MORE BATTERY BOYS ON WAY TO BRANFORD

A second contingent of Branford Battery Boys have arrived in California from New Guinea after an absence of 26 months. The Review was unable today to learn their identity except that Captain and Mrs. Alfred Anderson received a telephone call last evening from their son Alfred, who said he was there with a group from Branford. Five arrived in town last week.

TIME TO REGISTER DOGS

Owners of dogs can procure license tags in the town clerk's office. All dogs must have the new gray plastic tags attached to their collars by May 1, as after that date an additional penalty of \$1 will be added to the regular fees, which are \$2 for a male or spayed female, and \$5.25 for a female. Those registering spayed females for the first time must bring a veterinarian's certificate with them.

CARD PARTY WEDNESDAY

The Indian Neck firemen will hold a card party Wednesday, April 26, in the fire house at 8 o'clock. Tickets may be obtained from any member of the organization or of the following committee: Clifford Collins, chairman; Howard Hills, William Ryan, Buddy Eriksen, and Raymond Reed.

CEMETERY MEETING

A meeting of the Stony Creek Cemetery Association has been called for this evening at 8 o'clock in the firehouse.

Two Branford Battery Boys Wed This Week

Among the Branford Battery Boys who have returned from overseas are two who straightway lead their sweethearts to the altar.

First Sgt. Dominic Sansone, son of Mr. and Mrs. Louis Sansone of Meadow Street and Miss Helen Plano of Ashmont, Mass., were married yesterday in St. John's Church, Wintthrop, Mass., by the Monsignor Quinlan.

His parents attended as did Michael Bontatibus who was his nephew's best man.

After a wedding trip they will return here until Sgt. Sansone reports for duty the first week of May. Sgt. Sansone arrived in Branford Easter morning.

Pfc. Joseph Purcell, son of Mr. and Mrs. Thomas Purcell of Chestnut Street and Miss Mary Kennedy of Boston will be married Sunday afternoon at 4 o'clock in St. Matthews Church, Dorchester, Mass.

Following a trip to Washington, D. C., Private and Mrs. Purcell will stop in Branford. The bridegroom's family expect to attend the ceremony.

Pvt. Purcell was one of five Branford Battery boys to return from New Guinea. He arrived a week ago today.

State Official Addresses GOP

Mrs. Frances B. Redick, Secretary of State was guest of the Women's Republican Club Monday afternoon at the home of Mrs. C. Murray Upson. She spoke on soldier vote and absentee ballots and displayed a sample of the new absentee ballot.

Mrs. Redick went into detail on the involved work required to draw up the act and explained how the new ballot provides an opportunity for those in service to vote.

Mrs. Frank Daley, president, presided over the meeting which was attended by 35 members and guests.

The hostess was assisted by Mrs. Warren Hopper and Mrs. Irving Field.

Mrs. Charles Scovill was appointed chairman of a telephone squad with the following committee: Mrs. Irving Field, Mrs. Walter Delon, Mrs. Grace Hunter and Mrs. Winfield Morgan.

Mrs. Reuel O. Lindberg, chairman of programs announced that Judge Stanley R. Meade of New Canaan will be the guest of the club at a town wide meeting to be held in the Community House, May 25. In view of this meeting the regular meeting of the club will be omitted next month.

READ BUT UNHEEDED

One of our over-seas service men has mailed three Japanese propaganda circulars written in both English and Japanese. One pictures a clove stuck ham and reads "Ticket to Armistice" and tells what a scldier or group should do to surrender.

Another is a map of New Guinea with a dead Jap chained to it. "Killed in Action! Died at the Jangles of New Guinea might again rest in peace."

The third bears two pictures, one a Jap bomb on a platter, the other roast chicken on a platter. Above are the words, "It's yours for the asking!"

ATTEND TEA

Rev. and Mrs. Frederic Murray will attend a tea this afternoon given in the honor of The Most Reverend and Right Honorable Cyril Foster Garbett, D.L., Archbishop of York, Primate of England and Metropolitan.

Rev. Murray will remain for services in the evening at Trinity Church, New Haven.

Five thousand dollars is the aim of a citizens committee which has undertaken the task of raising that amount for development of Hammer Field into a more useful playground for the community.

In addressing those who attended Ye Olde Tyme Minstrel at the Community House last evening he told of the origin of the project, largely through the foresight of Alfred Hammer and his brother Valdemar Hammer who purchased the land, then a mosquito breeding swamp, and presented it to the town in 1933.

At that time a committee of nine was named to handle its affairs and for some time the town has appropriated \$1300 yearly. About \$800 of this goes to pay for a caretaker.

Mr. Kinney gave credit to Dr. Charles W. Gaylord, health officer, for originally influencing the town to rid itself of the gorm breeding swamp.

The minstrel will be repeated tonight and is the first gesture to establish a fund for Hammer Field improvements.

MEMO To Mrs. Housewife

By Anna Gauda

There you seen the new mother and daughter again? They come in all colors of fairy tale prints and make perfect gifts. They'll also encourage the young miss to take an interest in cooking.

Although you don't have to turn in an empty tube to get more toothpaste, WPII salvage division urges us to save and turn in all collapsible tubes.

Your jars of real marmalade should never be placed close to the freezing unit in the refrigerator. It is only necessary to keep real marmalade at a moderate temperature about 50° to 70°.

Some people will buy anything, but do beware of pill salesmen who are selling "Mexican nylon" saying they'll be just like American ones if kept in the lexbox for two weeks. They're rags!

To keep green color in your fresh spring vegetables, cook them in an open saucepan and in very little water. Use lettuce or green leafy liquid in soups and gravies.

Here's a time-saving sandwich hint. Mix vitaminized margarine with your sandwich spread and you'll have to spread the bread only once.

January onion stocks were lowest in 10 years. . . . Use a half-dozen of garlic for seasoning when you are selling "Mexican nylon" saying they'll be just like American ones if kept in the lexbox for two weeks. They're rags!

Tangerine syrup may substitute for apple syrup due to the shortage caused by the short 1943 apple crop.

Happy Birthday

Carla Anne, daughter of Mr. and Mrs. Carl Monticelli, the 29th.

And on the 30th—Mary Elizabeth Miller.

Frederick G. Nithke of East Haven observes his birthday today.

Cpl. Richard P. Anderson, son of Mr. and Mrs. Otto Anderson, Sea Avenue, has returned to Illinois after an Easter furlough.

Cpl. Nicholas Weld, Monroe Street, has returned to Port Dix, N. Y., where he is with the medical corps.

Cpl. Raymond Nelson Van Winkle is here from the Branford, Neb., field to spend a two week furlough with his parents, Mr. and Mrs. Raymond N. Van Winkle, East Main Street.

G-E and New Haven Presidents Inspect New Diesel Locomotive on Its First Run

Howard S. Palmer, President of the New Haven Railroad (right), greets Gerard Swape, President of the General Electric Company (left), at the completion of the latter's role from New London to New Haven in the cab of the New Haven Railroad's latest addition to its fleet of Alco C-62 Diesel road locomotives. The engine in the background is one of 28 such 2400 horsepower locomotives now owned by the New Haven. Orders for 20 more of these powerful green and yellow units have just been placed. Operated in pairs, developing 4800 horsepower, the big Diesels are used interchangeably in both freight and passenger service on the New Haven's Shoreline route between Boston, Mass., and New Haven, Conn.

"D" AT SALERNO WITH A FIGHTING SEABEE

By Jack Hamilton Pickett, CMIE, 54th Naval Construction Battalion

Editor's Note: This unusual and exciting story was told to a representative of GMC Truck & Coach, builder of the "Duck," by Seabee J. H. Pickett recently while on leave in the United States. Pickett worked as a hydraulic engineer for 14 years before joining the Seabees. He states, in his opinion, that the men responsible for the development and manufacture of the amphibious truck or "duck" made one of the finest possible contributions toward winning the war.

HAPPY BIRTHDAY, ADOLPH!

LESSONS AT HOME

It's never too soon to teach your 'teen-age daughter the first steps in a practical homemaker. Today, with the need for clothes conservation, it's especially important that the know how to make her clothes last longer by ironing and pressing them properly.

Many simple devices for prolonging the life of clothes are available in stores today. Among these is a new ironing board, which has a cushion when pressed gathered sleeves, curved seams, and other hard-to-get places. Still another is a new ironing board, which has a cushion when pressed gathered sleeves, curved seams, and other hard-to-get places. News About Rationing; Price Control

FUELS
Period Four coupons good to September 30.

Period Five coupons become valid March 14 and are good through September 30.

All coupons worth 10 gallons a unit.

COAL
Anthracite, now rationed, but without stamps or coupons. No order may be filled by dealer if it puts 50 per cent or more of last year's supply in your bin. Supply figure is based on 12 month's consumption ending March 31, 1943.

First priority goes to those who have less than 25 per cent of year's supply on hand. Soft coal not affected.

STOVES
Purchase certificates obtainable from local board.

TIRES
All passenger car tire inspections have been cancelled as of April 20.

OFFICE HOURS
New daily office hours at 9 to 5 except on Saturdays when at 9 to 12 noon. The room will be closed to the public all day Wednesday.

Those who wish to appear before the board for gas and tires must do so Monday after 7:30. Oil problems will be considered Wednesday evenings and the food panel is in sessions Thursday evenings.

NOTES
By Anthony F. Appala, State Director

Reviewing my notes for this week, I find one at the top of the list which should be of interest to all of us who have folks in the service. Up to April 20, as many of you know, you were permitted to get an additional quarter of a pound of sugar when your son or husband was home on furlough for three days.

However, however, your local War Price and Rationing Board is prepared to issue a certificate for a pound of sugar to cover furloughs of two days or less. If the furlough runs over twelve days, then the Board will issue a certificate for two pounds of sugar.

The reasons: To cut down paper work at the Board and to make the job easier for the housewife who recently has found it difficult to purchase sugar in quarter-pound quantities.

Next item of interest concerns Airplane Stamp Number Two in War Ration Book Three. This stamp has been designated for use in buying rationed shoes on May 1 and for an indefinite period thereafter.

Last Sunday, we received word from Washington that salad and cooking oils listed on the current ration charts at four points a pound, have been made point-free by new salad oil notice. Hence, if you are buying salad oil, you can disregard the point value carried on the chart.

Here's some good news for you motorists who up to date have been buying rationed shoes on May 1 and for an indefinite period thereafter.

Factory seconds are tires which the manufacturer has found to be imperfect. All such tires are either given a special identifying mark or are unbranded. Until recently, these so-called seconds have been included in the quotas of all other passenger tires and tubes but they have been moving slowly because of

car owners who were issued certificates for new tires were unwilling to accept them.

At present there are about 50,000 factory seconds in the hands of manufacturers. While their release means only slightly more rubber on the market when judged by national requirements, they will be a help to some of our citizens, particularly those whose ceiling price is 25 per cent less than that for perfect passenger tires.

Farmers Asked To Be Careful Of Accidents

Explaining that 10 farmers were killed and 157 other farmers injured last year by motor vehicle accidents on Connecticut highways, the Connecticut Safety Commission urged that farmers throughout the state keep farm trucks and cars in first-class condition and operate the vehicles with great care on both farms and highways this year.

"Motor vehicle accidents that take place on farms can be just as serious or fatal as the worst accidents of this type on city streets," the commission declared.

The Safety Commission suggested that owners and operators of such double-duty farm cars and trucks check brakes, lights, steering apparatus and windshield wipers immediately and make repairs if necessary.

"Remember," the commission stated, "that just one accident, either on your property or on a public road, could cost you many times the amount of a garage repair bill and might mean a long period of physical pain for the accident victim and mental suffering for your family."

"Also, our nation faces a serious crop production problem during this time of war, and accidents that would keep Connecticut farmers away from their land would hinder Connecticut's part in the nation's war production program."

"Unfortunately, in many cases a serious accident to a Connecticut farmer or to a member of his family might mean the loss of his entire savings, his crop and his earnings for this year and part of his income for years to come."

Last Sunday, we received word from Washington that salad and cooking oils listed on the current ration charts at four points a pound, have been made point-free by new salad oil notice. Hence, if you are buying salad oil, you can disregard the point value carried on the chart.

Here's some good news for you motorists who up to date have been buying rationed shoes on May 1 and for an indefinite period thereafter.

Factory seconds are tires which the manufacturer has found to be imperfect. All such tires are either given a special identifying mark or are unbranded. Until recently, these so-called seconds have been included in the quotas of all other passenger tires and tubes but they have been moving slowly because of

car owners who were issued certificates for new tires were unwilling to accept them.

At present there are about 50,000 factory seconds in the hands of manufacturers. While their release means only slightly more rubber on the market when judged by national requirements, they will be a help to some of our citizens, particularly those whose ceiling price is 25 per cent less than that for perfect passenger tires.

NOTES
By Anthony F. Appala, State Director

Reviewing my notes for this week, I find one at the top of the list which should be of interest to all of us who have folks in the service. Up to April 20, as many of you know, you were permitted to get an additional quarter of a pound of sugar when your son or husband was home on furlough for three days.

However, however, your local War Price and Rationing Board is prepared to issue a certificate for a pound of sugar to cover furloughs of two days or less. If the furlough runs over twelve days, then the Board will issue a certificate for two pounds of sugar.

The reasons: To cut down paper work at the Board and to make the job easier for the housewife who recently has found it difficult to purchase sugar in quarter-pound quantities.

Next item of interest concerns Airplane Stamp Number Two in War Ration Book Three. This stamp has been designated for use in buying rationed shoes on May 1 and for an indefinite period thereafter.

Last Sunday, we received word from Washington that salad and cooking oils listed on the current ration charts at four points a pound, have been made point-free by new salad oil notice. Hence, if you are buying salad oil, you can disregard the point value carried on the chart.

Mrs. John McCabe, President

EAST ROCK DEMONSTRATION GARDENS
The hardy seeds—peas, Swiss Chard, beets, carrots, radishes, parsnips and spinach were planted at the East Rock Gardens last week in the plot south of the greenhouses. Plants of parsley, lettuce and cabbage were being followed into the ground by broccoli and cauliflower sprouts that spent the early part of the week becoming acclimated to cooler temperatures in the cold frames.

GARDEN CLUB MEETING
A good sized audience enjoyed Mr. Birch's very fine pictures presented at the Library lecture hall last Friday.

GARDEN CLUB GIFT
Mrs. Lamb, Conservation Chairman of the Garden Club, announced that the wild flower seeds (7) had been received and would be delivered to the grade schools as soon as possible, as a gift from our club and with the hope that it will aid the teachers in their projects of teaching the children conservation of our wild flowers.

WELCOME
We all enjoyed seeing Mrs. Beers and Mrs. Stone at last week's meeting; they both having recovered from lengthy winter colds.

"GREEN FINGERS"
"Happy indeed are those fortunate people who live close to the land where they can watch and tend growing things. And doubly fortunate are those with 'green fingers' who have a kinship with the elements of nature, those at whose touch the earth blossoms forth."—R. Taylor, Branford Review, 5-22-43.

GARDEN CENTER TABLE
Several copies of the Federation handbook on vegetable and small fruit growing have been placed on the supply table.

GOING TO OUR YANKS OVERSEAS
Uncle Sam wants 15 billion board feet of boxing and creating this year. Help win the war by selling your saw logs and pulpwood now.

CONNECTICUT WOOD GOES TO WAR
Shades of the once proud monarchs of Connecticut forests that went down to the sea in ships! The day of the wooden ship is long since over, but war is giving those by-gone days an opportunity to live again. Connecticut forests are being combed for oak, hickory, ash, maple, birch, poplar, and other woods that will be used in ships that will help to win the war. Connecticut is not a big timber producing state, but the need is so great that companies in the ship timber business go long distances for their logs. Since the logs are moved to a central mill by truck, a woodlot with even a few truckloads of suitable timber will interest the operators. Trees to make good ship timbers must be 20 inches or more in diameter at breast height, and tall. They are bringing a good price too, with the higher prices paid for the larger and longer logs.

Connecticut forests are helping wartime transportation by supplying the railroads with a least 300,000 ties annually. Oak, birch, beech, hard maple, and hemlock are used. Logs to make No. 2 ties must be at least 10 inches in diameter inside the bark, with greater diameters to make the No. 1 grade. Although the labor shortage is keeping the production of cordwood down, the amount which could be used during our fuel shortage, Connecticut woodlands are supplying about 200,000 cords per year, an amount equal in fuel value to 40,000,000 gallons of oil. There is a ready market at ceiling prices for all the cordwood that can be cut.

There is always a temptation during a period of high prices to cut the woodlot clean of all timber. But that would be killing the goose that lays the golden egg because after the war the scarcity of larger trees will make it worth while to keep our woodlots productive. It is the method that will retain the golden egg. Take out only the trees that are mature, or which will help the stand if they are removed.

Dorothy Shay has elicited in a big way. Originally signed for a few guest appearances on the CBS "Caravan," the southern actress, shown here, is now a permanent member of the show which stars Alice Templeton and Morton Gould. Wednesday at 10:30 p. m., C. W. L.

McLeroy Rooney, who says he never misses the program, has offered his services for an appearance on "Suspense," NBC Thursday thriller series. Producer Bill Epler is scouting for a suitable story to star the famed young star.

Garry Moore will soon record an album full of poems he has introduced on his CBS Friday night programs with Jiminy Durante. Included are "Roundelay for a Rabbid," "Ode to a Cow," "Elsie and the Glow Worm" and "Hugh the Blue Gnu." Gar-
ry, shown here, is now working on new ones for future broadcasts.

This month Maestro Dan Bryan starts his second year as musical director of "Radio Reader's Digest."

Heretofore a conductor, Bryan's work on the program as an arranger and composer as well, has been winning him new laurels.

Marjorie Anderson, shown here, and Miltz Gould, of "The Parker Family," got the idea for a new campaign to buy cigarettes for wounded service men. Whenever a guest musician buys a pack of cigarettes from a vending machine, the actress collects the two pennies "Smokes For Heroes."

NORTH BRANFORD

Services in the local churches on Sunday will include:

Mass at 8 and 9:15 o'clock for members of St. Augustine's R.C. Parish. The 8 o'clock Mass will be held in the Northford Congregational Church, Rev. John J. McCarthy, pastor. Mrs. Genevieve Bernard, organist and choir director. Dominican Nuns from New Haven will instruct the children at Sunday School classes directly after Mass.

Holy Eucharist will be celebrated at 9:30 o'clock on Sunday morning at Zion Episcopal Church, Rev. Francis J. Smith, Rector; Mrs. Paul R. Hawkins, organist. Children of the parish will remain for Sunday School classes after this service.

North Branford Congregational Church will hold morning worship at 11 o'clock, Rev. Maurice deVries, pastor; Mrs. Douglas B. Holabird, organist and choir director. Sunday School will convene at 10 o'clock with Burton S. Colter, superintendent, in charge assisted by his corps of teachers.

The public is invited to the moving pictures which will be shown in the club house on Thursday night following a special meeting of To-toket Grange. Warren E. Brockell of the New Haven County Farm Bureau will show the pictures and

Mrs. Frank Frawley and Mrs. Harry Juniver will assist.

The eighth grade of the Jerome Harrison School will present a public entertainment in the town hall on Friday night under the direction of their teacher, Mrs. Ruth Vars. The variety show will be followed by dancing. Both modern and old fashioned. Residents and out-of-town friends are urged to lend their support.

The recent food sale conducted by the Confraternity of the Rosary was a huge success, over forty dollars being realized on the sale.

The Zion Parish Guild conducted a most enjoyable silver tea at the home of Mrs. Paul R. Hawkins of North Hill Road recently. An interesting and instructive program was presented also.

Mrs. Leon Voland of Branford Road was the hostess at the luncheon served by the Ladies Aid at the Congregational Church on Wednesday.

Women of the community gathered at the Alwater Memorial Library on Wednesday to make surgical dressings.

Mr. and Mrs. David Snow and Frank H. Snow have returned to the Snow Homestead from Florida

EAST HAVEN

LEGION DELEGATES

The Harry R. Bartlett Post, American Legion, has elected the following delegates to the forthcoming annual state convention in New London: Leslie B. Redfield, Peter Weber, Linus J. Swanton and E. C. Hanley. The list of delegates was announced by Commander Hanley who also gave the list of alternates as follows: Thomas McMahon John Enright, Peter Molloy and Edward Angelo. Considerable business of importance is expected to be transacted at the state session inasmuch as postwar projects will be to the fore.

Elmer H. Proctor has been named custodian of the town hall.

Ladies of Foxon Congregational Church will serve an Italian spaghetti supper in the dining room at 6 o'clock on the evening of Tuesday, April 25, Mrs. Sidney Bailey is taking reservations.

Ninth Meeting
Of Republicans
To Be In May

At a meeting of the State Executive Committee of the Connecticut Young Republicans, held in Hartford Monday night, Walter Norwash, President, announced that Congressman Joseph Talbot of Naugatuck would be the toastmaster at the banquet of the Ninth Annual Convention of the Connecticut Young Republicans, which will be held in Hartford, on May 12 and 13.

The decision to hold the annual convention this year was arrived at several weeks ago by the Executive Committee. While the Committee recognized the difficulties of running a convention under war-time restrictions, and with so many club members in the armed forces, it was felt that the younger element in the Republican Party should be given an opportunity to express their opinions, considering the fact that both State and National elections will be held this year. The success of the 1943 convention held under similar circumstances was a deciding factor in this decision.

Mr. Norwash appointed Fred Zeller, State Comptroller, General

where they spent the winter. Miss Lucy R. Holabird who has been working with the Girl Scouts in Oregon is spending a short visit at her home before resuming her work in Georgia.

Chairman several weeks ago, and announced the appointment of various Committee Chairman.

Among these were Judge Norman Yellin of Hartford, as chairman of the Banquet Committee; Mrs. Anna Mae Switaski, of New Britain, State Central Committeewoman from the Sixth Senatorial District, Chairman of the Credentials Committee; Herbert Korn, East Haven, Registration; Joseph McCarthy, Stafford Springs, Publicity; Allan F. Shepard, Middletown, Ticket Committee; Attorney Arnold Vogt, New London, Chairman of the Resolutions Committee; A. Vail Smith, Somers, Sergeant-at-Arms; and Avice Slate, of Hartford, Chairman of the Reception Committee.

Mr. Zeller estimated that between 300 and 350 would attend the banquet at the Hotel Bond on Saturday night, May 13. Final arrangements are being made to have a nationally-known Republican make the principal address. Invitations have been issued to Governor Raymond E. Baldwin and other state officers, including the Connecticut Republican congressmen in Washington. It is expected that several of these will be called upon to speak, which speeches may reveal the Republican issues which will be emphasized during the coming campaign.

From the interest already shown, it is expected that there will be several stormy sessions of the Resolutions Committee. There are already indications that several resolutions on foreign and domestic policy will be submitted to the Resolutions Committee and that the

Committee will devote much of its time to those subjects.

Prior to the last Junior Musical Art Society meeting Mrs. Ruth Lindsay Oliver, counselor entertained at dinner at the Oaks Towne House for State Chairman Mrs. Hollman of Fairfield, Mrs. Harold Baldwin and Mrs. Raymond Pinkham, juvenile counselor.

PIGS FOR SALE

8 to 10 weeks
Old. Cholera immune. Rudolph
Kneuter, Post Road, Tel. 201-3.

Baby can't fall out of this beautifully constructed crib because it's wonderfully equipped with sides that come all the way up, and stay locked in place. The crib is on casters so that it can be easily moved to any spot in the nursery. Have it in waxed birch with Little Mother Godde figures. Come in and see how truly charming it is
