A LITTLE ABOUT THIS AND THAT

BY PAUL H. STEVENS

FLOWER SHOW SEASON

We have been listening to glowing accounts from East Haven neighbors, who have been attending the Flower Shows. Quite a few from here went to New York to enjoy the delights at the annual Flower Show there, while others tell us of the beauties enjoyed at the Flower Show in Boston. These flower shows are delightful previews of the season ahead. The show closest to home is that which ended on Tuesday of this week in Hartford, and from accounts we have heard, it was well on a par, although smaller of course, with the shows in Boston and New York. It is unfortunate that New Haven does not have an annual show of this kind.

We were pleased to learn that the flowers used in the first prize arrangement of Mrs. George H. Rhyndance, Jr., of Spring Glen in the Garden Club section at the Hartford Show were provided by the J. A. Long Co., here in East Haven.

The Hartford Show was sponsored by the Hartford Times, the Connecticut Horticultural Society and the Federated Garden Clubs of Connecticut. It was held in the Radio Center at 555 Asylum street and this was the first time such a show was held in that city and it received wide public acclaim.

The charm and beauty of the show was due to the grouping and blending of varied garden exhibits into one gorgeous spring scene. The exhibitors had petted and coaxed under glass in greenhouses, the daffodils, dogwoods, lilacs, laurels, larches and myriad other flora to bloom for this great pre-spring showing. There was five months of careful planning and nurturing behind much of the show. The rose exhibitors alone required a full year to grow and force out choice specimens. Features at the Hartford show were the outdoor living room, the naturalistic garden, the Old Mill, little terrace garden, garden wall, suburban terrace garden, and a city garden. The Garden Club exhibits were also especially enjoyed by all.

A WORD TO PUBLICITY CHAIRMEN

This is the season of the year when new officers are taking over in the various organizations of the town. Among the new office holders are those who are given the title of "publicity chairman" and it is their duty to publicize their organization as much as possible and to provide the press with items concerning meetings and organization activities. Recently two or three new publicity chairmen have asked us information regarding their handling of news and other information for the East Haven News.

We are glad they are seeking this information. It pleases us that the News is being accepted more and more as the medium through which news of the town and its organizations can be disseminated. We are also glad because it gives us an opportunity to address a few words to all publicity chairmen as to how they can make our task more comfortable.

First of all we would like them to realize that it is more pleasing to us if they would write out their items and notices rather than telephone us. It isn't that we don't like to hear your voices because we do, but it is rather because if you write out your items and mail them to us it lightens our work and minimizes errors. We would like the items sent to us very early in the week, even the Saturday before publication if possible. Never later than Tuesday. Postal cards may be used and some program chairmen are already finding postal cards effective for this work. Sufficient room should be left at the top of the card or sheet of paper so that we can write in a caption or headline. Abbreviations except the obvious ones should be avoided and names should be printed where possible. All items or notices should be addressed to us at Post Office Box 153 from which our mail is picked up twice daily, morning and evening.

To all new "publicity chairmen" we wish you success and promise you our cooperation during the coming year.

THOMPSON AVENUE TRAFFIC

Rerouting of the Momauguin busses of the Connecticut Company through Thompson avenue from Dodge avenue to the Town Hall has served to focus attention upon the traffic congestion along this busy thoroughfare due to the parking of automobiles.

It would seem that the best manner to ease the flow of traffic through this travel artery would be for the town fathers to adopt parking restrictions there so that parking of automobiles would be permitted on one side of the street only. At the present time, when autos are parked on both sides of the street, it is difficult for two cars to pass. This has become especially troublesome with the passenger busses now using Thompson avenue.

The fact that the American Legion Building and several professional offices are located along the northerly end of Thompson avenue means that there are normally a great many cars parked along the street, especially in the evening hours. On Bingo nights, and when there are other functions at the Town Hall, the number of parked cars is increased. Parking is restricted along the Town Hall frontage, but it would seem wise to extend this restriction to one side of the street all the way from Main street to Dodge avenue.

Thompson avenue is a part of Route 100, a state highway, and as such every effort should be made by the town fathers, in our opinion, to ease the flow of traffic through this important north-south artery.

EVER READY GROUP

The Ever Ready Group of the Stone Church will meet in the Parish House, Tuesday April 1st, with Mrs. Marcus Gandossy presiding, and Mrs. Frederick Norton and Mrs. Lewis Borden as hostesses.

RAINBOW GIRLS CARD PARTY

East Haven Assembly No. 17 of Rainbow Girls are running a card party March 28 at the Old Stone

Church, (Friday evening) Please bring your own cards.

CONVELESCING

Randall W. Richards Jr., branch factory manager for the Reo Motors in Main Street, has returned from the U. S. Veterans' Hospital in Newington, where he received treatment for spinal injuries sustained during the war. Richards is on leave until his health permits resumption of his duties.

Olson Ready To Start On Apartment House

Martin Olson said this week that he has completed preparations to break ground within the next ten days to two weeks on the new 57-family apartment house in Main street between Gerrish and Bradley avenues. This will be the first apartment house to be built in East Haven. It will be of the Garden type.

The ground has already been cleared for the building, the Kirkham barn having been moved closer to the present dwelling on the Main street side of the property, and nearly two dozen trees cut down.

The project, it is estimated, will cost \$450,000. It will probably be ready for occupancy in late summer and it will be available, under the terms of the F. H. A. mortgage, to veterans only as tenants and the rentals will range from \$68.50 to \$75.

The apartment house has been designed by Henry Straub Kelly, architect. The sewage disposal plans have been approved by the state and local authorities.

Financing is being done by the Prudential Insurance Company through the F. H. A. and the agency for the apartment will be the Charles T. Lincoln Company of New Haven.

Mr. Olson was in Hartford this Tuesday completing final arrangements for starting the job which will furnish employment to a very large force of building tradesmen.

Lenten Luncheon Set For April 3rd

The Ever Ready group will serve a Lenten Luncheon on Thursday April 3rd from 11:30 to 1 o'clock in the Parish House of the Old Stone Church.

Interesting and tempting is the menu of Halibut Turbot, Potato Chops, Deviled Eggs, Vegetable Tossed Salad, rolls, coffee, Boston Cream Pie and many inviting relishes.

If you wish to enjoy this luncheon, is it advisable to purchase tickets early as the number is limited and by the advanced sale money will be without tickets.

Mrs. Robert Bowersfeld Sr. 4-1277 Mrs. Robert Bowersfeld Sr. 4-1277 have a few tickets for a short while, priced for adults 80c and children 50c.

RUMMAGE SALE

The women of Christ church will hold a rummage sale on Wednesday, April 30 in the church hall. All donations for the sale may be left in the hall a few days before the sale and the doors will be open at 10 A. M. The committee consists of Mrs. George C. Everts, Mrs. F. E. Page, Mrs. Robert Schroeder and Mrs. Charles Bormann.

Many Attend Memorial For Clifton Weed

The Memorial Service at 11 last Sunday morning for the late Clifton M. Weed Jr., born Sept. 24, 1930—died Jan. 30, 1947—was largely attended in the Stone Church. The New Haven and Branford Chapters of the Order of DeMolay attended and participated in the service.

The Old Testament Lesson was read by Master Counsellor George T. McNeil of the New Haven DeMolay and the New Testament lesson by Graham MacArthur of the Pilgrim Fellowship. The Memorial Prayer was said by Chaplain Donald Jackson of the New Haven chapter. The anthems rendered were "Follow the Gleam" and "The Old Rugged Cross" both by the Young Peoples' Choir.

The pastor, Rev. William G. West, preached on the topic "What He Had, America Needs." It was a splendid tribute to the many fine qualities of character that marked the late Clifton Weed.

Clifton was chaplain of the New Haven and State Chapters of the DeMolay. The two anthems which were sung during the service were among his favorite hymns.

Cast Announced For Play By E. H. Players

The cast for the play "Yes or No" to be presented by the East Haven Players in the Foxon Community Hall on the evenings of April 16, 17 and 18, was announced this week. It is as follows: Mr. Webb, Frances Harvey; Rev. Richard Jarow, Richard A. Harvey; Edna Jarow, Evelyn Bixby; Sally Jarow, Claire Oskins; Jo Ann Jarow, Cecile Pichel; Rev. Mr. Bagshot, Joseph Hawlin and Adrien Marsh, Earl Thomas.

The play, written by Kenneth French is being directed by Mrs. Hazel Garvin.

Tickets are now on sale and it is advised that they be purchased well in advance. The admission will be 60 cents and the curtain will rise promptly each night at 8:15 o'clock.

MAIL EASTER BOXES

The service mens committee of the Stone Church met at the home of Mrs. Herbert Coe, to wrap and mail twenty seven Easter boxes to the boys who are still in the service including two who are in the hospital.

William Green Back From Ball Team Practice

William A. Green of 13 Gerrish ave. returned this week from an enjoyable stay of seven weeks at Sarasota, Florida, where he was a keen observer at the pre-season practice of the big League baseball players. Bill, a former member of the Board of Education, is one of East Haven's best known baseball fans and he has followed the game as a hobby from boyhood. He was a player some years ago in semi-professional ball. Bill is a member of the "Blue Birds" a group of baseball fans who frequently "warm up" with the teams on the Florida training grounds. He was initiated at the Ponce de Leon Hotel in 1940.

Bill tells us that it has been a very cold season for the players this year in the south and that much of their practice has been under the handicap of bad weather. He is not making any predictions as to the outlook for the respective teams season which opens April 19. While in Florida Bill attended the opening of the new training grounds at Orlando.

Angela Tinari Is Delegate To Convention

Miss Angela Tinari, President of the local chapter of Future Homemakers of America at the High School has been appointed a delegate to represent the state chapter at the national regional conference. Miss Tinari is attending that conference at Adelphi College, Garden City, Long Island this week, Thursday through Saturday. She is a junior, in the third year Homemaking class and is a daughter of Mr. and Mrs. Nicholas Tinari of Main Street. During this year Miss Tinari has been treasurer of the state chapter of Future Homemakers of America and will take an active part in the annual state meeting to be held at the University of Connecticut in May.

ENGAGEMENT

Mrs. Emma Brockett of 660 Main Street, announces the engagement of her daughter, Virginia Martha to Phillip A. Smith, son of Mrs. Emeline Smith of 30 Pond Street.

Utility Company Elects Officers

A. V. S. Lindsay, vice president of the Connecticut Light and Power Company Waterbury, was elected vice president of the New England Gas Association today at the annual business conference of the association in Boston. Connecticut utilities executives elected to the gas association's board of directors include Paul R. Lehmann, vice-president of the Hartford Gas Company, and A. H. Ott, president of the New Britain Gas Light Company. Robert E. Amey, president of the New Haven Gas Light Company, was re-elected a director. J. A. Cook, general manager of the Lynn (Mass.) Gas and Electric Company, was elected president of the association.

Botulinous Poison Can Be Avoided

The usual source of botulinus poisoning is home canned foods, especially non-acid fruits and vegetables, such as stringbeans, corn, etc., which are served cold. Home canned meat can also be involved. At one time there was a danger of this poisoning occurring from commercial products but with controls placed on commercial canning by the Federal Government the danger from this source is limited. The cases of botulinus that have occurred in Connecticut in the past number of years have all been related to home canned products. When food poisoning is suspected, samples of the food should always be saved, not thrown away. With the food available, it can be tested for the offending bacteria and toxin to learn the exact cause. Botulinus poisoning can be prevented by attention to adequate and proper canning methods: 1. Use fresh, firm fruit and vegetables or meat. These should be washed thoroughly and canned soon after selection. 2. Use a pressure cooker at the prescribed temperature and just and time for the particular food being processed.

Floral Wreaths May Be Placed In War Zones

American families who have sons or brothers in U.S. military service overseas can place floral wreaths on individual graves this Memorial Day by arrangement with their nearest PTD florist. Except for a few isolated cemeteries, such as Iwo or Kwajalein, nearly all now have within special service ranges of America's familiar flowers-by-wire system, which has been extended worldwide post-war. As requested by many families throughout the U.S., floral delivery service has been arranged for military graves in Europe or Iceland, Hawaii or the Philippines on the same guarantee basis as domestic orders, according to Edward J. McCarthy of Brooklyn, president of Florists' Telegraph Delivery Association. In deference to current landscape and maintenance programs at all military cemeteries, Memorial Day service is limited to certain standard types of wreaths. To all points outside the U.S., an extra relay charge of 25c is added, plus actual cost of cablegram. Special priority was given, Besemer said, to organizing foreign contact at points to permit this Memorial Day delivery as a public service nationwide, because the boys themselves laid the foundation for overseas service by wiring flowers home from every combat theater. Victor Hutchinson is confined to his home by illness. Mrs. George Foster was hostess Monday night to the Musical Art Society. Mrs. Eudette Hart and her two children hope to leave soon for Florida where they will remain for the summer. Little Marcia Hart is recovering from pneumonia. She has been in the hospital. A regular meeting of the SB H. H. & L. Co. will be held in the firehouse Friday night.

... was all right in grandma's day!

BUT modern people want modern transportation - 1947 automobiles! Nothing old-fashioned will do. Modern people are like that about kitchen ranges, too. They want the last word in convenience, cleanliness and safety - they want electric ranges! And they won't have to wait long! All over the country electric range manufacturers are geared up for a record production of 1947 Electric Ranges. New models with amazing automatic features are coming off the assembly lines, now. You can rest assured that your Electric Range dealer and your Electric Service Company will do everything possible to rush the delivery and installation of your new Electric Range. If you haven't placed your order with your dealer, you are urged to do so now.

DEFINITION OF A BOY
After a male baby has grown out of long clothes and triangles and acquired pants, freckles and much dirt that relatives do not care to kiss it, between meals, it becomes a BOY. A boy can swim like a fish, run like a deer, climb like a squirrel, balk like a mule, bellow like a bull, eat like a pig or act like a jackass, according to climatic conditions. He is a piece of skin stretched over an appetite; a nose covered with smudges. He is called a tornado because he comes at the most unexpected times, hits the most un-

Want To Be A One Minute Girl?

SAN BERNARDINO, CALIF.—These five citrus princesses of the National Orange Show are busy insects, each taking 100 days to produce oranges a minute to feed this super-juicer, one of the features of the citrus exposition here. Food Machinery corporation developed it to juice five hundred oranges per minute and extract the valuable oil from the peel automatically. The princesses left to right are Elizabeth McLean, Ginger Anderson, Pat Hall, Laurie Right and Ella Johnson.

Hollywood Director Expected For Play

Erving Pichel, a well known Hollywood director, whose current production of Pennsylvania State College where she majored in psychology and she has also studied in the play, "Yes or No", is written by Kenneth Horn and is being directed by Mrs. Hazel Garvin. The play is novel one and the action is developed in two acts and an epilogue. Act one shows what might have happened to Jo Ann, played by Cecile Pichel had she said "no" to a proposal of marriage. Act two shows what would have happened if her answer had been "yes". The epilogue tells what actually did happen.
From this skeleton outline of the situation it will be seen that there is a real treat in store for all who are fortunate enough to get tickets to the forthcoming production. The full cast of characters is given elsewhere.

OUT OF SEASON
The calendar says plainly that winter's term is past. But still one wraps up vainly against the icy blast. Although it is not supposed to be so, the sky still sprinkles snow and earth's cold crust is closed to the wailing shoots below. And much as one begrudges, for winter always fudges a week or two from Spring.

Spring is here! Pussy willows, snowdrops and crocuses are out and several people, including my self, have poison ivy. The New York and Boston Flower Show have been held. I thought the New York Show was better than last year. I have never seen or ever expected to see such gorgeous orchids. Years ago my father used to get orchids in a south bay window in New Britain and I have always been interested in the different varieties, but we never had anything like shown in New York. On the first floor, all the gardens and statuary, pools and so forth, were very interesting, especially interesting was the 1847

and the 1947 garden side by side. The small variety and the few plants in the early garden was very noticeable. But in the modern garden the profusion of plants was remarkable. And one thing, I especially noticed, there was no weed in any of the garden, very remarkable!
The roses of course were beautiful and such stems!
The V. T. Hammer Bird Room will be open to the public, Tuesday, April 1 from 3 to 5 p.m. Hostesses—Mrs. Winthrop Towner, Mrs. Samuel A. Griswold and Mrs. Charles N. Baxter. The Bird House awards will be presented at this time, there were ten houses entered in the contest.
Garden Club members are reminded to report birds they see to Mrs. Scott Gilbert, who is keeping the 1947 record. I saw a cardinal warbler on the Short Beach Road the other day, and it was a gorgeous sight.
The next regular meeting of the club will be held at the Library, April 11, note the change of date from the fourth to the 3rd. There will not be a board meeting on March 28th, but it will be held at 2:30 on April 11 at the library. There will be moving pictures, exhibits and talks by experts and special committee round tables.
Horticulture magazine for January 1, 1947, lists 100 iris that won the judges symposium conducted by the American Iris Society. The ten voted most popular are, Great Lakes, light blue and lavender; Old King, bright yellow; Elmhor, Hybrid, Chivalry, light blue and lavender; Prairie Sunset, blend; Blue Shimmer, blue plicata; Tobacco Road, orange, tall, brown effect; Master Chartist, purple; Sable, purple; and Bryce Canyon, blend.
The Azaleas are very numerous and lovely—the earliest shrub to bloom is the light purple upright, which blooms in May. The loveliest of all the hardy Azaleas is the shell pink fragrant schlippenbachii, with strikingly beautiful foliage, Azalea yodagana is a light purple and similar to Azalea mukohataensis, except that it is single.
List of recommended trees, available now for spring planting, approved by the state etimologist.

WHAT NOTS

Every three minutes someone in the United States dies of cancer. While the Connecticut Election Law makes no provision as to the number of voters that can be accommodated per machine, the accepted practice has been to provide one machine for each 600-700 voters.
Peppers on Monday in all their glory. Julius Brooks in East Haven holds some 4 of his records of having visited N. Y. World's Fair some 31 times. Mrs. Charles F. Neely in New Haven Hospital.
John Regan improving after long and serious illness. Couple of hundred kids out of school sick. Senior dance Friday night. Mrs. Whortleberry's secretary asked for a letter of reference as she left the job, so Brezzy wrote, "To whom it may concern; Miss Spinach worked for us one week and was satisfied."
Wonder how many Irish were in the Irish minstrel? Three at the most I'll wager. Had a birthday party last week and was pretty much about it, adding up my grunts and groans and enjoying the agencies of old age when the post-grads were very interesting. Mrs. C. L. Oles, older who added to her greeting, "I am as usual, no change apparent except the inevitable results of the passing time." Isn't that a graceful way to grow old? So much prettier than my old pickle outlook. Those who are celebrating a greeting card for the summer aren't finding any rent for it is April Pool for anyone looking for a greeting card. Native flatfish for color for Easter. Anyone any chain letters he wants answered? I'll answer all comers, and P. D. Q. This Social Workers' Tom Egan party gives us something to think about. Let it be given consideration. Many a good neighbor does little favors so quietly that few know of it. While others have been helping the community for so long a time the public thinks it all along the line of duty. I'm thinking of one person in particular who... and then, again if an organization ever gives a Brick Bat party? A name that two to turn in of miserable souls who never did anyone any good... Take any street, house-to-house no bad one. Snow last night, the ever heard of such a thing... One year, down Indian Neck, said the wind blew so hard there about supper time it blew the mortgage clean off his house. Went Red Cross check, and Easter Seal check? Clean them up in March so first of April you can be ready to Help Fight Cancer.
New Haven County's non-farm home owners will spend an estimated \$10,000,000 on repair and modernization work during 1947. At least a third and probably more than half of all dwellings in the county will be improved or repaired this year, according to estimates released.

As Mr. Brinley Sees It

"A noble life is not a blaze of sudden glory won, but just an adding up of days, in which good deeds are done".

To Clifton Miller Weed Jr. I knew him first, a wee small tot of six, a tumbling round my lawn, in childish glee, He was a tender, even then, for such was he, They planted flowers for me, and earned a little wage Like the busy bee, They put their names on sticks, to prove their worth, And sang together all the time they worked, At pay off time; Their souls o'er flowed with mirth, The sandy store their goal, and none would shrink, And then in course of time, once more, he came to me, A man, though young, with brain so keen, he was a foible he, The things I said, I had to prove no "Yes man" ever he, He noted down, and searched around, you'd better know with him, Some times within my chambered hall, I talked to him, and as to all, Where I did tread, so watchful he, my steps, I ordered carefully, on rostrum, tall, he thundered forth the word of God, And then so soft, he made the tear-drops fall, His golden tones a recompense for all.

Gen. Knox Says

According to the calendar by the time this gets into print spring will be at the door waiting to romp in with her garlands of flowers and mild weather. Yes folks springtime can't come soon enough to please this old codger who has been busy rubbing liniment on his old knarled limbs all winter to keep down the aches and pains. I've been declining my share of the first peak loads from Park River swamps and they will be mule to my soul when I do hear the first of birds when they slide down the pole, fit from the time when I can ease myself onto one of those benches on the Town Green and watch the gongs beat of the drum. There is something about spring that you and I want to start doing something. And that reminds me that I'll always bring an annual clean up of the back yard where the winter has left a lot of untidy debris and cast offs. Yes sir it's time to get the rake and start the back yard clean-up. And while we are on the subject this spring there ought to be a lot of planting around town. Of course there will be plenty with all the new home owners restless to get the ground stirring again. But I mean tree planting. Yes folks some of our streets where new homes have built are going to look mighty bare a few years from now if we don't get busy and plant some trees. I've seen the state and has set a good example by planting a lot of young trees all along the Cut off between Kimberly avenue and New Haven and I hope that the Town Fathers will do a little of the same also. I don't know as the new home owners have thought about it but it would seem like that would be a good start planting trees along some of our streets to replace the old elms that are starting to go. How about it?

PROGRAM FOR SPRING PROGRAM

By George A. Cromie, New Haven Farm Forester, southwestern Conn. It will be necessary this Spring to make some change in customary procedure for woodland planting, for there exists in commercial and state nurseries very little suitable planting stock. We have also, during recent years, planted up most of our abandoned fields and pastures, and the task ahead is to reintroduce shade enduring species, principally evergreens, which are absent largely because of past fires, into the edges and semi-open spaces of our numerous areas of brush-covered woodlands.

This means mostly hemlock, the "natural evergreen" for southern Connecticut, instead of the pines, spruces, Douglas fir, larch and charmes M. Upham, engineer director of planting in the open (100 for of the American Road Builders' Association, said in a statement issued here today.

Some 4,700,000 bush pupil's cover terms these latter species, or 1,913,601 miles of school bus routes to 40,827 schools daily, according to a census of Bus Transportation transplants. The sunlight loving hemlock seedlings or black locust, which are more suitable for planting in the open (100 for of the American Road Builders' Association, said in a statement issued here today.

Highways Vital Factor in Education

One out of every six of the nation's school children depends upon highway transportation to the classroom this year. The highways of the nation play an important role in providing educational opportunities for rural boys and girls. Charles M. Upham, engineer director of the American Road Builders' Association, said in a statement issued here today.

National Week Set Aside For Young People

National Boys and Girls Week will be observed in nearly every community in the United States from April 26 to May 3, 1947. The celebration will mark the 27th annual observance of this important youth event.

With the theme, "Youth—the Trustees of Posterity," the program is designed to focus the attention of the public on the problem of the special events this month as part of a nation-wide observance to celebrate the Legion's birthday. Banquets, dinner dances, special meetings and other ceremonies will be staged in this area commemorating the American Legion's 39th Birthday.

At these local celebrations veterans will compare membership cards, and in many Connecticut communities there are Legionnaires who joined in 1919 and have been active ever since. It was in March of 1919, in Paris, that a handful of G. I.'s got together and voted to form a veterans' organization called "The American Legion." Today their outfit has grown into highly professional organizations totaling nearly four million members.

Nearly 70 per cent of the Legion members in this state are veterans of World War II. In Connecticut more than 34,000 ex-servicemen and women joined the Legion in 1946, and the membership is now headed toward the 50,000. The Legion is now larger than all other veterans' organizations combined, and the younger veterans are assuming leadership in both state and national levels.

Daily programs suggested for the week include: Citizenship Day, Saturday, April 27; Day in Church, Sunday, April 27; Day in School, Monday, April 28; Family Day, Tuesday, April 29; United Nations Day, Wednesday, April 30; Child Health and Safety Day, Thursday, May 1; Careers Day, Friday, May 2; Day of Recreation, Saturday, May 3. Information about Boy and Girls Week, and helpful suggestions for carrying out the program of the week, including a poster and a manual of suggestions, may be obtained free of charge from the National Boy and Girls Week Committee, 35 E. Wacker Drive, Chicago 1, Illinois.

Legion Plans To Remember Its Birthday

The 192 American Legion Post located in cities and towns throughout Connecticut will each hold special events this month as part of a nation-wide observance to celebrate the Legion's birthday. THE SAVIOUR

By Ruth Evis

Softly so softly, God touches your heart
Like the kiss of a raindrop and that, but the start.
Sweetly, Ah Sweetly, His voice throbs and sings,
Like the delicate humming of butterfly's wings.
Patiently, hopefully, His voice pleads, but mild,
Like a Mother who's calling her wandering child.
Suffering He knows; He wept as you cried;
Quietly, humbly, He knelt by your side
Longing to heal ton of sorrow and pain.
Turn to your Master lest He wait in vain.
In loving Surrender, if you'll but a tone,
Finally, with peace; He'll at last, claim His own.

From Our Readers

The opinions expressed here are those of the contributor and are not necessarily the views of the Review. All letters must be signed, but if so indicated the contributor's name will be withheld.

A reader, H.K.M., asks that the Review publicize "An Act amending an Act relating to advertising signs Section 1. Section 2972 of the general statutes is amended to read as follows: Location of advertisements. Advertisements and signs shall not be displayed within one hundred feet of any public park, state forest, playground or semipark, or within (fifteen) five hundred feet from the outside line of any highway outside of the thickly settled or business part of a city or town, except upon the walls of a building in which the goods advertised are offered for sale or the business advertised is conducted, and

except signs erected by the state or a town or city which solely indicate highway directions, traffic regulations and dangerous places. No provision of this section shall affect any ordinance or regulation established by any municipality, or any advertising sign existing at the effective date of this act.

Section 2. This act shall take effect from its passage.
Statement of Purpose: The purpose of this act is to provide for the removal to a safe distance of all new advertising signs to be constructed along the highways.

Liability Rates Reflect Losses

Increases in automobile liability rates in Connecticut, reflecting current loss conditions, have been by the National Bureau of Casualty and Surety Underwriters. The new Connecticut rates, effective March 24, apply to automobile bodily injury and property damage liability insurance.

The revised rates are the direct result of the heavy increase in the relative number of automobile liability claims received and of the much greater cost of settling these claims. Since the end of gasoline rationing, the frequency of claims submitted to insurance companies has increased in keeping with the mounting number of traffic accidents. In addition, it now costs at least 30% more to settle the average bodily injury claim than it did in 1941, while the cost of settling the average property damage claim is up approximately 80%.

The following four factors are primarily responsible for the rise in claim frequency:

The following four factors are primarily responsible for the rise in claim frequency: 1. Automobile mileage reached a new record high in the nation last year. 2. Many cars are over-age and unsafe. 3. Average speeds have been increased and too many drivers of old cars try to keep pace with the newer models. 4. Lack of road construction and repair during the war.

Minot's Light Sold For Park

Minot's Ledge Light Station, for nearly 100 years home to the lonely keepers of the world famous Minot Light, has been sold to the town of Cohasset by the War Assets Administration for development as a public park, according to an announcement made by John E. Milles, Boston Regional Director of the WAA.

Included in the seven-and-a-half acre plot bordering one of the cruelest reefs on the Atlantic Coast are two-family dwellings and a small storage building, a dock, and a seawall of granite blocks with a timber extension.

At the annual town meeting held in Cohasset this month, a committee of five was appointed to look into the possibilities of developing the area as a recreational park. Among the improvements under consideration is a new road which would popularize the spot with summer visitors. The dock offers possibilities as a municipal lock.

The two houses, six-room frame dwellings, once lived in by the Minot Light keepers, are reported to be in fairly good condition, though unoccupied at present. The

Applications Close April 1st For Coast Guard Academy

Congressman Ellsworth B. Foote, Third District, Connecticut, called attention today to the fact that applications for the United States Coast Guard Academy close April 1. Blanks and complete information may be obtained by writing to the Congressman, Room 126, old House Office Building, Washington, D. C. These blanks must be filled out and returned to The Commandant, United States Coast Guard, Washington, D. C., not later than April 1.

Foote pointed out that applicants must be not less than 17 years of age and not more than 22 on May 1, 1947, must be high school graduates and not less than 5 feet 6 inches in height. Examinations will be held in New London, Connecticut, at a time and place to be announced.

In speaking of the Coast Guard, Foote stated: "This is a career which should appeal to anyone who loves the sea and wishes to follow this vocation in the service of the United States. I shall be glad to cooperate with any young man who wishes to communicate with me."

How many do you have in your house?

Counting on your fingers is fair. But first, make a quick guess: How many electric motors do your home-work for you? Would you say 3? 5? Maybe 10?

Now count 'em up. It's easier if you think of them room by room. How about the bedrooms? Electric clocks and shavers each have a motor. So do the fans you use in summer.

A modern kitchen is a gold mine. There's a motor in the electric refrigerator, the food mixer, the ventilating fan. (The list at the right will remind you of others.) Don't skip any rooms. Even the basement and storeroom may be rich picking.

Finished? How does the count compare with your guess? Most people guess way low. Actually 10 motors per house is common—20 is not unusual!

But, whatever the number, the point is true. We seldom realize how many jobs electricity does for

us, because it does them so dependably, regularly and cheaply.

You've helped bring this about by taking advantage of so many electrical opportunities. And the men and women of the business-managed electric companies are always working to bring you better service at lower cost. That's why the price of electricity has gone down and down, while the price of almost everything else has gone up and up.

From where I sit... by Joe Marsh

Apple Tree Versus Wheat Field

If you ever visit Jeh Crowell's farm, he'll take you right out on that back porch of his and show you his apple tree.

"There," says Jeh, "is nature's noblest creation—fifty years, and bearin' still the finest cider apples in the county!"

But last fall, when a group of us was there, Lud Denny points across the river to his grain fields and says: "There's an even finer sight! Acres and acres of golden grain you can make dozens of appetizing things with—including wholesome, sparkling beer."

Both of them got so eloquent on the subject, that the rest of us worked up quite a thirst; so Jeh goes to the icebox for beer and cider. And when the refreshments come, Lud chooses cider, and Jeh takes the beer!

From where I sit, that's the answer to most disputes. You can talk all you want, but when it comes to tastes and preferences, there's just no argument.
