## TOWN TOPICS

We've just gotten our hands on a mid-August issue of The Provincetown (Mass.) Advocate which we read the following about Post Office personality Barney Gebersky and his family "Seven-year-old Bobby Gebersky, of 476 Thompson Ave., East Haven, who is staying with his folks at George Barnes' Crows Nest is being treated with the respect he rates from veteran fishermen including his dad who thought the boy old enough to try his hand at deep sea fishing. When the "Caroline" docked that evening Bobby headed ashore a 10-pound and a 15-pound haddock as well as a two-and-a-half pound hake, topping the total caught by all others in the party. As for dad, well, he wrapped his 24-ounce hake up in a piece of paper and brought it home."

Two of the big catches recently noted in local waters were the results of Ted Weed and Fritz Migdalski. Weed recently hooked a seven pound, seven ounce bass and the assistant high school coach is still beaming over the 3 lb. 5 oz. pickerel he lifted from its habitat.

Mr. and Mrs. James Thomson and sons Scott and Kent of Radburn, N. J. are holiday visitors at the Thomases' home, Forbes Place.

Earl Thomas, Elm Court, returned from 10 day fishing cruise to Block Island. Reported quite rough sailing and plenty inclement weather.

Shades of Xmas!—The Ray Langlois family from Momaugun made special trip to North Pole last week. North Pole, N. Y.—that is—situated in town of Wilmington—high up on White Face Mt. Said old Kris himself and missus. Plus working elves readying toys for coming Xmas visit.

Visitor in town—Harry Mack, from Ithaca, N. Y. where matriculating at Cornell U. Spending short time with mother—Margaret Mack, teacher in local elementary school at Main Street home.

Another surprise visitor—John B. Adams, of Phila., formerly of Gordonsville, Va., who used to reside with local families quite a few years back while doing chemistry work for Koppers Coke. Made many friends here and is still in close contact in spite of having left E. H. over 10 years ago.

Brent Barker took a couple of hours off from his busy hardware business yesterday to bring a flock of neighborhood kids snapper blue fishing. Results were pleasing in view of the fact that serious school work is in the offing.

Bill Woods building up his wardrobe for serious study at Boston University. The young sportsman helped pay for his education this summer by selling ice cream in one of those popular bicycle carts.

Rachel Brooks and Jill Montgomery were among those who tripped the light fantastic at the block dance at Short Beach last Monday evening. Rachel is now a receptionist at the United Illuminating Company and Jill enters the University of Connecticut this fall.

Armand Williams suffered second degree right arm burns at Lake Pocotopaug in East Hampton last Saturday when his racing motor caught afire after he was leading in points at races sponsored by the Connecticut Outboard Motorboat Racing Assn. Young Williams who races professionally will be entered in the Hartford to Middletown race and return this week-end.

Returning reluctantly to their Tyler Street home after a month's stay at the seashore, we find Roger "Pete" Whalen, the missus and children, ready for another 4 weeks rest from an arduous vacation.

Dodge Avenue's Timothy Ryan has been recalled by the U.S. Marine Corps for recruiting in the Elm City.

George Thompson has been called into Navy ranks and will take his physical examination this week.

Currently seeing the sights in Atlantic City including the Misses Betty Coyle and Pearl Bass.

Recovering at his City Point home is Harry Brinley after hospitalization in Middlesex Hospital in Middletown. The local writer was stricken while camping with his wife at Bantam Lake.

The Board of Finance and the Board of Education are slated for another joint session at the Town Hall on September 15. Budget will be the subject of discussion, we are told.

## THIRTEEN ONE FAMILY HOMES LISTED AMONG BUILDING ACTIVITIES

Thirteen permits to build thirteen one family houses were granted in East Haven by the Building Department during the month of August. It was announced today by Building Inspector Arthur Riccio. Additional construction permits for twelve garages, additions and various other improvements were noted in the statement which indicated that \$90,000 would be spent in construction improvements.

While the sum is somewhat lower than in past months, new building is currently slower because of the fall season. It was explained that persons who intend to be housed in new homes before winter sets in would have already had their permits previous to August.

The sum is higher than in proportionate months over the past five years, however.

The construction costs did not include the estimate to be spent for 63 electrical changes in the town. Nor for the probable costs of plumbing changes, oil burner installations and costs of excavations.

The inspector said that the one family homes to be erected are scattered throughout the town and are not part of any private housing projects.

In addition to the 25 building permits, other permits granted included 27 for oil burners, 16 excavations, 63 for electrical changes, 22 septic tanks and 22 plumbing permits.

Four oil burner licenses, 8 electrical licenses and 5 plumbing licenses were issued.

## Beach Day Fete Wins Approval Of Hundreds

Hundreds of Short Beach residents and their friends thrilled last week-end to the annual two day show which climaxes the summer season in the second voting district.

From the opening event on Sunday afternoon until the rockets cascaded from the clouds over Short Beach by last Monday, vast numbers watched and assisted in the activities which were designed to fete summer friendships.

The committee, headed by Alfred E. Smith, performed miracles in judgment and precision in giving each event to the public exactly as planned. Only once, just before the concert on Sunday evening, did the weather intervene to cause discomfort.

Several events vied for top quality and it was only the likes of the populace which gave any one a preference over another. The baby parade and block dance on Monday were big events and the concert and outdoor racing on Sunday gave two types of enthusiasts an equal share of thrills.

The closing salute, the fireworks display was an equal joy to many, especially the youngsters who have never seen a display of such magnitude in their young lives.

Parents got a bigger kick out of the running and swimming races which pitted their children against others in the neighborhood in friendly competition.

## Tax Office Open Thurs. And Fri.

Tax Collector Wilfrid J. Rafter announces that his office will be open next Thursday and Friday evenings, September 14 and 15, from 7 to 9 P. M. for the convenience of those who cannot pay their second half taxes during the regular office hours from 9 A. M. to 5 P. M.

Rafter warns that if the second half payment is not paid by September 15 the tax becomes delinquent and interest will be charged from March 15, 1950 at the rate of one-half of one percent per month.

Any mail received at the tax office after September 15 will not be considered delinquent, if the letter is post marked September 15.

## MARTINS ENTERTAIN

Mr. and Mrs. Charles Martin of Catherine Street entertained Mrs. John Sullivan and her daughters of New Haven over the holidays.

## C. OF C. TO MEET

The East Haven Chamber of Commerce will hold a directors' meeting Tuesday evening, Sept. 12, at 7:30, which is open to all members.

## HOT DOG ROAST

The East Haven Amerigo Club will hold its annual hot dog roast Sunday, September 10 at 3 P. M., at the club grounds. Members are invited to bring their family and friends. The East Haven Amerigo Club has opened its charter so that any Connecticut citizens are now eligible to join the organization.

## AT INDIANAPOLIS

Mr. and Mrs. Anthony J. Caruso of Elm Court, are enjoying a vacation in Indianapolis, Ind. Caruso will return September 10 at his duties as chief clerk in the post office.

## Overcrowding Marks School Opening, Here

### Five Guardsmen Depart Next Week

Five East Haven men will be included in the roster of Company D, 102d Infantry Regiment of the 42d Division when it leaves for Camp Pickett, Va. next week.

They are Lieutenant Frank A. Barker Jr., of 45 High Street; Corporal William H. Augur, 145 Hemingway Avenue; Private David B. Sanford, 248 Hemingway Avenue; Ret. John Cucuello, 193 North High Street and Ret. Frank Stoddard, 163 North High Street.

Company D was inducted into U.S. Army service last Tuesday morning at one minute after midnight. The men are currently stationed at the Goffe Street Armory.

The date of actual departure has been set for September 14. The company will move by train.

## Clancy Lauded For Generosity By Businessmen

First Selectman Frank S. Clancy this week received a letter from a prominent local business man, Frank Messina, expressing gratitude for his recent action in sending 36 of East Haven's youngsters to New York for a baseball game.

The letter follows: "Words can not express my feelings in the way you so selflessly undertook to board the boys of the Booster Club baseball league, who had won the championship in their respective divisions.

Believe me, Frank, as one of the two persons responsible for the playing of the league, I am ever grateful to you for what you did for those youngsters, as it was a problem with no answer, as far as the Booster Club was concerned.

Since those kids first heard that you would sponsor them to New York, our First Selectman certainly came in for a number of high praises for a town official instead of the contrary. I sincerely hope for years of continued feeling.

Your close interest in recreational programs for our youngsters is something worthy of public support. I know the Booster Club, as it is now, is practically non-existent. But, there are several men who feel as I do, that something can be done for the youngsters without organizational backing.

We intend to raise funds throughout the winter months in order to stage a Pee Wee league next summer. In conjunction with the town summer playground, as it was conducted this year, it can again be a huge success. Joe Mellillo did a great job this year. We hope you will see fit to allow this arrangement again next season.

In closing, may I again express warm words of thanks to you. Sincerely, Frank Messina

## Town Officials Hope For Party For Servicemen

Town officials were busy today trying to get a complete list of National Guardsmen from East Haven who will be included in the personnel of the 102nd Infantry Regiment of the 42d Division which leaves New Haven next week for U. S. Army service at Camp Pickett, Va.

Once the list is complete it is expected that the town will give the lads some sort of a remembrance party before they bid farewell, probably next Thursday.

First Selectman Frank S. Clancy is in receipt of a letter which asks all towns who have such servicemen to give some public demonstration for them.

Since no Company is stationed in East Haven, the ceremonies will not be as elaborate as those which New Haven plans this week-end or such as West Haven gave its boys this week.

Five men of Company D are listed elsewhere in the News but the possibility that others are omitted is great, Clancy said.

Date for the party has not been set pending word from business leaders which are set up at the Goffe Street armory. The five named have been members of the federal service since activation at one minute after twelve, Tuesday morning.

Mr. and Mrs. Charles Copeland of Catherine Street entertained the following guests and school mates of Mr. Copeland from Brooklyn, New York over the week end and John Melsner, Charles McHale, Mr. and Mrs. Jack Rosener and sons Richard, John and Paul.

## Budget Hearing Date Unset As Board Uses Axe

### NEW HAVEN CONCERN MAY SEEK SITE, HERE

The M-B Manufacturing Company of New Haven may be considering East Haven as a possible site for its new home, the theory was expressed here today.

While town officials were mum on the situation, it is known that the Planning Commission has been working for months to induce new industries into the town.

The New Haven concern operated a branch office here during the war.

The firm yesterday withdrew an offer made to the City of New Haven in which it would buy a portion of Blake Field to extend its operations. 485 people are currently employed by the concern.

The company plans to add about 250 new workers to its personnel.

In withdrawing the bid, Treasurer George Mettler said that the firm was studying one or two area sites. Speculation here is that East Haven is one of the areas.

One of the reasons for the withdrawal of the offer to purchase, Mettler said, was the time needed to complete the transaction. Enabling legislation from the General Assembly is necessary before public park lands can be sold.

Opposition to the plan was crystallized by Bartholomew Guida, Democratic alderman from the 14th Ward, where the M-B plant is located. A mass meeting of residents of the State Street-Mechanic Street areas was held last week.

Mechanic Street property owners claim that the erection of a new building by M-B would depreciate the value of their property.

Park officials were in favor of the sale of the land, holding there is adequate space for all facilities in other sections of East Rock Park.

## Dan Parilla Named To Public Safety Bd.

Dan A. Parilla, Main Street Merchant, was appointed this week to fill an unexpired term of the Board of Public Safety.

Parilla, a registered Republican, succeeds Lyman Goodrich, who recently resigned because of the pressure of his own personal business.

The new commissioner is widely known through East Haven where he has been engaged in business for the past 26 years. He is a member of the Rotary Club here and is its former president. He likewise is prominent in Chamber of Commerce affairs.

## Regan Council Block Dance Set Sept. 23

Father Regan Council, No. 3300, Knights of Columbus is planning a block dance for Main Street on Sunday evening, September 23rd, it was announced this week by Peter Linnocelli, chairman.

The affair will be held in the parking area adjacent to the new club headquarters in the Wolfe Block.

Current plans include flood lighting of the whole area which is adequate to allow one thousand persons to dance.

A name orchestra is being secured for the event. Further details will be announced next week.

The club recently moved into its new home which has been renovated by club members.

Currently a class of 28 members is being readied for the three degrees.

## Assessor Urges Ex-servicemen On Discharges

Ex-servicemen of East Haven were warned today by James F. Milano, Assessor, that they must file their honorable discharges with the Town Clerk Margaret Tucker before October 1st if they would receive their exemptions on property up to \$1,000.

Veterans who have already filed their discharges in East Haven need not do so again, it was emphasized today.

Both types of claims must be placed on record on or before October 1.

Meanwhile the business at the Tax Collector's office has been increasing gradually as the taxpayers of the town hurry to make the last half of their payments before the September 15th deadline.

## Edw. Griswold, Rose Fancier, Died Thursday

Funeral services for Edward Parmelee Griswold, 80, were held from the Funeral Home of Camerlin and Rees, 493 Whitney Avenue, New Haven on Monday afternoon at 2 P. M.

Mr. Griswold was a long time resident of East Haven and a noted fancier, died last Thursday afternoon following a serious illness of about a month. Until last January he had been associated with the Fairmount Foods Company as plant superintendent.

His career began when he was hired as a shipping clerk in the L. C. Bates Creamery Company. This company is now a part of Fairmont Foods Company. Mr. Griswold worked his way up to plant superintendent at Bates and when the merger came some 20 years ago he was promoted to overall plant supervisor.

Cold Storage Expert He was known throughout the New Haven area as an expert in cold storage. He was consulted frequently on the storage of foods of various kinds in warehouses by dealers in such perishable goods as dairy products, eggs, poultry, meats, frozen fruits, vegetables and fish.

In the backyard of his home he cultivated an enviable rose garden. Gardening constituted his chief hobby and outside interest.

Mr. Griswold was a member of Corwell Lodge, I.O.O.F., Hamden, and the Old Stone Congregational Church, East Haven.

Surviving are one son, Edward M. Griswold of East Orange, N. J.; one sister, Mrs. Elizabeth Clark of Tracy, Conn., and two grandchildren.

## CLIFFORD B. STURGES HONORED LAST NIGHT

Clifford B. Sturges, of Momaugun Lodge, No. 138 was honored last evening when he was presented with a grand lodge apron as a member of the G. L. Trail Commission in a ceremony which capped other affairs at kind Solomon Lodge in Woodbury, most recently Grand Master Fred C. Sassemeier made the presentation.

## HOLIDAY OVER

Mr. and Mrs. William Emons have returned to their home in Catherine Street after the spending the holidays with their son and daughter-in-law at Niagara Falls over the week-end.

## HAVE NEW DAUGHTER

Mr. and Mrs. Salvatore Bordonall of 384 Burr Street, East Haven, announce the birth of a daughter, Susanna, on August 15. Mrs. Bordonall is the former Miss Rae Simola.

## LABOR DAY GUESTS

Mr. and Mrs. Charles Copeland of Catherine Street entertained the following guests and school mates of Mr. Copeland from Brooklyn, New York over the week end and John Melsner, Charles McHale, Mr. and Mrs. Jack Rosener and sons Richard, John and Paul.

Faculty Appointments Are Announced For Whitney School of Art

The Whitney School of Art has announced the selection of a new faculty, while also making known its plans to open its fall and winter terms on Wednesday, September 27th. Santa Graciano replaces Matthew Wysocki as Dean and assumed his duties on Tuesday, September 27th. Mr. Lewis E. York joins the faculty beginning with the opening of the fall term on September 27th. Mr. Graciano is a native of Connecticut, Ohio, and for the past three years has been an instructor in the department of Painting at the Yale Art School. He is a graduate of the Cleveland Art School and came to Yale to study before he was a fellowship he won at the Cleveland School. He received his Bachelor of Fine Arts degree, and while studying in Cleveland he was a member of the Army. Just before going into the Army, Mr. Graciano won an international mural competition in Springfield, Massachusetts. This year he is the winner of the Pulitzer Prize for Painting and will be the winner of the Pulitzer Prize for Sculpture. Mr. Graciano also is in charge of the Arts and Crafts Department at the Cleveland School. Mr. York has been associated with the Yale School of Fine Arts for the past twenty-one years. He received his Bachelor of Fine Arts degree in 1927. He was a fellow for an additional year, during which time he taught the course in Head Painting and Still Life Painting.

ELEANOR ROBBINS BECOMES BRIDE OF ROBERT TAYLOR, JR.

The marriage of Miss Eleanor Robbins, daughter of Mr. and Mrs. Marcus Robbins of 47 Knollwood Road, Millbrook, Hamden, to Mr. Robert Mitchell Taylor, Jr., son of Mr. and Mrs. Robert M. Taylor of 128 Thompson Avenue, East Haven, took place last Saturday afternoon at 3 in the Episcopal Church of the Holy Trinity, North Branford. After the service, an outdoor supper was served at the home of the bride's grandparents, Mr. and Mrs. William P. Dreisbach, in Nut Plains Road. Guests were Mr. and Mrs. Charles Smith and sons, Charles and Chris. Mr. and Mrs. George Ormance, Mr. and Mrs. George Ormance, Mrs. Hilda Chidsey and Mrs. William Chidsey of East Haven; Rev. and Mrs. Francis J. Smith of North Branford; Mrs. Helen Gerlach, Miss Marjorie Dreisbach, the bride's parents and brother Bill. Mr. Dreisbach had just returned from Deland, Fla., where he has accepted a position with the law firm of Francis P. Whitegate, with his wife and two children, he left at the end of last week for the new home in Deland which he has recently purchased.

WIN PRAISES FOR IMMIGRATION PLAN

New Zealand's offer to admit, among its 1,000 refugees, 200 grants, 200 women, each with a child of school age, is being highly praised in Ireland. The Irish say that both Australia and New Zealand have set an example for other countries by their willingness to accept a cross-section of immigrants.

NEW ENGLAND ELECTRICITY IS AWAKE AT THE SWITCH!

National emergency arises. Expanding industrial production emphasizes anew the importance of electricity. How do we stand on electricity in New England? Let's look at the record and - COMPARE! NATIONALLY, the reserve, or spare, margin\* is 15.6%. In the Southeastern Atlantic region (including the federally-developed TVA) it is only 8.2%. In the Pacific Northwest (including the federally-developed Bonneville and Grand Coulee) it is a mere 5.9%. But IN NEW ENGLAND our reserve margin is a whopping 23.5% - which means - 50% MORE RESERVE MARGIN THAN THE NATIONAL AVERAGE

Voice Of America Adds To Programs In Far East

The Department of State today announced the addition of two 15-minute daily broadcasts to its Far Eastern program. One of the new broadcasts is an additional 15-minute program in the Korean language from 6 to 6:15 P. M. EST, 18 to 8:15 A. M. Korean Time. This broadcast extends the previous 15-minute Korean "Breakfast" show to a full half-hour program. The other program is an additional 15-minute broadcast in Cantonese dialect, from 6:45 to 7 P. M. EST (6:45 to 7 A. M. Cantonese time). This broadcast similarly extends the previous 15-minute Cantonese "breakfast" show over to a full 30 minutes. The two new programs were inaugurated on August 20. This brings to a total of 7 a.m. to 7:30 a.m. the present output of the Voice of America to the Far East. The Voice is now broadcasting 30 program hours a day in a total of 26 languages, including programs in Arabic, Chinese, Dutch, English, French, German, Italian, Japanese, Korean, Mandarin, Russian, Spanish, Tagalog, Vietnamese, Indonesian, and Urdu.

FOOD... through the ages...

RICHARD THE LIONHEART DISCOVERED HIMSELF AS A TAVERN "SPIN-BOY" TO ESCAPE SOLDIER'S BROTHER, USURPING BROTHER, JOHN, BUT HIS CLIMAX SINCE BETRAYED HIM.

BECAUSE LOUD BYRON (1789-1824) LADIES' IDOL, HATED TO SEE WOMEN EAT, ENGLISH LADIES SPURNED FOOD IN PUBLIC

FROM THE EARLIEST TIMES, ARABS HAVE HAD TO EAT WITH DOUGH TO LEAVEN OR RAISE THEIR BREAD

THE FRENCH CHEF OF THE ABSTEMIOUS DUKE OF WELLINGTON (1769-1842) NEVER COMPLAINED ABOUT HIS FOOD

It's nice again! Mr. and Mrs. "Duke" Kehlrich (Penny) Powell announced the birth of Septuaginta (seven, part chow, part police dog) on August 31st. Mother and puppies doing nicely. Thank you Mrs. C. E. Miller (formerly of hereabouts and now living in Orlando, Florida), for mentioning the "Briefs" in a letter to the Editor. Hope she continues to enjoy this local chatter! Massive Roganson is negotiating a piano solo plans to start taking piano lessons soon. Mr. and Mrs. Roy Bowman of Maplewood, New Jersey, spent two weeks here at the guests of their daughter and son-in-law, Mr. and Mrs. Kenneth Frankish. Mr. and Mrs. Robert Pearson left these shores for residence in Stamford, Conn., after some twelve-odd years with Mr. and Mrs. Jack Chalmers (newcomer to our village). Mr. and Mrs. Roderick Duncan, September 4th was their 21st Wedding Anniversary. Desperately anxious to find apartments are Mr. and Mrs. Walter Collins. Mr. and Mrs. Frank Wood, Mr. and Mrs. Ted Peters and Mr. and Mrs. Jesse Dow all helping to welcome Autumn. Mrs. Fred Wahnman will begin moving into their new modernistic

Nine Sites In State Proposed For Quartermaster Laboratory

Nine sites have been placed in application to the Research and Development Board of the Department of Defense for consideration in making recommendations to the Secretary of Defense concerning the selection of a site for the \$11,000,000 Army Quartermaster Corps Research Laboratory, construction of which is under consideration by the Secretary of Defense. Making application to the Board in Connecticut are the Connecticut Development Committee for sites in Bradley Field, Southington and Stratford. For three sites in Illinois, the Chamber of Commerce has made application. The Development Commission has placed four sites in Southington and the Chance-Vought Plant in Stratford. The Site Selection Committee of the Board will meet on September 15 to consider proposals, rather than September 8 as previously announced. A total of 275 proposals from forty states have been received by the Board. First class sheep shears now earn \$2.50 a week in Australia.

C.L.P. Favors Early Natural Gas Source For New England

In a statement filed September 1st with the Federal Power Commission, The Connecticut Light and Power Company again emphasizes its belief that public convenience and necessity require that the New England area be given a source of natural gas supplies at the earliest possible moment. In hearings before the Commission concluded at Boston recently the utility company outlines its proposed use of natural gas, expenditures which it estimates would be involved in making use of the new fuel, and savings it anticipates would result from such use. The Connecticut utility, which has sought and continues to seek a reliable supply of natural gas under the most advantageous terms, expressed its belief that recent studies by the Commission's staff provide the basis for reaching a decision which would be in the public interest. This is really swell with any kind of frosting but like it best with chocolate frosting.

# STONY CREEK

Bobbio Howd — Tel. 8-0646

Golly isn't it chilly in the early part of the morning? We really need the good old fires going for an hour to warm up the house. It won't be too long now before we will have the fires going steady. Lots of the summer people are leaving our quiet little town now to go back to their winter homes and jobs. Vacation time is over for most people. The children are back to school now. They started in on Wednesday morn. Did any of you folk watch them as they happily went on their way? Some mothers were taking pictures of their offsprings and neighbors children and then would end up taking one of the worn out mothers. The appropriate sign to put under the mothers picture would be "Ah School's started". Because that is what most of the mothers are thinking. (I am) The boys in their new suits, or pants, and white and colored shirts. Shiny shoes on the majority of them. Hair slicked back. They'll be handsome lads some day. The little girls in their pastels or plaids looked so cute. Curly hair, straight or braids they all looked adorable. If any of you mothers went shopping for school clothes, you will know what I mean when I say it's almost as bad as Christmas shopping. The crowds just push and the cars all beep and everyone is in an awful hurry. If you couldn't get what you wanted one day, it was back to town the next day. Now you know what I mean by "worn out mothers."

list and I'm sure a cheery card would make them feel lots better. How about it? Mrs. Clarence Pratt is on the sick list at St. Raphael's, also Hilda Brainerd is still confined there. Vernon Kelsey is still convalescing at the Newington Veterans Hospital. Don't forget friends get to that P.O. with your cards.

Also should send some cards to Birthdays for this coming week. Greetings to: Charles E. Senstrand, Sept. 7; Mrs. Robert McKenzie, Sept. 8; Karen Cole, Sept. 10; Mrs. Anna Cole, Sept. 12; and Mr. Oscar Olverson Sept. 15.

See whiz now we have some wedding anniversaries that have passed but we can still say congratulations to Mr. and Mrs. Henry who celebrated their sixth year on Sept. 5; and Mr. and Mrs. Charles A. Howd celebrated their forty fourth anniversary on Sept. 6; Mr. and Mrs. Richard Howd celebrated their thirteenth anniversary on Sept. 4.

Walter Page was the guest soloist at the Church of Christ this past Sunday. Kenny Guenther will be the soloist there this coming Sunday. I understand there was quite a church full last week, and I bet that made the new minister feel welcome.

Mr. and Mrs. G. A. Guenther spent the holidays visiting friends Mr. and Mrs. Wm. Wylett in Newburg and also enjoyed a trip to the Catskills Mt. and Albany N. Y. Well folks this is all this week, sure would like to hear from some

The first session of Sunday School at the Congregational Church will be held on Sunday morning at 9:45 o'clock. Mrs. Rollin Whitney is the superintendent.

Children of St. Augustine's parish will gather at ten o'clock on Saturday morning at the church for religious instruction by Dominican nuns from New Haven. Transportation will be furnished to those living a distance from church as was done last year.

The Mr. and Mrs. Club met in the chapel on Tuesday night. A musical program followed the regular business meeting.

The Confraternity of the Rosary met on Wednesday night in the Rectory. Mrs. William Lyon Jr. presided. A social hour followed the business session. Reports were also given which indicated that the recent baked ham supper was a great success.

Several local persons have been hospitalized recently.

Mrs. Charles Donohue has returned to her home on Village Street following a period of hospitalization at Grace Hospital.

Miss Bertha Rose has been confined to Grace Hospital where she was taken for an emergency appendectomy.

Bernard Amatrudo has been a patient at the Hospital of St. Raphael where he also underwent surgery for appendicitis.

Mrs. Lila Breton, Worthy Lecturer of Totoket Grange became a patient at Grace Hospital recently and following surgery.

Two meetings of the Ways and Means Committee and the Project Committee of Totoket Grange have been held recently. It is planned to present a Variety Show during the month of October. Persons interested in taking part in such a performance are invited to get in contact with the committee. Mrs. Cornelius VanWijgen, secretary.

Rev. A. Karl Philippi and Mrs. Philippi have been spending more than two weeks at the home of Mr. and Mrs. Fred Barker of Foxon Road, parents of Mr. Philippi. They have now gone to Mt. Vernon, Ohio, where the Rev. Mr. Philippi is pastor of the First Congregational Church.

Faculty members of the local school system attended a regional faculty meeting in Killingworth on Tuesday. They then went to their respective classrooms to prepare for the attendance of pupils on Wednesday morning. It is reported that the attendance total is considerably higher than last year.

Personal information concerning first of the year problems may get in touch with the principals, Miss Eleanor Connolly, Jerome Harrison School; Miss Adele Hillman, Center School; and Miss Catherine Karpick, William Douglas School.

The Zion Parish Guild held a successful food sale on the Saturday before Labor Day. Money raised by the sale will be used for church repairs.

The North Branford Volunteer Fire Department conducted its first waste paper collection of the season on Sunday morning. These collections of papers and magazines will be continued on the first Sunday of each month.

The first fall meeting of the Ladies Sewing Society was held on Wednesday in the chapel. A picnic dinner was enjoyed at one o'clock. Mrs. Arthur Maynard and Mrs. Nathan Harrison were the hostesses. Miss Joan Nibbling of Passaic, New Jersey, has been the house guest of Miss Arnes Dookey. They were former classmates at Teachers College of Connecticut.

tions is Robert C. Blair, 48, who has been a production specialist and administrative engineer with the commission's Division of Military Application since January, 1949. He was assistant to the president, Inter-American Construction Corporation from 1947 to 1949 in charge of a technical group advising the Argentine Government on hydroelectric, irrigation, flood control and airport projects. Mr. Blair was head engineer of the Syracuse Engineer District during 1946 and from 1942 to 1946 he was in the Army holding the rank of Colonel when he left active duty. From 1928 to 1942 he was with the U. S. Engineers on construction projects under the Binhamton and Syracuse, N. Y., districts. Mr. Blair was with a private engineering firm in Gulfport, Fla., engaged in the design and construction of municipal improvements and utilities from 1924 to 1928. He attended the University of Illinois studying civil engineering.

Wilfrid J. Rafter  
Tax Collector

**ARC Blood Program Must Be Ready For Any Emergency**

The National Blood Program of the American Red Cross must be able both to "help meet the demand for blood in civilian medical practice and to serve as a bulwark against a major disaster, or national military emergency. General George C. Marshall stated recently in addressing a scientific and medical group at Boston.

"The possible need for blood for our military forces is no longer a vague, shadowy possibility. It is a concrete fact," General Marshall said following a meeting at which he also paid tribute to cooperating agencies which have made vital contributions to methods of blood procurement and research.

At the same time, W. Stuart Symington, chairman of the National Security Resources Board, in a telegram to General Marshall, reaffirmed the continuing need for development and expansion of the nation-wide Blood Program for the security of the nation both for peacetime use and in national defense.

"The Blood Program of the American National Red Cross is of paramount importance to the health of this nation during peacetime and of equal importance to its security as we make our plans for national defense in this atomic air age."

## DuPont Company Is Contractor For New Atomic Energy Plant

The United States Atomic Energy Commission has selected the E. I. du Pont de Nemours and Company as contractor for the design, construction and operation of new production facilities which will be located at a site yet to be determined. The du Pont Company has already started preliminary work and has agreed to continue the project provided mutually satisfactory contract conditions can be worked out with the commission.

The additional plants, like existing AEC facilities, will provide materials which can be used either for weapons or for fuels potentially useful for power purposes. The plants will be of advanced design and their operation will provide new knowledge that will speed the progress of the atomic energy program.

**Commission Plans New Office**

The commission, also, is establishing a new operations office, its ninth major field installation, to supervise for the AEC the new facility's site selection, design, construction and operation. Temporary headquarters for the office are in Washington. Curtis A. Nelson, who has been associated with the atomic energy program both with the Army and the commission, has been designated as manager.

Funds for the new installation were included in a request submitted to Congress by the President in July 7, 1950. The commission and du Pont, with the assistance of several Government agencies, are attempting to locate a site which may include 200,000 acres. Factors of major importance in the site selection are:

1. Operating requirements of the facilities themselves (which cannot more of you people who have some little news item that would make good reading.
2. Military considerations including vulnerability to attack;
3. Public health and safety considerations involving the location and adequacy of the site to avoid possible hazards to surrounding areas;
4. Availability of Government-owned land; and
5. Proximity to population centers to avoid the establishment of a new government community such as exists at Oak Ridge, Tennessee, Los Alamos, New Mexico; and Richland, Washington.

**Makes Survey Of AEC Facilities**

The du Pont Company has been engaged for several weeks in making a special survey of AEC facilities, processes and technical problems related to chemical and reactor engineering.

The company was the builder and first operator of the Hanford plutonium production plant. du Pont took the job at the request of the Government with the understanding it would be relieved of its responsibility as soon after cessation of hostilities as practicable. In the fall of 1946, at the company's own request it withdrew from the project. Last year, du Pont carried out a special study of chemical processes used in the production of plutonium.

Mr. Nelson is 46 years old and a graduate of the University of Nebraska. Class of 1934, with a B.S. degree in civil engineering. From 1928 to 1934 he was with the Nebraska State Highway Commission. After 1934 he was on active military duty supervising construction in the Civilian Conservation Corps. Between 1938 and 1940 he supervised construction of buildings, roads, railroads and dams for the Works Progress Administration. From 1940 to 1947 he served with the U. S. Engineers and was assigned for several years to the Manhattan district, predecessor of the Atomic Energy Commission. He held the rank of Colonel when he returned to inactive duty. He was assigned to Chalk River, Ontario, in July, 1947, as liaison officer for AEC and served there until last month.
