notified to expect a surprise blackout test of the entire state, the date of which will be known in advance only by the Army and a few officials of the State Defense Council.

According to Austin Purvis, secretary of the State Blackout Committee the surprise alert will answer the question as to how the people will react in an air raid alarm which is given without warning and with no advance publicity.

In addition, the surprise blackout will also prove a major test of the efficiency of the Civilian Defense Organization of the State.

Fire Escape Law Given Attention By Fire Marshal

Fire Marshal Ernest W. Wood has issued the following notice of inspection of buildings to the citizens and property owners of Branford:

The duty as imposed upon the first selectman or his designated agent to inspect each year between April 1 and October 1 all buildings in Branford, so as to determine whether Section 2613 of the General Statutes is being complied with. This section provides that each story above the first story of any building used as a hotel, boarding or lodging house, accommodating more than 12 persons, a tenement house occupied by more than two families or as a factory or store in which more than ten persons are employed above the first story shall be provided with more than one way of egress by stairways on the outside of each building.

A ladder affixed to the outside of the building does not constitute a fire escape. Such stairways and fire escapes must be approved by the undersigned. The violation of this section makes the owner responsible civilly for any damage. There is a minimum fine of \$100 and a maximum fine of \$500 and imprisonment of not more than three months or both. The fire marshal intends to enforce strictly the above statutes and all inhabitants of Branford are asked to aid in the enforcement thereof.

Inspiring Talk By Ray Pinkham Peps Spotters

Spurred by the enthusiasm of their leaders nearly 200 Aircraft Warning Service Observers left the Community House last evening resolved to justify the faith put in them by their chief, Robert Cate.

Deputy Raymond Pinkham words stressing the importance of each observer being alert every instant and his faith in combat service of interception was largely responsible for several spotters calling in this morning to offer to take more shifts at the observation posts.

Announcements were made of the importance of keeping to schedule, scanning bulletin board notices and flash reporting.

In the interests of more efficient spotting and reporting the observation post at Pawson Park is being replaced by an octagon, glass enclosed tower, 200 yards northwest of the present army shelter.

A cat walk will be provided on the roof and one observer will take position there at all times, weather permitting.

Warns Against Forest Fires

Fire Marshal Ernest W. Wood has issued the following to the citizens and property owners of Branford:

The undersigned as fire marshal of the town of Branford is under duty imposed on him by law to warn you of certain laws of the state in regard to brush fires. The danger and damage from such fires reaches its highest point at this season of the year.

Section 782E of the 1937 Cumulative Supplement prohibits any person from kindling a fire in the open outside the limits of a fire district or borough from March 1 to December 1 of each year, unless he first obtains from the fire warden written permission. Violation of this section carries a maximum fine of \$200 or imprisonment of not more than six months or both.

Section 1904C of the 1935 Cumulative Supplement prohibits the dropping of lighted matches, cigars or cigarettes near or in any combustible material. If such results in setting a fire in woodland, the penalty is a maximum fine of \$500 or six months imprisonment, or both.

Section 6128 and 6129 of the General Statutes reads, no fire may be kindled on any public land without permission of the owner, and no fire may be kindled in any woodland unless a space for 20 feet surrounding the place of the fire is cleared of all combustible material. If the citizens and property owners of the town will observe these rules, loss of life and damage to property from forest fires may be largely or entirely eliminated.

Originated about the same time, the Branford Community Council launched a plan to establish a community kindergarten in the old Community House; just east of the bank, and occupied more recently by Polly's and then the Althea Shop.

Mrs. Warren Mumford, kindergarten chairman, was largely responsible for securing Mrs. C. Haskell Bush of New Haven as teacher.

With scissors, crayons, colored wall papers and magazines, Mrs. Bush taught 30 youngsters two mornings a week, at first, and later three. When enrollments increased to 40, the Community Council invited Mrs. Bush to open five mornings and paid accordingly.

Parents were not required to pay tuition but donations were gratefully received.

And so it was, everyone helped, the Gillettes and the Ayers and some 30 other parents. A piano was donated. From then on tiny voices thrilled with the songs of pussy-willows, violets and Jack Frost.

While all this was happening the kindergarten mothers organized the Branford Mothers' Club as part of the National Congress of Mothers which in more recent years has been changed to National Congress of Parents and Teachers. Mrs.

Rev. Geo. Owen Accepts Call To Local Church

The Rev. George D. Owens of Tarrytown, N. Y., will supply the pulpit of the First Congregational Church recently left vacant by the resignation of the Rev. B. Kenneth Anthony, until a permanent minister has been called. He was formerly pastor of the Congregational Church of Sharon.

Mr. and Mrs. Owens came to Branford Tuesday and will occupy the Manse in Rogers Street.

He is recently of First Church of Christ, Sharon Connecticut, now of Tarrytown, New York.

His experience has been varied; Educational training: A. B., S. T. B. and D. D. degrees. Institutions include Lebanon Valley College, Yale Divinity School, and Boston University. Attended summer conferences in various places.

Literary work: Doctorate thesis, "The Voice Within", published by The Stratford Company, Boston; "When the Sun Rises", by Fleming H. Revell, New York. He has written for several magazines and newspapers of wide circulation. He was born in Pennsylvania, a descendant of the William Penn Colony. "Who's Who in New England", the new volume, "Who's Who in the East", and "Religious Leaders of America", formerly entitled, "Who's Who in the Clergy" list his name.

Recently he was doing special work in Sharon Connecticut where he was chairman for the Bi-Centennial Committees of both the First Church and the Town. The historic First Church was restored and rededicated in May 1939, free of debt. Sharon Town Bi-Centennial Celebration occurred as a four-day event in August 1939. In the Church he developed departments of Cradle Roll, Home Department, Go-to-Church Band, Junior Choir, and all departments of the Church showed growth. As a member of two state committees of the Congregational Conference he made frequent trips to Hartford in the interest of Missions and Evangelism. He taught in the State Youth Conference at the Gunnery School in Washington and in schools of religion.

At Thomaston, Conn. First Church he was a youthful speaker for the State Council of Defense and a "Y" Secretary, both educational and Religious at the Sub Base, New London, and Ft. Terry, New York in 1918. He later served as a member of the State Legislature.

SALVAGE CHAIRMAN ON TREASURE HUNT

According to Selectman C. Hobart Page and Harold Tousey, salvage chairman, there seems to be little encouragement that the 188 tons of scrap steel in Connecticut Company trolley rails will be dug up to be converted into the seven army tanks the quantity is sufficient to build.

The best part of the estimated tonnage is either still in use or embedded in concrete on state highways.

Mr. Tousey said Friday that he intended scouring the town over the week end to locate forgotten scrap heaps.

HAVE YOU PAID?

With paper placed on the government priorities list and reduction in quotas likely the next step, it is essential that weekly newspapers be placed as near as possible on a paid up or in advance basis. Then there is also the business side of rising costs and higher prices for such paper as newspaper publishers are able to buy.

UNION LENTEN SERVICES

The Rev. Robert C. Dentan of St. John's Church, New Haven will be guest preacher Sunday at the Union Lenten Service to be held in Trinity Church at 8 o'clock.

Associated Business of Branford meets this evening at Howard Johnson's Restaurant.

Model Regulations adopted by the Board of Selectmen and Police Commissioners are: Pursuant to the authority granted by ordinance of the Town of Branford dated March 2, 1942, the following regulations are hereby prescribed for air raid precautions:

1. The "public warning" signal of air raids shall be a series of short blasts on the sirens and on the whistles; the "all clear" signal shall be one long continuous blast on said sirens and whistles.

2. Such public signals shall be sounded by all persons having custody of said sirens and whistles upon instructions from the Chief Air Raid Warden or his deputy (upon instructions from the chief of police or his deputy.)

The Chief Air Raid Warden or his deputy (the Chief of Police or his deputy) shall issue the instructions for the sounding of the public air raid signals only upon orders from the Army or Navy received either directly from Army or Navy headquarters or received through the District Warning Center of the official Air Raid Warning System.

3. After the sounding of the "public warning" signal and until the sounding of the "all clear" signal:

a. No person may travel upon, use, enter upon or remain upon, any "public highway or street," except persons upon active duty as members of the military forces, public officials, police officers, members of state and municipal services, members of civilian defense emergency services, and members of authorized transportation, plant protection, hospital and public utility services, and except persons whose presence upon the highways or streets is necessary on a mission directly connected with the public safety or who have been specifically authorized by the local or state police.

ALARM AT NO ALARM

Who is responsible for the town's lack of a satisfactory air raid signal?

Back in the month of December when so much was being said about a certain distant spot, Pearl Harbor, the public was informed that the system parts were on order since early summer and were expected any day.

Came February and the blackout tests and no complete signal. Some sections of town are in an emergency for their own protection.

Some sections of town are in an emergency for their own protection. The town fathers can give us an adequate air raid signal.

Practically every city and town in the state is fussing about this same troublesome matter, but then, too, practically every city and town in the state is doing something about it.

It isn't very often we are generous enough to hand out bouquets but those patriotically minded fellows at Seegal-Lou Farms are worthy and entitled to a big hand.

It seems that Tom Gallagher, a milkman, has reason enough in his own to want to affect a victory, rounded up by the Cherry Hill gang and said something to this effect: "Come on, you guys. What are we going to do about buying bonds to buy bombs?"

With little or no persuasion the men nodded acquiescence to a plan to set aside a portion of each week's wage toward the purchase of defense bonds.

It is general information that many, many good people are patriotically purchasing stamp bonds but this is the initial group of workers brought to our attention that has presented a request to employers, that systematic savings be commended.

THESE RAILS ARE GOING TO WAR

The first rail of the 60,000,000 pounds of abandoned steel rail in Connecticut streets comes out of the ground for America's war effort, as New Britain and State defense officials look on. Mayor George J. Coyle of New Britain, left, in launching a city wide removal of 300 tons of steel, said that "with WPA help it is possible for the city to break even on the cost after the sale of the steel." Those who watched the removal are, left to right, Mayor Coyle; Thomas W. Russell of Hartford, vice-president of the state salvage committee; Seth Low Plummer of Ridgefield, chairman of the state salvage committee; and Attorney Cyril F. Gaffney, chairman of the salvage committee of the New Britain Defense Council.

Two Victories Added To List
UCons End Season With

The University of Connecticut basketball team has just finished another brilliant season under Coach Don White by defeating Wesleyan at Storrs, 80 to 44, and Northeastern at Boston, 58 to 29, last week. In completing his sixth year at the university, Coach White has compiled a record of 70 victories and 32 defeats for one of the finest six-year records ever accumulated in Connecticut's basketball history. The 1941-42 team which accumulated a total of 14 wins out of 18 starts was considered one of Connecticut's greatest basketball teams. This season's record of 12 victories and five defeats two games being lost by only two points, while not as good as that of last year, was considered by most people as a fine season in view of the material left from last year's great team. The squad was handicapped a great deal by the relative shortness of the starting five, but towards the end of the season the improvement of sophomore Bob Moss at Storrs at center, and Milton Dropp of Plainfield at back guard, added considerably to the height of the team. Coach White will lose Capt. John Winkler, Sam Jaskilka, Pelele M. Gagnier and Nick Verobilo through graduation in June. He has a fine nucleus, however, with which to start building next year's team in guard, Jim Connor, Bill Dropp, Ellis Beck and "Vince" Cuddy; and centers Bob Moss and Ben Mlekavech, all of whom were outstanding men on this year's squad. In addition, he will have Walter Dropp of Plainfield, the leading freshman scorer this year; Bill McFadden of Bridgeport and Dick Foster of Plainville at forward and Bob Bond of Crosby of Waterbury at guard from the freshman team. The four freshmen named should be outstanding varsity candidates next year and barring loss through ineptitude or otherwise, should help provide another fine team for 1942-43.

E. Shore Bedders
Cop League Title

Last Wednesday night the East Shore beat the highly favored Riverside, 34 to 32, to clinch the Community League Championship. Both teams battled every minute of the game without a lull. First one team took the lead and then the other. At the half the score was tied at 14-14. Beginning the second half both teams took up the fight where they left off. Neither team could get ahead by more than 4 points. Riverside won the game with 45 seconds to play. The East Shore were freezing the ball and the game ended in the Riverside's favor. Riverside won with 10 points and the East Shore with 8 were started for the winners and Zvonkovic with 16 points led the Riverside in the game. The summary:

Red Sox To Have
Baseball Team

The Branford Red Sox will have a baseball team this season despite the loss of six key players to the forces of Uncle Sam. Gone are Joe and Peter Malino, Steve Henski, Bill Levesh and Ray Brown. Jimmy Barba and Bob Gullotte are going to enlist in the Navy soon. The team will be captained by Eddy Chestnut and managed by Willy Proto this season and managed by Eddy Chestnut and Honey Bomboliski. The management announces that all those who wish to play get in touch with them. Willy Chestnut will coach the club this season. Some of the players who are expected to play this season are: Proto, Lipkewicz, Duell, Czoplicki, Ward, Orsme, Montellus, Kenneth Sobolowski, Lepre, Glancy, Tobin, Caves, Lachry and Paulino. Of these players Proto, Lipkewicz and Duell are subject to immediate call in the Army. They will be meeting on March 23 at the Community House and all those who wish to play must be present.

Mileage Hints

They J. F. Winchester, supervisor of Motor Vehicle Equipment, Central State Marketers RECENT conditions brought about as a result of our efforts to build our nation's defense and to aid other countries have forced to the fore the need of our getting the most out of our gasoline. The automobile is the most important piece of equipment in our lives and the modern automobile can be made to give more miles per gallon of gas than ever before. For this reason this writer has been preaching this same doctrine; but not until now has he had the wholehearted and aggressive support of every operator. The following have been instrumental about the care of their cars. They neglected them and shortened their useful lives through inadequate or improper maintenance. Out of an experience of many years in supplying the automobile equipment I have seen the virtue of every motorist should make it a firm rule, particularly now, to take good care of his car. And in doing so he should be sure to pay attention to the following: 1. Keep the radiator filled. Change the oil and filter frequently. 2. Clean and polish the car. Remove grease spots and splatters. 3. Check and adjust the lights. 4. Check and adjust the brakes. 5. Check and adjust the steering. 6. Check and adjust the suspension. 7. Check and adjust the engine. 8. Check and adjust the exhaust. 9. Check and adjust the fuel system. 10. Check and adjust the electrical system. You can lengthen the life of your car and save money by following these hints and by being just a little careful and attentive to the maintenance of the way you operate it.

Expanding Navy
Seeks Engineers

Specialists in the automotive industry, who have found themselves out of jobs with the drastic curtailment in the production of automobiles, today were offered an opportunity to apply for commissions and ratings in the United States Naval Reserve. Today's announcement followed inquiries from many sections of the Third Naval District by men in all walks of life, who have been connected with branch, assembly plants and distributors. Many of these men had considerable administrative and engineering experience. Others are skilled technicians, who have become specialists in the assembly and repair of internal combustion engines. Our rapidly expanding Navy is seeking specialists of all types, especially those with engineering and technical backgrounds. Such engineers and specialists may prepare a resume of their professional career and educational background and mail it to the Commandant, Third Naval District, 99 Church Street, New York City. Applicants must be of high moral character and standing in their community. In addition they must meet the physical requirements of the Navy. Those accepted will be given a rank or rating commensurate with their age and professional experience. Machine tools are the key industry for 1942. Production goals are 20 times normal. "KEEP 'EM LYING" Mrs. Walter Deion is chairman of the Ways and Means Committee of the Women's Republican Club which is sponsoring the picture "Keep 'Em Lying," featuring Bud Abbott and Lou Costello at the Branford Theatre March 9 and 10. Ker will be able to finish out the league before going into the Army. The Branford Bowling team defeated the Bridgeport Hollandas, 2 to 1, in a league match which was bowled on the latter's alleys last Sunday night.

HEADQUARTERS ARMED FORCES

The Marines have landed again, not in those now speedy Higgins boats, but in the middle of these fast moving tanks at the Armed Forces School. Four of them, two from San Diego, Cal., and two from the Marine base at New River, N. C., are now enrolled in the communication department of the Armed Forces School, but their hearts are across the street. Corporal John F. Bogner of Rochester, N. Y., and Victor H. Shannon of Detroit, are both members of the 1st Tank Battalion of the Fleet Marine Force, located at New River. Staff Sergeant Victor L. Hanson of Chicago and Private Bruce Vanderhoof of Montevideo, Minn., are at San Diego, Calif. Hanson is a scout car battalion and Vanderhoof is in a tank battalion. All of them, however, have had contact with light tanks. Now they're taking the radio operator's course and will enroll in radio electronics' course this month to learn repair and maintenance. One out of four gainfully employed people today owes his job wholly or partly to scientific research that developed new products and new industries. Use of crude rubber in heels for civilian use has been entirely stopped to save 25,000 tons of rubber a year. However, good heels can be made entirely from reclaimed rubber. Machine tools are the key industry for 1942. Production goals are 20 times normal.

Marsha Hunt receiving a Staff Sergeant's post as a result of her work in the Navy's Ambulance and Defense Corps of America. Virginia O'Brien showing her fiancé Kirk Alyn. The sights of Hollywood. Ruth Hessey receiving her engagement ring from her fiancé Lincoln Fogarty. Ann Rutherford entertaining ten army boys at lunch, then being repaid when they fixed a flat tire in her car. Five year old Dickie Hall losing his first tooth. Hedy Lamarr visiting the hairdresser for the first time in eight months for her new glamor look.

At State Theatre

Three top names in the world of entertainment, head the glam "In Person" stage show, beginning this week Friday, for 3 days only, on the stage of the State Theatre, Hartford. On the top of the list is Jimmy "Schmozzle" Durante, in person, stage, screen and radio star. Jimmy "Schmozzle" Durante comes to the stage of Hartford's State Theatre screen where he recently starred in two smash screen successes, "You're in the Army Now" and "The Man Who Came to Dinner." Jimmy is funnier than he has ever been before, and his laugh-provoking antics will leave you limp from laughing. Sharing top-billing with Jimmy "Schmozzle" is the Swedish girl who regulates her tap for her steam bath is her idea of the original sweat-er girl. Frank Capra, director of Warner Bros. "Arsenic and Old Lace," once sold newspapers in Los Angeles. George Brent has played more than 100 movies in 10 companies, winning six of them himself. If she had to forego her acting career Jean Ames says she would prefer to mending.

Cinema Chatter

Fifteen-year-old Gloria Warren, who attended the opening of her first picture, "Always in My Heart," in Wilmington, Del., her home town, said she was just as thrilled over her first fur coat as she was over the premiere. Rauli Walsh, directing Errol Flynn in "Desperate Journey" at Warner Bros., has discontinued breeding race horses on his Central California ranch and is raising canyally stock for the army. Humphrey Bogart is teaching Ann Sheridan how to ride a bicycle. Ann says she then will cycle to work daily, as Bogart does. She lives only a few blocks from Warner Bros. studio. Karen Verne, featured in Warner Bros. "Kings Row" was readied when he first arrived from Hollywood from England. She's an ash-blond now, and thinks this color suits her better. Twenty-one male members of the huge chorus used in "Yankee Doodle Dandy" at Warner Bros. have passed their physical examinations and are on 24-hour call for army duty. Geraldine Fitzgerald, one of "The Guy Who Sings" stars, has suspended her work in the Irish Red Cross to devote her time to the U. S. branch. Alala Hale has laboratory technicians experimenting with a new invention said to produce full Kodachrome prints by merely exposing the negative to a light source. Hollywood - six year old Larry Simms came on the set of Warner Bros. picture "Woman of the Year" starring Katherine Hepburn and Spencer Tracy, Miss Hepburn as a Famed Woman Columnist. The second picture on this great show is "4 Jacks and a Jill" starring Anne Shirley and Ray Bolger. See You In The Movies. YOUR MOVIEGUYED.

Speaking Of
HEALTH

By Dr. Victor G. Heiser
How many of us are conscious, in a very intelligent sort of way, of our bodies and the care they deserve and must have in order to attain robust good health? The first time I was particularly conscious of my body was when, as a very young man, I clung precariously to the eaves of a house with my fingers while the thundering waters of the disastrous Johnstown Flood swirled and roared below me, suggestive of my feet. As I dug my nails into the wet planks, wondering how long I could hold on, my body seemed to be made of lead and to get heavier every minute. From that bad moment onward I have always been keenly conscious of my body and determined to keep it fit. When I went to medical school as a slightly older young man, I learned that the body consists of a collection of living fluid and collagen, muscle, skin, glands, nerves, and other things—going about the extraordinary and wonderful business of living, and each requiring continual nourishment and stimulation each receives depends upon state of health. By nourishment I mean the food we eat, the oxygen, sunlight and water. It is the proper assimilation of these four that gives us radiant health. Our bodies also absorb life-giving substances through the skin, and sunlight is one of the most important as Vitamin D (the sunshine vitamin). Nine-tenths of our blood and the greater part of the rest of our bodies are water, and we must keep up our supply of body water at all times. The fourth kind of nourishment is food, and here it is where each and every one of us can really "help himself" to health. Today we know with scientific accuracy just what sort of foods we need. There are five principal categories, namely, proteins, carbohydrates, fats, vitamins, and minerals. Proteins are needed for body up-and-replacement and are of animal and also of vegetable origin. Fats are needed for energy and are found in milk, eggs, cheese, liver, kidneys, sweetbreads, steaks, chops roasts and other meats. Carbohydrates are found in the soybean (but, strangely enough, only when cooked) and, to somewhat less degree, in cereals, grains and legumes. Carbohydrates are needed for energy. The measure of energy is calories. The measure of energy is calories that we can "burn" or consume in an efficient way on our particular requirements. You need between 2,000 and 3,000 calories a day, depending upon your sex, weight and activity. For instance, if you are a man, you need 1500 and you will consume an efficient all day you will consume about 2,000 calories. If you spend most of your day in a sedentary job you will use about 4,000. The woman who weighs 135 or so and takes her chief exercise in shopping for an hour will need about 2,100 calories; but if she does her own housework or is otherwise active she will use up at least 500 more. Fat is needed for tissue building and for energy. When we eat more calories than we can "burn" or consume, then these extra carbohydrates are stored up as fat. The best rule to avoid overweight is to have your food—and to regulate your weight to the pound—is to see how little I can eat without losing weight. If you are a normal person a balanced diet will supply the vitamins a second thought; unless, perhaps, you have not enjoyed your share of sunlight and want to supplement your supply of Vitamin D with yeast or irradiated milk or other food sufficiently enriched. If you are a normal person a balanced diet will supply the vitamins a second thought; unless, perhaps, you have not enjoyed your share of sunlight and want to supplement your supply of Vitamin D with yeast or irradiated milk or other food sufficiently enriched. If you are a normal person a balanced diet will supply the vitamins a second thought; unless, perhaps, you have not enjoyed your share of sunlight and want to supplement your supply of Vitamin D with yeast or irradiated milk or other food sufficiently enriched.

Four Ink Spots To
Be At Paramount

The thermometer may be down around the freezing point on the streets Saturday, but at Paramount, New Haven, it is blazing around the melting point. You can attribute the rise in temperature to the Four Ink Spots. These four colored gentlemen are purveyors of that hot stuff known as "swing". They call themselves a novelty quartet because, they hot-dish and hi-de-hi in the best Harlem tradition and then suddenly swing a ballad in a manner unlike anything you ever heard before. These number-one men of the black-and-tan world are the Happy Jones and Charlie Fagan. Their show is a genuine nazz-dance, zipp-hang, shooing war whooping frenzied fiesta that lead you to believe, for the time at least, that the whole town has "put together" and that there's nothing left but to have jollification. The Four Ink Spots are fast in their methods, with little restraint at any time. Perhaps they hold to the theory that it would be dangerous to start a lively pace and parade the week of the State Theatre in Hartford. Durante comes to the stage of the State Theatre fresh from his triumphs on the screen where he recently starred in two smash successes, "You're in the Army Now," and "The Man Who Came to Dinner." Connee Boswell will share top billing with Durante. She is America's favorite songstress and singing star of Bing Crosby's radio program. On the same bill, Red Norvo and his band feature the lively songstress, Kay Allen; Vocalist, Fran Sully; and the Hollywood Blondes.

EAST HAVEN

RATIONING BOARD ELECTS MRS. BATH

The East Haven Rationing Board appointed by First Selectman James J. Sullivan, is composed of the following members: Chairman, Mrs. Otto E. Bath, 102 Dewey Avenue; William E. Lynch, Sr., 56 Ure Avenue; Alfred F. Holcombe, 23 High Street; Peter G. Weber, 78 Laurel Street, and Mrs. Robert M. Taylor, 578 Thompson Avenue.

For the time being the board will be responsible only for the rationing of sugar, it was stated in the official bulletin, but at a later date may also be responsible for other household commodities.

The proposed plan of controlling sugar purchases is to issue coupon books containing 28 tickets, each of which will permit the purchase of a week's supply per person. These will be distributed, according to present plans, by local school teachers.

March events scheduled on the High school calendar following the reopening of school after this week's vacation are as follows: March 11, Athletic Association department assembly; March 18, Junior Thesplan Assembly; March 25, Manual Training Assembly and March 27, Music Festival.

On Libraries. Miss Beth Taylor, librarian at the Haganon Library will be speaker March 5th at the regular meeting of the Half Hour Reading Club to be held in the library. Her subject will be "History of New England Libraries." Mrs. S. F. Chidsey will be hostess.

An illustrated lecture on the Oberammergau Passion play which he attended in 1930 will be given by Dr. John W. Gregory in St. Andrew's Methodist Church, Wednesday, March 25, as a part of the Lenten program. A committee consisting of Edith Clark, Elizabeth Welch, Paul Stevens and Marshall White has been appointed to obtain sponsors for the affair which will be open to the general public without charge, the proceeds being used for the benefit of the church.

Rehearsals are now being held by the Hunter the Spain Group at the High School for their coming play, "A Woman of Judgment," which will be presented as an assembly program in the school auditorium on March 17. The play, written by Leon M. Pierson, will have an all-girl cast. The advisor is Miss Virginia Stevenson, and the student director is Martha Paris.

When Johnny carries his lunch to school —his lunch box should contain a nourishing, well-balanced meal

Dorothy Greig.

School Lunch boxes should feature well balanced, nourishing foods.

HERE is a story with two possible endings. It goes like this: Boy carries lunch to school. Boy eats lunch.

Boy is alert, energetic and bright all afternoon.

Boy is listless, tired and dull. The ending depends upon what is in that lunch box Boy carried to school.

Of course, what a youngster needs at noon is a first class re-fueling. Foods that provide quick energy and are easily digested. Hot food in the form of a sustaining soup or nourishing beverage are fine—and go along in the thermos bottle. A high vitamin drink such as tomato juice, rich in Vitamin C, is also a good choice.

For sandwiches use whole wheat bread or fortified white bread and see that the fillings are substantial. Salads can be packed in waxed paper containers. Even stewed fruits are a possibility if stored in a small glass and topped securely.

The following are menus for lunch boxes that will help keep little Johnny bright and keen for his afternoon's work and play:

- *Cream of Asparagus and Chicken Soup. Peanut Butter and Bacon Sandwiches. Whole Orange and Grapes.

- #Chopped Egg and Celery Sandwiches on Wholewheat Bread. Shredded Fresh Vegetable Relish. Orange Layer Cake. Hot Chocolate.

- *Cream of Pea Soup (add equal quantity of fresh milk to condensed pea soup). Ham Sandwiches with Cole Slaw Sliced. Peaches with Cookies.

- Tomato Juice. Cold Fried Chicken with Bread and Butter. Cranberry Relish. Spice Cake with Cream Cheese Icing.

- *Cream of Tomato Soup (add equal quantity of fresh milk to condensed tomato soup). American Cheese Sandwiches on Wholewheat Bread. Apple Celery Salad. Raisin Cookies.

- *Cream of Asparagus and Chicken Soup. 1 can condensed asparagus soup. 1 can condensed chicken soup. 1 can milk (using soup can as measure). 1 can water.

- Stir the condensed chicken soup into the asparagus soup. Then add 1 can of milk and 1 can of water (using the soup can for a measure), and heat, but do not boil. Serves 5-7. (Save some for your own lunch, too.)

- #Chopped Egg and Celery Sandwiches. 4 hard-boiled eggs, chopped. 1/2 can condensed celery soup. 1 teaspoon lemon juice. Mix all the ingredients thoroughly. Spread sandwich filling of slices of buttered bread. Makes 5-6 sandwiches. (Tasty for your lunch, also.)

Council Sends Consumer Head

Branford was represented Saturday afternoon at a meeting of the Consumer Committee, State Defense Council, at Burrough's Library, Bridgeport by Mrs. Ernest Craig.

At this meeting were present all of the broadcasters of the several local broadcasting stations who are beginning on Monday, March 2, 1942 the program of the Consumer Committee of the State Defense Council. They will broadcast each morning the local market reports and other matters of consumer interest to consumers in the particular locality.

The general program of the Consumer Committee of the State was explained in detail to the local representatives, with details as to how the program is designed to aid local activities and how the State Committee hopes to be aided by local consumer committees organized under the local defense councils.
